Loving Monsters:

Monsters, Monstrosities, and the Monstrous in Culture and Society Diego Compagna, Stefanie Steinhart, 2020-01-28 Existing research on monsters acknowledges the deep impact monsters have especially on Politics Gender Life Sciences Aesthetics and Philosophy From Sigmund Freud's essay *The Uncanny* to Scott Poole's *Monsters in America* previous studies offer detailed insights about uncanny and immoral monsters However our anthology wants to overcome these restrictions by bringing together multidisciplinary authors with very different approaches to monsters and setting up variety and increasing diversification of thought as guiding patterns Existing research hints that monsters are embedded in social and scientific exclusionary relationships but very seldom copes with them in detail Erving Goffman's doesn't explicitly talk about monsters in his book *Stigma* but his study is an exceptional case which shows that monsters are stigmatized by society because of their deviations from norms but they can form groups with fellow monsters and develop techniques for handling their stigma Our book is to be understood as a complement and a further development of previous studies The essays of our anthology pay attention to mechanisms of inequality and exclusion concerning specific historical and present monsters based on their research materials within their specific frameworks in order to create engaging constructive critical and diverse approaches to monsters even utopian visions of a future of societies shared by monsters Our book proposes the usual view that humans look in a horrified way at monsters but adds that monsters can look in a critical and even likewise frightened way at the very societies which stigmatize them *Creeperella and The Nine Mischievous Monsters* Dandy Ahuruonye, 2024-10-20 Why Creeperella and Nine Mischievous Monsters Deserves a Spot on Your Bookshelf Dear parents grandparents and book loving creatures of all ages gather round for an important announcement Allow me to introduce you to the most delightful side splittingly funny book you'll ever have the pleasure of reading this year Creeperella and Nine Mischievous Monsters Why should you buy this book you ask Well let's dive right in shall we First off imagine a world where bedtime stories aren't a chore but an absolute delight That's exactly what you'll get with Creeperella and her band of quirky companions This book is the perfect remedy for the bedtime blues transforming yawns into giggles and just one more chapter please into the norm For the kids it's like opening a portal to a land of endless fun and adventure Each character is more loveable and hilariously unpredictable than the last Take Creeperella for example With her dramatic sighs and vine like hair she's always up to something whether it's plotting pranks or rolling her eyes at Gigglesfang's never ending antics Or how about the irresistible Monster Nyaka the fur changing diva with a vet aversion so intense it could rival a cat's dislike for water But let's not forget the educational angle Yes you heard that right Through their wild adventures your little ones will learn valuable lessons about bravery friendship and the importance of a good laugh Each page is a treasure trove of teachable moments wrapped in the most entertaining package you could imagine Parents you'll find yourself chuckling along with your kids The witty banter and laugh out loud situations are written with a charm that appeals to both young and old
