Loving Relations:

Love in America Francesca M. Cancian, 1990-08-31 In the last twenty five years Americans have gained considerable freedom in their personal lives Relationships are now more flexible and self development has become a primary goal for both men and women Most scholars have criticized this trend to greater freedom arguing that it undermines family bonds and promotes selfishness and extreme independence Francesca Cancian is more optimistic In this book she shows that many American couples succeed in combining self development with commitment and that interdependence not independence is their ideal In interdependent relationships love and self development do not conflict but reinforce each other Love in America compares traditional forms of marriage with these newer forms of close relationships Starting with the nineteenth century Cancian shows how gender roles became polarized with love which was identified with emotional expression no practical help being the responsibility of women while self development was regarded as a masculine concern These traditional images of love and relationships are still held by many Americans today even though as Cancian points out this can lead to marital conflict and individual stress and illness By contrast new images of love emphasizing self development for men and women and flexible androgynous roles began to emerge around 1900 accelerating in the 1960s She concludes that this trend to self development and androgyny will continue but that whether it will lead to more interdependent relationships or to more independence and isolation depends partly on economic and political changes in the wider society The evidence for Cancian's argument comes from sociological historical and psychological sources Her book will interest readers in these disciplines as well as appeal to a wide general audience

Love, Reason and Will Anthony Rudd, John Davenport, 2015-10-22 An introduction to the philosophy of love bridging analytic and continental philosophy and the philosophy of religion through the writings of Harry G Frankfurt and Søren Kierkegaard

Love Tom Inglis, 2013-03-05 Love is a dominant theme in Western popular culture It has become central to the meaning of everyday life propagated through the media and the market Being in love has become idealised With the demise of institutional religion in the West romantic love has become the dominant form of inner worldly salvation In Foucault's terms it has become a key component in the arts of existence and the care of self In this highly accessible introduction to love of all kinds Tom Inglis gives a clear concise picture of how love shapes and is shaped by society How is romantic love linked to capitalism What is the difference between romantic love and loving How is love connected to separation loss and grief Inglis addresses all these questions and looks at how today's changing circumstances globalisation mobile lives and a new rugged individualism have changed our perceptions of love and relationships Love is an engaging thoughtful introduction to the subject for students academics and general readers alike

Sweating the Ability to Love and Be Loved Dr. Carl Sweat Jr., 2021-01-27 What is love What is its future in your life Ancient and modern thinkers have attempted to answer this question In this book Dr Carl Sweat Jr provides great assistance to people seeking the meaning of love and he offers excellent help to people seeking to enhance their ability to love Dr Sweat

thoroughly outlines the various elements of love and the role of love in relationships Most significantly the book reveals love as a part of the life and purpose of everyone Therefore this is a book that should be read by every person because everyone can improve his or her ability to love Everyone can strengthen current relationships and everyone can develop new relationships Dr Sweat approaches his subject by considering the reality of human s ability to love the purpose of love in all relationships and the unity of humanity The highly exciting and informative book conveys that no person should sweat about his or her ability to love Dr Sweat offers tools that assist each reader s ability to believe decide and act in love *Love and Organization* Michael Pirson,2022-06-30 Organizations are not human but they are made up of people Examining the organization functioning growing and developing and moving together as one unit the well being and success of that organization depends on the well being of people that make it up Love in its various forms is the energy that motivates and fuels creativity care innovation progress and well being Traditionally organizational structures have been set up to support compliance and command and control which often discourages love and creates policies against love at the workplace The result has been reduced growth productivity and retention of businesses as well as reduced well being for employees This reduced connectivity between individuals has also at a higher level adversely affected society Without love people are working and performing with reduced energy and at reduced capacity While prior research has been focused on love at the workplace from the viewpoint of psychologists this book explores the impact of love within organizational contexts from various viewpoints including management psychology and philosophy It explores love in the organizational context by looking at how it affects meaning purpose well being motivation faith care spiritual development and how the identity and well being of each person in the organization positively affects retention and the growth and success of that organization It will be of interest to researchers academics and advanced students in the fields of organizational studies leadership and management

and eroticism examining the ways in which erotic bodily pleasures have become central to contemporary consumer culture It investigates the spatial dimension of erotic life through considerations of Bohemian love the gay city and the ways in which the urban landscape and everyday life have become sexualized issues which have become central to the emergence of queer as a new form of gender politics and more general questions of sexual citizenship Drawing on the work of feminists sociologists and cultural theorists this book contains a wide ranging and accessible set of contributions to contemporary debates on sexuality love and eroticism Love Eroticism is simultaneously published as volume 15 issue 3 4 of Theory Culture Society

Boundless Love Andrew Ray Williams, 2021-07-22 Clark H Pinnock 1937 2010 was arguably one of the most noted productive and provocative Christian theologians in North American evangelical Christianity in the late twentieth century Considering how challenging he is to classify and yet how significant his work has been Pinnock should be widely studied today However for many their first introduction to Pinnock's writing is facilitated through various critical sources For too long Pinnock's theology has been stuck within the confines of tired stereotypes and overly simplistic summaries Andrew Ray Williams then gives Pinnock a fresh and fair hearing outlining some of his major themes while also providing an accessible point of entry into his theology In doing so this book is usable and profitable for both longtime fans as well as critics of Pinnock while also offering first time readers of Pinnock an open minded position from which to read him

Love as Common Ground Paul S. Fiddes, 2021-09-23 This book explores the way in which the study and practice of love creates a common ground for different faiths and different traditions within the same faith For the contributors common ground in this context is not a minimal core of belief or a lowest common denominator of faith but a space or area in which to live together consider together the meaning of the love to which various faiths witness and work together to enable human flourishing Such a space the contributors believe is possible because it is the place of encounter with the divine This book is the fruit of a Project for the Study of Love in Religion which aims to create this space in which different traditions of love converge from Islam Judaism and the Christianity of both East and West Tools employed by the contributors in exploring this space of love include exegesis of ancient texts theology accounts of mystical experience philosophy and evolutionary science of the human Insights about human and divine love that emerge include its nature as a form of knowing its sacrificial and erotic dimensions its inclination towards beauty its making of community and its importance for a just political and economic life

The Love of God Christopher W. Morgan, 2016-09-30 Our understanding of the love of God has been tragically distorted The comfortable sentimentalized version we commonly encounter today is far from the biblical depiction of God's love Featuring contributions from well known evangelical scholars this multi disciplinary study presents the biblical view of the love of God from the perspectives of systematic theology biblical theology apologetics pastoral theology and ethics The contributors including D A Carson Andreas J K stenberger Raymond C Ortlund Jr Robert L

Plummer and many others address a variety of issues related to how God's love is expressed in the Old and New Testaments the Trinity apologetics Christian living social justice and more This addition to the Theology in Community series will promote clear sound thinking about what Scripture means when it declares that God is love Part of the Theology in Community series
