

A woman in a long, flowing, dark-colored dress is captured in a dynamic pose, dancing or twirling on a wet beach. The sun is low on the horizon, creating a strong backlight effect that silhouettes her and illuminates the clouds and the water. The dress has long, thin fringe-like details on the sleeves and the hem, which are caught in motion. The water reflects the warm colors of the sunset, and concentric ripples are visible around the woman's feet.

Lovers Amber Coverdale Sumrall,1992 *Love Stories* Paul Manning,2015-01-01 In the remote highlands of the country of Georgia a small group of mountaineers called the Khevsurs used to express sexuality and romance in ways that appear to be highly paradoxical On the one hand their practices were romantic but could never lead to marriage On the other hand they were sexual but didn't correspond to what North Americans or most Georgians would have called sex These practices were well documented by early ethnographers before they disappeared completely by the midtwentieth century and have become a Georgian obsession In this fascinating book Manning recreates the story of how these private secretive practices became a matter of national interest concern and fantasy Looking at personal expressions of love and the circulation of these narratives at the broader public level of the modern nation *Love Stories* offers an ethnography of language and desire that doubles as an introduction to key linguistic genres and to the interplay of language and culture *Women in Love* D. H. Lawrence,1987-05-21 Seen by Lawrence as his most accomplished book but subject to the initial prudery and incomprehension that met most of his fiction *Women in Love* examines the regenerative and destructive aspects of human passion as illustrated by its depiction of Ursula and Gudrun Brangwen who first appeared in *The Rainbow* and their relationships with Gerald Crich and Rupert Birkin Set against the backdrop of a world consuming itself in war the novel creates an instructive vision of humanity's dance with life and death This text is the famous first *Women in Love* the unexpurgated version preferred by Lawrence himself which was rejected by every publisher because of the banning of *The Rainbow* in 1915 More positive in tone than the revised version published in his lifetime with different central relationships and a radically different ending it is now viewed by many as Lawrence's masterpiece BOOK JACKET *Love Stories in China* Wanning Sun,Ling Yang,2019-07-31 This book explores how political economic social cultural and technological forces are re-shaping the meanings of love and intimacy in China's public culture It focuses on a range of cultural and media forms including literature film television music and new media examines new cultural practices such as online activism virtual intimacy and relationship counselling and discusses how far love and romance have come to assume new shapes and forms in the twenty-first century *Love Stories in China* offers deep insights into how the huge transformation of China over the last four decades has impacted the micro lives of ordinary Chinese people *Love Stories of Later Life* Amanda Smith Barusch,2008-03-13 Even with baby boomers retiring and greater media and research attention being lavished on older people most gerontologists have studiously avoided examining romance among the elderly *Love Stories of Later Life* is an appealing and eye-opening remedy to this neglect as leading gerontologist Amanda Smith Barusch presents original research into what love and romance mean in seniors' lives The result is a glimpse into a world many people didn't know existed that of romantic love in later life Unlike superficial guidebooks that purport to help seniors find a new mate *Love Stories of Later Life* integrates theory and the latest research on love and the aging process Drawing on a wealth of personal narratives

collected during a landmark five year study the book presents the lived experiences of older adults from all walks of life It addresses the impact of common age related changes both emotional and physical on romantic relationships and argues that love continues to sculpt our personalities and our lives even in life s later decades Each chapter includes practical tools for the serious student of love including exercises designed to increase self awareness and relationship building as well as annotated lists of suggested reading that are at once comprehensive and accessible Barusch s fresh perspective engaging voice and in depth qualitative research make Love Stories of Later Life an important contribution to the study of individual lives and the aging process This book will guide gerontologists social workers and counselors as they in turn help their older clients navigate love s challenges Visit the author s website Amanda Barusch **70 Greatest Love Stories in Fiction**

Finck,1899 **Women and Relationships in Contemporary Irish Women's Short Stories** □□ □,2021-07-01 This book examines archetypal motifs related to aspects of human relationships in contemporary Irish women's short stories from the late 1960s to the present These relationships examined embrace not only relationships between men and women as married couples and lovers but also women to women relationships as mothers daughters sisters or lovers This book has uncovered certain recurrent motifs which may be construed as archetypal and are employed as a narrative device to express a certain level of feminist awareness by Irish female writers in their stories against the backdrop of Irish feminism emerged in the late 1960s This feminist aspect of Irish women's stories appears to address the paradoxes of patriarchal ideology underlying male domination in male female courtship and marriages the conflict between patriarchally loyal mothers and rebellious daughters powerless but rival female siblings and peers competing for limited resources and male attention under the Father's law Motifs of resistance and subversion serve in these stories as metaphors unveiling female protests against an ideology which defines and confines women in the Irish patriarchal context This book demonstrates a process of transition during which Irish female writers progress from the depiction of women who struggle and fight against unfairness and distortion within an androcentric culture to a new direction in which such writers describe a situation where women recognise the internalisation of the false consciousness of patriarchy and out of this recognition may be eventually able to develop further their sense of self and individuality The archetypal motifs in Irish women's stories also illustrate a kind of continuity of an ancient female archetype of female rebellious powers which in female literary imagination never ceases to resurface in the face of patriarchal suppression Love Among the Haystacks and Other Stories D. Love and Women in Early Chinese Fiction Daniel Hsieh, 2009-03-02 In traditional China upper class

literati were inevitably strongly influenced by Confucian doctrine and rarely touched upon such topics as love and women in their writings. It was not until the mid Tang a generation or two after the An Lushan rebellion that literary circles began to engage in overt discussion of the issues of love and women through the use of the newly emerging genres of zhiguai and chuanqi fiction. The debate was carried out with an unprecedented enthusiasm since the topics were considered to be the key to understanding the crisis in Chinese civilization. This book examines the repertoire of chuanqi and zhiguai written during the Six Dynasties and Tang periods and analyzes the key themes, topics and approaches found in these tales which range from expressions of male fantasy, sympathy, fear and anxiety to philosophical debate on the place of the feminine in patriarchal Chinese society. Many of these stories reflect tensions between masculine and feminine aspects of civilization as seen for example in the conflict of male aspiration and female desire as well as the ultimate longing for reconciliation of these divisions. These stories form a crucial chapter in the history of love in China and would provide much of the foundation for further explorations during the late imperial period as seen in seminal works such as *The Peony Pavilion* and *Dream of the Red Chamber*. **Index to Short Stories**, 1929 Telling Sexual Stories Kenneth Plummer, 1995 First published in 2004 Routledge is an imprint of Taylor Francis an informa company Joyce's Love Stories Christopher DeVault, 2016-12-05 In his comprehensive study of love in James Joyce's writings Christopher DeVault suggests that a love ethic persists throughout Joyce's works. DeVault uses Martin Buber's distinction between the true love for others and the narcissistic desire for oneself to frame his discussion showing that Joyce frequently ties his characters' personal and political pursuits to their ability to affirm both their loved ones and their fellow Dubliners. In his short stories and novels DeVault argues Joyce shows how personal love makes possible a broader social compassion that creates a more progressive body politic. While his early protagonists' narcissism limits them to detached engagements with Dublin that impede effective political action, Joyce demonstrates the viability of his love ethic through both the Blooms' empathy in *Ulysses* and the polylogic dreamtext of *Finnegans Wake*. In its revelation of Joyce's amorous alternative to the social and political paralysis he famously attributed to twentieth-century Dublin, Joyce's *Love Stories* allows for a better appreciation of the ethical and political significance underpinning the author's assessments of Ireland.
