The Muslim World Book Review ,1997 *Sexuality Education from an Islamic Perspective* G. Hussein

Rassool,Muhammad Aftab Khan,Shaikh Abdul Mabud,Muhammad Ahsan,2020-02-13 We live in an over sexualised culture where sex and sexuality have become part of the public domain This sexual revolution challenges Judeo Christian and Islamic norms and boundaries As such sexuality education is a sensitive and extremely important issue and its current implementation in schools has raised public concerns This book explores the subject contextualising it within the matrix of Islamic beliefs and practices Islam binds sexuality and sexual education to a moral grid with rights and obligations justice and equity There is a dominant discourse and stereotype around Islamic sexuality which presents sex and sexuality as the biggest taboo fraught with fear and seldom discussed This book dispels such myths and misconceptions providing an overview of sexuality education in the modern world and the need for such education I Am a Muslim: A Modern

Storybook Susan Douglass,1995-01-01 This unit is built around a set of paired stories one from the Qur an or authentic traditions and one related modern story The overall objectives are 1 to awaken the children s awareness of their identity and worth as Muslims 2 to model Islamic behavior patterns and 3 to cultivate a sense of identification and community with Muslims of long ago and in other parts of the modern world While the unit is designed for kindergarten its stories and activities may be useful for values instruction throughout the primary grades in a variety of instructional settings including full time weekend and home schools This unit emphasizing values education may also be useful in Muslim parenting classes Each lesson consists of the story pair to be presented to the children orally or dramatically and suggested discussion guidelines and activities through which the values and related behaviors are developed and reinforced in the children s understanding The 15 lessons are intended to implement teaching objectives in various units taught in a typical Islamic kindergarten social studies curriculum on a selective or exhaustive basis throughout the year **Eid Mubarak!: Islamic**

Celebration Around the World Susan Douglass,1995-01-01 This supplementary unit describes the two Islamic celebrations their background and major features of their observance It shows what when why and how Muslims celebrate on these two occasions and gives a sense of their inherent values The unit is also a case study of the unity and diversity of Muslims across the globe an enjoyable introduction to some customs in selected countries where Muslims live and their geography Countries were selected to include both majority and minority Muslim populations to present a range of countries across the globe and to represent a variety of the many ethnic groups and geographic features that make up the Muslim world community No attempt has been made to comprehensively cover all countries cultures or customs as this is far beyond the scope of a unit for the primary grades By selecting certain countries others were necessarily excluded although they might have served equally well To rectify this unfortunate shortcoming activities have been suggested that can enhance coverage to include all the nationalities represented in an individual teacher s classroom At the same time such a project increases student

participation All of the customs related here have either been witnessed by the author in various countries or they were related personally by Muslims from those countries who also assisted with the illustrations and diagrams for each custom Finally no attempt has been made to cover all of the customs of the country selected rather they were selected for variety attractiveness to the target age group and for their relevance to and illustration of certain social studies concepts which are brought out in the teaching suggestions In terms of the overall objectives of a social studies curriculum for first grade the teacher will find that many skills and concepts from the first grade year are introduced or reviewed in this unit It is recommended that the unit be placed near or between the two holidays if these fall during the school year calendar Alternatively the unit can serve as an addition to or substitute for standard textbook units on holidays around the world and offers an interesting contrast and complement to such units In reading and skill level it corresponds roughly to the second half of the first grade year where such holiday units are often placed
