## **Loved By Angels Angels Are Right Beside Us:**

Empowering Your Life with Angels Deb Baker, Rita Berkowitz, 2004-10-05 We are all touched by angels. Angels take on many shapes and forms, some familiar, some otherworldly, and some that we don't even recognize as angels. Empowering Your Life with Angels shows readers how to recognize the angel in their life and the possibilities this presents. This volume includes exercises and meditations for utilizing angel guidance in love, work, and health; explores how to communicate with angels through dreams and other techniques; how to heal emotions with the help of angels; and much more. Do You Believe in Angels was a Larry King Live panel discussion in August 2004 featuring Sylvia Browne, Mattie Stepanek, minister and novelist Max Lucado, and Father Michael Manning, a Roman Catholic priest. Readers of books on angels, afterlife, and spirit guides will love this book.

**Limitless Possibilities** Kathleen Walsh, 2009-09-24 Each of us has felt the energy shift as the planet transitions into the fifth dimension. We have felt time speed up and felt energies that are at times so chaotic and unpredictable that we have been thrown off our usual course. Some of us have been rocked to our very core. We are asking ourselves, what is this and why is this happening? We each have chosen to come to earth during this time of great transition. We are all here sharing our lives with each other, helping Mother Earth move into the Golden Age, the spiritual Age of Aquarius. This transition will complete on the date that the Mayan civilization predicted some 26,000 years ago: December 21st, 2012. There is much work to be done as we realize the need for the shift that must occur in our personal lives so that we can be in sync with the new fifth-dimensional energy on this planet. As our world resets itself, so too must we reset ourselves. What this means to each of us is that it is time to understand the meaning of how to live more fully in the fifth dimension. Each of us must identify where we currently stand and where we need to go in order to experience the wonderment of fifth-dimensional living. Why? Many of us may be existing as a two- or a three-dimensional person. The energies that sustain those dimensions no longer exist on this planet. So the old ways of thinking or operating that produced success at one time no longer exist. It is now necessary for us if we are to exist in harmony with our planet to transition as well. If we choose not to transition, then frustration and anger will become paramount in our lives. The choice is up to us. To live in the fifth dimension is not only to experience the energy of magic and miracles but to learn that we can create all the perfection we desire in our lives by simply shifting our thinking into fifth-dimensional thinking. We are able to see the perfection where formerly we saw the illusion of imperfection. This new vantage point allows us to become the center of our own reality and easily navigate through difficult individuals and challenging events while maintaining a state of balance and harmony. We are then able to turn possibilities into probabilities and probabilities into actualities. This journey begins with describing and identifying all of the unseen but certainly not unfelt influences in our lives that have been given to each of us to help us live our life on earth in the best and easiest manner possible. Each reader will be able to identify their birthright gift as well as the other gifts available to tap into and expand one's energy, thereby allowing this innate knowledge to grow and develop. All of the

necessary techniques and tools are explained in detail in this book so that you can easily make the transition from your current dimension into the fifth dimension allowing you to create a new future You are able to learn and make friends with each of your bodies of consciousness and their respective inner child and together you begin a journey of healing You as parent of these inner children learn how to set the stage and the rules so that everyone is playing by the same playbook You learn that you may win as a team or you may lose as a team but you are all on the same team working together to achieve that balance that allows you to maintain your newly found center By removing fears one by one each of us can transition from a place of fear into a place of love learning to live from the heart As we work towards this goal we isolate and identify the negative emotions that have been growing and harvesting within These negative emotions equate disease This book is your guide to help acknowledge these fears recognize and release them one by one creating a new you a lighter you We then experience a new energy a more evolved energy a higher vibrating energy as we invite the energy of excellent health and balance into our bodies It is here that

**Transitions of the Soul** Nick Bunick, 2001-02-01 Death is not an ending but a transition of the soul Here are true life stories of ordinary men women and children who no longer fear death or grieve for deceased loved ones Why Because they know the human spirit survives death and lives on But how do they know this with such certainty The proof lies in what they have seen with their own eyes and felt with their own hearts Each was present when a grandmother best friend spouse or child appeared to them in a luminous visitation to ease their grief and to show them that no one had really died They were graced to witness angels or Jesus or other spiritual beings who came to announce the well being of their recently passed dear ones Here told in simple but emotionally rich words are seventy eight unforgettable tales of grief allayed and solace attained Housewives mechanics and mothers sons and daughters truck drivers and nurses young and old all attest to the survival of the spirit after death What is remarkable is that many of them had no previous mystical experiences or even beliefs that such occurrences were possible Read their miraculous stories and you'll begin to understand why Nick Bunick subject of *The Messengers* assures us that with every transition of the soul grief dissolves and it is only death that dies
