Loving Me The Sisterfriends Guide To Being Single And Happy:

Loving Me Claudette Elaine Sims,1999 **Sole Sisters** Deborah Mathis,2009-03-01 The news is not good for black women when it comes to finding a partner Where not long ago there were roughly two married women to every single woman those numbers have gradually reversed over the past few decades now more than 60 percent of black women have either never married or are divorced These numbers are far greater than those of any other social group and the trend shows no sign of reversing Mathis brings the skills of an astute veteran journalist and the passions of an attentive and articulate storyteller to uncovering the truths in single black women s lives today Sole Sisters is certain to ignite public debate on how and why so many black women remain single and spark discussion as to what semi permanent singlehood means for so many

Dickerson,2008-12-10 Debra Dickerson pulls no punches in this electrifying manifesto Outspoken journalist and author of the critically acclaimed memoir An American Story she challenges black Americans to stop obsessing about racism and start focusing on problems they can fix The way out of the ghetto she asserts is to take a good hard look in the mirror Get angry Dickerson says but use that anger to fuel excellence and civic participation rather than crime or drug addiction Drawing richly on black history and thought as well as her own hard won wisdom she urges blacks to let go of the past and claim their full freedom It s only by shaping their own future she argues that blacks will finally abolish the myth of white superiority **Ebony** ,1999-01 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine *Ebony* ,1998-11

Lovin' Me La Torrea Muldrow,2014-12-01 We all go through a Season of Singleness in our lives Many view this time as a curse but Lovin Me shows ladies the steps to enjoying this season La Torrea shares what God has revealed to her during her Season of Singleness As she explores each step she also gives her personal testimony By participating in the Journal Assignments in each chapter you will be on your way to finding love contentment and happiness in no time **Being a Happy Single Woman - How to Love Yourself and Enjoy Your Freedom** Phoenix Henry,2017 So many women believe

that their happiness is tied to being in a relationship I used to be one of those women and I felt like a complete failure each time a relationship ended and I found myself being single again The failure to find happiness on our own is deeply rooted We're thought from childhood that we need a husband and a family Women that don't achieve those two and women that aren't interested in being married are often perceived as unhappy and certainly unsuccessful These numerous expectations burden girls heavily They search for the ideal relationship jumping from partner to partner and hoping each time that it would last forever Some are so afraid of being single that they'd agree to just about any partner in order to avoid the loneliness and the social stigma yes it's real especially past a certain age The aim of this book is to teach ladies how to find excitement and joy in being single A single woman can travel she can date numerous fun men she can go wild and invest in the relationships she has with herself her family and her friends If you're a single girl who's experiencing doubt this book is the right one for you It will show you that being on your own is fun and it can lead to increased self awareness and better understanding about what you want from a relationship

Better Single Than Sorry Jen Schefft, 2009-10-13 Let's be honest No woman really wants to be alone for the rest of her life But does being alone mean you're doomed to be miserable forever Definitely not And does being single have to equal lonely No way You can have the best time of your life when you're single but you wouldn't know that from our relationship obsessed society where celebrity magazines devote the majority of their content to who's dating whom and the wedding industry is a 100 billion business Yet more than a third of marriages end in divorce and countless other couples languish in unions that shouldn't have happened in the first place Don't become a statistic love yourself and never settle Jen Schefft knows that better than almost anyone In 2003 she got engaged in front of millions of people on television's *The Bachelor* only to see it end nine months later when the relationship just wasn't right anymore A year later she turned down an engagement on *The Bachelorette* and the backlash was relentless She was labeled a spinster by a celebrity magazine and a noted national talk show host remarked that she would be a bachelorette for the rest of her life This is a terrible message to send to the millions of sensational single women out there and in *Better Single Than Sorry* Schefft makes it her mission to let women know that it's better to be single than to be in a relationship that doesn't make you happy With testimonials from women of all ages single married in committed relationships with children even single moms and without this book tells you how to let go of your fear of being alone and how to love yourself and never settle for a relationship that is anything less than you deserve Written in a conversational style as if talking with your best friend Schefft helps you navigate the pressures of a culture that places an unhealthy importance on being in a relationship and shows you how to find happiness in work home and the simple pleasures of everyday life Above all she shows you how it's far far better to be single than sorry Being single is a time to have fun learn new things grow and blossom not a time to feel desperate or depressed so cherish it
