Southern Highlands Inspired by the paintings of the European old masters and by the photographs of Hill and Adamson and Clarence White Ulmann produced unique and substantial portrait studies Working in her Park Avenue studio and traveling throughout the east coast Appalachia and the deep South she carefully studied and photographed the faces of urban intellectuals as well as rural peoples Her subjects included Albert Einstein Robert Frost African American basket weavers from South Carolina and Kentucky mountain musicians Relying on newly discovered letters documents and photographs many published here for the first time Philip Jacobs s richly illustrated biography secures Ulmann s rightful place in the history of American photography

The Image of Modern Man in T. S. Eliot's Poetry Mariwan Nasradeen Hasan Barzinji,2012 A Synopsis of The Image of Modern Man in T S Eliot s Poetry The book presents an original understanding of The Image of Modern Man in T S Eliot s complex and difficult poems in an easy and understandable way Eliot s vision of the Modern Man and the modern world is depicted throughout Eliot s most well known poems Eliot was criticized by some critics for the quality of his work The aim of this book is to show what an excellent and successful writer he is to reveal the value and the contemporaneity of his work His poetry is highly evaluated for its unique way of depicting the Modern human by realizing their problems as well as finding solutions for them The book is a great help not only for students but also for researchers as the writer has spent much time in reading Eliot s Poems He has also written an ample introduction about modernism modernity modern literature and modern poetry which might be enough to understand the rise of modern poetry All of Eliot s poems especially The Waste Land has presented readers with all the aspects of the modern life Life is depicted as a mirror broken and shattered into pieces as it is clear in the different parts of the poem Eliot unlike many poets did not leave the modern man lost in despair but he finds them their peace of mind by having a true and stable faith as well as their turning to God The only solution for the entire problems of modern man is to turn to God and neglect the world that completely occupied them spiritually Modern man lost has lost his values especially women by only looking after children many of them turned to prostitution because they did not have any source of income therefore they used that as a way to earn money to maintain life These are the characteristics of the modern city which are shared by all the countries especially Europe Eliot insists on the necessity of turning from world to God He believed that God can solve their problems because man or any other earthly power could not change that gloomy and aimless life which modern man complained against

The Godly Image Romanus Cessario,2020-06-19 Christian satisfaction stands at the center of the Church s teaching

about salvation Satisfaction pertains to studies about Christ redemption the Sacraments and pastoral practice The topic also enters into questions about God and the creature as well as about the divine mercy and providence Somewhat neglected in the period after Vatican II satisfaction now appears to scholars as the forgotten key to entering deeply into the mystery of Christ and his work Seminarians especially will benefit from studying the place satisfaction holds in Catholic life Further ecumenical work requires a proper understanding of the place that satisfaction holds in Christian theology Various factors operative since the sixteenth century have worked to displace satisfaction almost entirely from reformed practice and theology To address such concerns The Godly Image has over the past several decades and more done a great deal to put satisfaction within its proper context of image restoration That is to interpret satisfaction within the context of the divine mercy and not the divine justice This unique contribution to satisfaction studies owes a great deal to the achievement of Saint Thomas Aquinas In this sense the book enacts a retrieval of the theology of the high classical period Like much of Aquinas s refined teaching a proper understanding requires appeal to the commentatorial tradition that follows him Interested students will find in this study the touchstones for further studies of these authors The Godly Image I aims also to distinguish the theology of Aquinas from that of the medieval author with whom the notion of satisfaction remains mostly identified that is Anselm of Canterbury Although not a developed focus of the book s contents the attentive reader will recognize that Aquinas treats Saint Anselm with a reverential reading even as the Common Doctor moves significantly away from interpretations of satisfaction that suggest that an angry God exacts from his innocent Son a painful substitutional penalty for a fallen human race
