**Love in the Kingdom of Oil** Sadaawia Nawaal Williams Malcolm Hatim B, 2014-05-14 A woman disappears without trace Nobody including the police commissioner investigating the case can understand how a woman could simply walk away leaving her husband and home behind After all in the Kingdom of Oil where His Majesty reigns supreme no woman has ever dared disobey the command of men When the woman finally reappears there is a blurring between the men in her life as she leaves one to join another She is trapped in a man made web unable to escape from a male figure who continually fills urns that she must carry Surreal and satirical Love in the Kingdom of Oil is a startling reflection on the limits of female freedom in a patriarchal society

Ting,2021-03-11 The safest way to view the Middle East in general and the Kingdom of Saudi Arabia in particular is from an airplane window during a landing approach Once out of the plane you no longer have the confines of the cockpit to isolate your senses Depending on the weather and time of the year you immediately feel the searing heat on your skin the blinding glare of the sun reflected from the ground hits your eyes and the sweetish smell of petroleum permeating in the air greets your nose But as soon as you overcome the initial shocks you will begin to feast on the opulent sights in the modern miracle in the desert Millions of international brain and brawn labored many years to build develop and maintain the multimillion dollar modern structures and facilities in Saudi Arabia When the Kingdom came into the windfall of petroleum dollars its tiny population can never cope with the vast modernization plan of the government calling for super large building projects The only solution is to import millions of brilliant minds and muscles to execute magnificent dreams into reality The ultra religious Kingdom has always maintained a preference for fellow Muslims like Egypt Sudan Syria Pakistan Yemen Somalia Indonesia and Bangladesh but also graciously opened its doors to hardworking non Muslims Workers from Europe the USA South Korea Thailand the Philippines India Japan and China flooded the country The multinational talents are a huge blessing to the Kingdom spurring its development into dizzying heights The whole situation has also developed into a mutually beneficial activity because the Kingdom has ultimately provided precious income to the millions of its workers It has shared its blessings This book is only a microcosm of the much larger picture of the Kingdom of Saudi Arabia and its heroic workers
