Music, Movies, Meanings, and Markets Morris Holbrook, 2012-01-25 Music Movies Meanings and Markets focuses on macromarketing related aspects of film music in general and on the cinemusical role of ambi diegetic jazz in particular The book examines other work on music in motion pictures which has dealt primarily with the traditional distinction between

nondiegetic film music background music that comes from off screen and is not audible to the film's characters to further the dramatic development of plot character or other themes and diegetic music source music produced on screen and or that is audible to the film's characters adding to the realism of the mise en scene without contributing much to other dramatic meanings This book defines describes and illustrates another hitherto neglected type of film music ambi diegetic film music which appears on screen but which contributes to the dramatic development of plot character and other themes Consistent with an interest in macromarketing such ambi diegetic film music serves as a kind of product placement suitable for commercialization via the cross promotion of soundtrack albums for example and plays a role in product design It also provides one type of symbolic consumer behavior that indicates choices made by film characters when playing singing listening or dancing in ways that reveal their personalities or convey other cinemusical meanings Morris Holbrook argues that ambi diegetic film music sheds light on various social issues such as the age old tension between art and entertainment as it applies to the contrast between creative integrity and commercialization Music Movies Meanings and Markets explores the ways in which ambi diegetic jazz contributes to the development of dramatic meanings in various films many of which address the art versus commerce theme as a central concern The Dark Tree Steven L. Isoardi, 2023-08-07 In the early 1960s pianist Horace Tapscott gave up a successful career in Lionel Hampton's band and returned to his home in Los Angeles to found the Pan Afrikan Peoples Arkestra a community arts group that focused on providing community oriented jazz and jazz training Over the course of almost forty years the Arkestra together with the related Union of God's Musicians and Artists Ascension collective was at the forefront of the vital community based arts movement in Black Los Angeles Some three hundred artists musicians vocalists poets playwrights painters sculptors and graphic artists passed through these organizations many ultimately remaining within the community and others moving on to achieve international fame In The Dark Tree Steven L. Isoardi draws on one hundred in depth interviews with the Arkestra's participants to tell the history of the important and largely overlooked community arts movement of Black Los Angeles This revised and updated edition brings the story of the Arkestra up to date as its ethos and aesthetic remain vital forces in jazz and popular music to this day
