The Pocket Guide to Feminism Bel Olid,2024-11-05 A woman s life is different This is clear when a stranger s catcall makes her feel targeted in the street When politicians make off the cuff sexist remarks When media commentators wade in with their condemnation of free unrestricted abortion When a father is praised to the skies for attending parents evening while the mother s attendance is taken for granted When they fire her because she s pregnant When they dismiss her medical symptoms as anxiety To counter sexism today we need to learn the art of self defence Today feminism is more alive and more necessary than ever because discrimination against women has become more subtle and difficult to detect yet it retains its paralysing power With combative energy and acerbic wit Bel Olid explains the key concepts of the current feminist struggle in a smart radical and often counterintuitive way
