Boyd,2005-06-22 A personal collection of deep thoughts and meditations in a search for a meaningful and lasting saving relationship with God      *Searching for God* Gregory C. Higgins,2014 *Searching for God* draws upon the traditional categories of systematic theology as it guides readers through the Catholic theological thought process involved in the search for God At each step we examine the work of a past thinker from the time of the early church up to the early twentieth century and a present thinker whose works are often required reading in theology courses

Not only do readers have the opportunity to critically evaluate several important theological works in the Catholic tradition they can also enter into dialogue with those works as they engage in their own search for God Provided by publisher *I Want You to Be* Tomáš Halík, 2016-08-15 In his two previous books translated into English *Patience with God* and *Night of the Confessor* best selling Czech author and theologian Tom Halík focused on the relationship between faith and hope Now in *I Want You to Be* Halík examines the connection between faith and love meditating on a statement attributed to St Augustine *amo volo ut sis* I love you I want you to be and its importance for contemporary Christian practice Halík suggests that because God is not an object love for him must be expressed through love of human beings He calls for Christians to avoid isolating themselves from secular modernity and recommends instead that they embrace an active and loving engagement with nonbelievers through acts of servitude At the same time Halík critiques the drive for mere material success and suggests that love must become more than a private virtue in contemporary society *I Want You to Be* considers the future of Western society with its strong division between Christian and secular traditions and recommends that Christians think of themselves as partners with nonbelievers Halík's distinctive style is to present profound insights on religious themes in an accessible way to a lay audience As in previous books this volume links spiritual and theological philosophical topics with a tentative diagnosis of our times This is theology written on one's knees Halík is as much a spiritual writer as a theologian *I Want You to Be* will interest both general and scholarly readers interested in questions of secularism and Christianity in modern life *In Search of God's Will* Trevor Hudson, 2024-11-05 *Have You Ever Asked What Is God's Will for My Life* A trusted voice of the Christian faith in spiritual formation and discipleship deeply shaped by the wisdom of Dallas Willard and St Ignatius Trevor Hudson has crafted a user's guide to discern God's personal will for our lives After serving the local congregation as a Methodist pastor in South Africa for almost fifty years Trevor now lectures teaches and offers spiritual retreats both locally and internationally Over the years this question about discerning God's will is one that he has heard again and again *In Search of God's Will* creates a biblical imagination around the concept of discernment and provides practical ways to discern God's personal will for your life ultimately helping you to become the unique person God wants you to be You'll be equipped and encouraged in your faith on how to align your heart with the heart of God attune yourself to your calling listen to God in Scripture pray the Scriptures pay attention to the movements of the Spirit in your heart uncover and exercise your God-given giftedness notice God's presence and activity in daily life engage in sacred conversations with trusted companions make faithful decisions take the initiative when God seems silent and more Each concept includes a discernment exercise so that you can experience what you are learning If you have ever wondered about God's personal will for your life how your desires and God's desires intersect and how God is present and active around you *In Search of God's Will* can help you catch glimpses of what it means to become the person that from eternity you were destined to be **The Religion of God (Divine Love)** His Divine Eminence Ra Gohar Shahi, 2012-05-17 The excerpts from the book for quick

awareness 1 Those who love God but do not practise a religion are better than you if you follow a religion and yet are deprived of Gods love 2 Love relates to the heart The word Allah when synchronised within heartbeats reaches all veins and arteries through the blood and revives the souls Then the souls engulfed by Gods name Allah enter Gods love 3 All names given to God in all languages are worthy of respect However Gods original name is Allah which is a word from the Suryani language The creatures of empyrean speak this language The angels call upon God with the name of Allah Allah is attached with the faith declaration motto of every prophet 4 Any person who with all the sincerity of heart is in search for God on land or in the sea is worthy of respect 5 Many Adams were sent in different regions of the world simultaneously All Adams were moulded from the clay in this world for except the last Adam who was moulded from the clay in paradise and is buried in the Arab region The angels did not prostrate to any other Adam for except Adam Safi Allah And Iblis the Devil developed enmity for the progeny of Adam Safi Allah only 6 There are seven different sub spirits in the human skeleton and each relates to a different realm a different paradise and different functions in the human body If these sub spirits are empowered with Gods light Noor they may appear in human form in many places simultaneously They may reach the esoteric gatherings of the saints and the prophets speak with God and even see God in person also 7 There are two different types of religions for all humans the religion for the body which expires when the body does and the religion for the soul which existed even in the primordial time that is Gods love And only this religion elevates humans 8 Ishq Rapturous Love of Allah is above all other religions and seeing Allah is above all forms of worship 9 Information on how human beings animals plants and stones were brought into existence and why something is prohibited or permissible 10 Who pre existed the Amr Kun the command Be of the souls and the angels Which dog will enter the paradise in form of Qatmir The souls of which individuals had already affirmed the declaration of faith in the primordial time The secret of which man is not mentioned in this book     The Living Church ,1996     The Verdict Is In Wendy Salyers,2003-04     *Cistercian Mysticism* Aage Rydstrøm-Poulsen,Daniel Marcel La Corte,Rose Marie Tillisch,2025-05-05 Since mysticism deals with the ultimate ideals and purposes of human existence it is one of the most significant phenomena in Western cultural history Mysticism had a significant role in the medieval monastic environment and along with many other things had a profound impact on Western intellectual culture The history of mysticism in the West is a history of the greatest and most significant aspirations and potentialities of the individual regarding the understanding of oneself and the divine Cistercian Mysticism is an outstanding example The anthology s chapters explore key aspects of Cistercian spirituality including William of Saint Thierry s visio Dei the vision of God a transformative encounter with the divine that is central to his mysticism as well as the concept of sensus amoris Cistercian Mysticism also explores Bernard of Clairvaux s writings on the Song of Songs and the relation between contemplation and action demonstrating how action service and contemplative love can coexist Tradition is further enhanced by Aelred of Rievaulx s thoughts on spiritual friendship which highlight how human relationships based on love and introspection mirror

the soul's path toward divine union By examining the writings of these influential figures this volume offers a way to comprehend the close connection between the divine and the human soul highlighting the importance of their contributions to the mystical and theological landscape of the Middle Ages A book which will undoubtedly be highly enjoyed by scholars and students of all ages and religious communities

A Grammar of Christian Faith Joe R. Jones, 2002-06-03 A Grammar of Christian Faith is a two volume set that aims to confront the widespread disarray in the language and practices of Christian faith today As a grammar it explains how Christian faith provides special ways of speaking and acting that make sense of human life by giving it meaning practicality and hope It advances the thesis that learning how to speak Christian language in worship and life is crucial to learning how to be a Christian Rather than supposing that Christian language and theology need continual updating in order to be relevant to the world Jones urges the church to recover anew how Christian concepts and understanding are intended to form Christian life in all its rich depths Construing theology as confessional theology in the context of the church Jones understands the church as that liberative and redemptive community called into being by the Gospel of Jesus Christ to witness in word and deed the triune God for the benefit of the world The full range of doctrinal themes that are deemed essential to the witness of the church are explored including clear explanations of why they are essential and how they are to be understood In pursuit of a truthful and beneficial witness of the church the work centers on a trinitarian understanding of God in which God freely and lovingly interacts with the world as Creator Reconciler and Redeemer The work throughout affirms the belief that the gracious triune God is the Ultimate Companion who will redeem all creation
