Boucher and his school intersected with cultural debates about gender and class this account of Boucher's art should persuade critics and admirers alike to take another more considered look *Decorative Games* Jean-François Bédard, Gilles-Marie Oppenord, 2011 This book features an extraordinary album of ornament designs by the French architect Gilles Marie Oppenord 1672 1742 For the first time this publication reproduces in their initial state the embellishments Oppenord drew over the first French edition of Cesare Ripa's Iconologia In lieu of a haphazard succession of sketches it reveals Oppenord's fascinating interplay between text engraved and drawn images one patterned on the art of conversation and the linguistic games cultivated in elite Parisian circles *David to Delacroix* Dorothy Johnson, 2011 In this beautifully illustrated study of intellectual and art history Dorothy Johnson explores the representation of classical myths by renowned

French artists in the late eighteenth and early nineteenth centuries demonstrating the extraordinary influence of the interior on their work. **Interiors and Interiority** Ewa Lajer-Burchard, Beate Söntgen, 2015-11-13 Veranschaulichungsformen von Innerlichkeit finden in der Moderne in Darstellungen des Interieurs ihr prägnantes Bild. Die Beiträge der Publikation untersuchen die Verbindungen zwischen architektonischen Innenräumen, visuellen und literarischen Darstellungen von Interieurs und dem Konzept der Innerlichkeit vom 18. Jahrhundert bis heute. Jene Darstellungen sind Effekt, aber auch Produzenten spezifischer Vorstellungen von Innerlichkeit als einer, wenn nicht der subjektkonstituierenden Praxis der Moderne. **Monet, Narcissus, and Self-Reflection** Steven Zalman Levine, 1994 Steven Z. Levine provides a new understanding of the life and work of Claude Monet and the myth of the modern artist. Levine analyzes the extensive critical reception of Monet and the artist's own prolific writings in the context of the story of Narcissus, popular in late nineteenth-century France. Through a careful blending of psychoanalytical theory and historical study, Levine identifies narcissism and obsession as driving forces in Monet's art and demonstrates how we derive meaning from the accumulated verbal responses to an artist's work. **Mural Painting in Britain 1630-1730** Lydia Hamlett, 2020-03-20 This book illuminates the original meanings of seventeenth and early eighteenth-century mural paintings in Britain. At the time these were called histories. Throughout the eighteenth century, though the term became directly associated with easel painting and as history painting achieved the status of a sublime genre, any link with painted architectural interiors was lost. Whilst both genres contained historical figures and narratives, it was the ways of viewing them that differed. Lydia Hamlett emphasises the way that mural paintings were experienced by spectators within their architectural settings. New iconographical interpretations and theories of effect and affect are considered an important part of their wider historical, cultural, and social contexts. This book is intended to be read primarily by specialists, graduate and undergraduate students with an interest in new approaches to British art of the seventeenth and eighteenth centuries. **Jacques-Louis David** Dorothy Johnson, 1997 Jacques-Louis David's brilliant painting of the young lovers Telemachus and Eucharis was created during the artist's last years, when the defeat of Napoleon and the return of the monarchy in France forced him into exile in Brussels. Several of his paintings from this period show his preoccupation with the psychology of love, but none depicts the emotions of parting more tenderly than this painting from 1818. Dorothy Johnson discusses how David's political involvement affected his personal life and career, taking him from history painter to revolutionary to living in exile. The effects of these experiences came together at the end of his life in the creation of some of his richest and most complex works. **Contemporary Art and Classical Myth** Jennie Hirsh, 2017-07-05 Contemporary art is deeply engaged with the subject of classical myth. Yet within the literature on contemporary art, little has been said about this provocative relationship. Composed of fourteen original essays, *Contemporary Art and Classical Myth* addresses this scholarly gap, exploring and in large part establishing the multifaceted intersection of contemporary art and classical myth. Moving beyond the notion of art as illustration, the essays assembled here adopt a range of methodological frameworks from

iconography to deconstruction and do so across an impressive range of artists and objects Francis Al s Ghada Amer Wim Delvoye Luciano Fabro Joanna Frueh Felix Gonzales Torres Duane Hanson Yayoi Kusama Roy Lichtenstein Kara Walker and an iconic photograph by Richard Drew subsequently entitled *The Falling Man* Arranged so as to highlight both thematic and structural affinities these essays manifest various aspects of the link between contemporary art and classical myth while offering novel insights into the artists and myths under consideration Some essays concentrate on single works as they relate to specific myths while others take a broader approach calling on myth as a means of grappling with dominant trends in contemporary art

The Cambridge History of Seventeenth-Century Music Tim Carter, John Butt, 2005-12-22 The Cambridge History of Seventeenth Century Music seeks to provide the most up to date knowledge on seventeenth century music together with a vital questioning of the way in which such a history can be told or put together for our present purposes Written by a distinguished team of experts in the field the chapters not only address traditional areas of knowledge such as opera and church music but also look at the way this extremely diverse and dynamic musical world has been categorised in the past and how its products are viewed from various cultural points of view While this history does not depart entirely from the traditional study of musical works and their composers there is a strong emphasis on the institutions cultures and politics of the age together with an interrogation of the ways in which music related to contemporary arts sciences and beliefs

*The Rape of Europa* Charles FitzRoy, 2015-02-26 The Rape of Europa is one of Titian s great masterpieces a work charged with eroticism and classical mystique behind which lies a tale as compelling as the painting itself Here Charles FitzRoy weaves a unique account of its history and the painting s movement following the rise and fall of the countries in which it has been housed The story ranges from its place at the court of King Philip II of Spain through French revolution and English intrigue to its final move to America engineered by the brilliant but devious art historian Bernard Berenson This is the tale of how Titian s masterpiece has captivated kings nobles artists and lovers alike for over four centuries since its conception and continues to do so today
