O'Kane,2025-07-11 Reprint of the original first published in 1881 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Seasons of Love** Jack Mooney,2021-10-20 Seasons of Love is a collection of poems centered around love God and pain that is associated with being in love All of the poems are written in the early morning hours before work under candlelight my favorite part of the day There is one central theme or element within the poems that you will identify with which is the moon I believe that when you are in love the moon changes It becomes the one that you are in love with It is something that you can both share while holding hands on a park bench or five hundred miles apart You are never alone at this time because she is always there ever present for you to see From distant doors you can both share the moon as if she is standing next to you whispering in your ear Love is about two inseparable hearts it is about her being the only one in a crowded room and the feeling you are overcome with when she touches your hand The poems are written in the first person to pull you in and bring these elements to life Cover to cover I want the reader to see love from a new perspective where God is always present and love is unabridged So when completed grab her hand and look at the moon and make it yours make it personal The moon will change and your love will grow deeper and God ever present Love becomes more than just a word used to express our feelings It becomes an emotion that will overwhelm you when you touch her stare at the moon look into her eyes and watch her sleep **Belgravia, a London magazine, conducted by M.E.**

Braddon Belgravia,1866 *A shade of Shakespeare (A book of Sonnets)* RON S KING,2012-10-14 I have entitled this book of some 300 Sonnets A SHADE OF SHAKESPEARE This stems from my admiration for the Bard and his works If it s said that

I have tried to imitate his style then of course I have. It is soon noticed that while each sonnet does have three quatrains and an ending couplet while each line has ten syllables to each I do not borrow the need of any iambic pentameters. In this light I would call my sonnets Contemporary Sonnets. This work covers the three small books of 100 sonnets in each which are already out there in public domain. I trust that you read and enjoy this book and find it a delicate company during an evening's read.
