Love Trances:

The Way of Trance Dennis R. Wier, 2007 *Dreams, Trances, Visions* Dr. Philip D. Derber, 2015-06-11 In our modern culture we have everything from ATV s to MTV God will never be outdone by modern technology He has always had His DTV s dreams trances and visions which He uses to communicate His direction and deliverance for our lives In this book Dr Derber explores the Biblical basis for each of these and explains their purpose function and operation We don t pursue them merely to experience them but to better understand God s means of communication Although God s eternal Word is more than enough for our lives our supernatural God still chooses at times to speak to some of us in Dreams Trances and Visions

Love Trances Craig Rovinsky, 2003-05 HYPNOTIZE MEN TO FALL IN LOVE WITH YOU without them being aware anything is happening Have you found it difficult to find love and wonder if you are doing something wrong Thousands of palm readings have shown me you are not alone Attractive sensual women everywhere seem to have trouble finding love and wonder what they can do about it Usually the answer was not much Until now Over the years I have shared many effective hypnotic techniques with my palm reading clients These simple methods allow you to hypnotize a man with apparently normal conversation Once he is in trance his experiences will be greatly magnified including positive emotions with you In the last twenty years thousands of women have used these ideas to successfully create love in their lives LOVE TRANCES teaches you how to obtain trance and what to do with it when you have it to create love in your life If you want to empower yourself like you ve always dreamed possible if you are willing to learn a few basic ideas if you are willing to take a chance to improve your happiness then open LOVE TRANCES and begin changing your love life now **Trance: from Magic to**

Technology Dennis R. Wier, 2006-05-01 This book describes a new model for trance as well as practical techniques to analyse and design trances Writing from his personal experience Wier suggests that some of these ideas might represent new practical precision tools for psychologists as well as for those who work with the occult Practical suggestions for meditators yogis witches and others are included to deepen trance and to increase the trance force as well as techniques to terminate a trance Pathological trance and trance abuse are also described with suggestions on how they may be recognized and prevented The Psychology of Religious Mysticism James Henry Leuba, 1925 The Journal of Abnormal Psychology and Social Psychology , 1925 **The Cambridge Medieval History: Victory of the papacy** Henry Melvill Gwatkin, 1929

Fits, Trances, and Visions Ann Taves,2020-03-31 Fits trances visions speaking in tongues clairvoyance out of body experiences possession Believers have long viewed these and similar involuntary experiences as religious as manifestations of God the spirits or the Christ within Skeptics on the other hand have understood them as symptoms of physical disease mental disorder group dynamics or other natural causes In this sweeping work of religious and psychological history Ann Taves explores the myriad ways in which believers and detractors interpreted these complex experiences in Anglo American culture between the mid eighteenth and early twentieth centuries Taves divides the book into three sections In the first ranging from 1740 to 1820 she examines the debate over trances visions and other involuntary experiences against the politically charged backdrop of Anglo American evangelicalism established churches Enlightenment thought and a legacy of religious warfare In the second part covering 1820 to 1890 she highlights the interplay between popular psychology particularly the ideas of animal magnetism and mesmerism and movements in popular religion the disestablishment of churches the decline of Calvinist orthodoxy the expansion of Methodism and the birth of new religious movements In the third section Taves traces the emergence of professional psychology between 1890 and 1910 and explores the implications of new ideas about the subconscious mind hypnosis hysteria and dissociation for the understanding of religious experience Throughout Taves follows evolving debates about whether fits trances and visions are natural and therefore not religious or supernatural and therefore religious She pays particular attention to a third interpretation proposed by such mediators as William James according to which these experiences are natural and religious Taves shows that ordinary people as well as educated elites debated the meaning of these experiences and reveals the importance of interactions between popular and elite culture in accounting for how people experienced religion and explained experience Combining rich detail with clear

and rigorous argument this is a major contribution to our understanding of Protestant revivalism and the historical interplay between religion and psychology **The Creative Trance** Tobi Zausner,2022-06-09 An investigation of how the creative trance works across multiple domains in the arts sciences sports and self transformation **Therapeutic Trances** Stephen Gilligan,2018-09-03 Therapeutic Trances is a manifesto of the fundamental principles and techniques of Ericksonian hypnotherapy This innovative volume lays out the principles and practice of developing relationships with patients and creating a hypnotic environment in which true healing can take place The book offers therapists specific questions to ask and practical ideas to pursue thereby illustrating how therapists may cooperate with clients to translate problems into solutions Stephen Gilligan synthesizes the approaches of Erickson Bandler Grinder and Bateson to bring a new perspective to the field
