Low Cost Shore Protection A Guide For Engineers A:

Low Cost Shore Protection ,1981 This brochure has four main objectives First it briefly presents the natural processes that affect your shoreline property and the factors involved in erosion and erosion control Second it gives you information on types of low cost erosion control measures available to property owners whose waterfronts are threatened The third objective of the brochure is to help you with planning for shoreline erosion control Fourth the brochure is designed to give you sources for further information and assistance in making decisions and implementing them p 3 **Low Cost Shore Protection**

,1981 *Low Cost Shore Protection* U. S. Army Corps of Engineers,2004-07 This book is intended for property owners whose land is located on sheltered waters protected from direct action of open ocean waves As a reader you may be personally concerned about some aspect of shore protection because your house or cottage is threatened by continued erosion or a sandy beach you once enjoyed as disappeared Whatever your personal circumstances it is probably small comfort to know that your plight is shared by many others In trying to solve your problem you may have sought the advice of others or observed the means they have used to combat erosion problems Or you may have been approached by a local firm trying to sell either construction services or some shore protection device While such resources may sometimes achieve satisfactory results you and a majority of others are probably reading this because you have been unable to solve your problems and have suffered substantial capital losses in the process If such is the case then this report is for you *Low Cost Shore Protection* ,1981 This brochure has four main objectives First it briefly presents the natural processes that affect your shoreline property and the factors involved in erosion and erosion control Second it gives you information on types of low cost erosion control measures available to property owners whose waterfronts are threatened The third objective of the brochure is to help you with planning for shoreline erosion control Fourth the brochure is designed to give you sources for further information and assistance in making decisions and implementing them Page 3 *Low Cost Shore Protection* United States.
