Murphy, 2014-08-29 This little book is a brief summary of the author's more prevalent spiritual beliefs and understandings The views shared are presented as quite generous comparisons to some spiritual views of the major religions of the world actually and within the spirit of true tolerance Though the author is passionate and often affirmative in his own beliefs he makes every effort to steer clear of rigid dogma In fact the book was written largely as an offering of reason the best way to counter the religious dogma already present in the world The author does not wish to open more doors for arguing and fighting rather he thinks there is much common ground where spiritual views can be jointly shared by all in unity and universal Oneness Though the author recognizes that humankind often displays great difficulty in reaching common ground for its greatest passions the author also hopes this book will open dialog toward that end
