

# CONTEMPORARY ISSUES

## DEFINITION

"Contemporary issues" refer to current and relevant topics or challenges that societies, individuals, or the world face in the present time. These issues are subject to ongoing debate, analysis, and action as they have a significant impact on people's lives and the overall state of the world.

## EXAMPLES

- Climate change
- War and peace
- Political polarization
- Artificial intelligence
- Wealth inequality
- Healthcare access
- Data privacy
- Racial inequality

# Loyalty And Security In A Democratic State The Great Contemporary Issues

**Yan Bai**

## **Loyalty And Security In A Democratic State The Great Contemporary Issues:**

**Loyalty and Security in a Democratic State** Geneva Brown,1977      **The Great Contemporary Issues Index and Bibliography** ,1979      **Loyalty and Security in a Democratic State** ,1979 A collection of newspaper articles discussing emphasis placed on national loyalty and security in the United States      **Monographic Series** Library of Congress,1978

**The New York Times Biographical Service** ,1982 A compilation of current biographical information of general interest

**Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1979      **The Publishers' Trade List Annual** ,1985      Books in Series ,1985 Vols for 1980 issued in three parts Series Authors and Titles      New Zealand National Security Carl Bradley,William Hoverd,Nick Nelson,2020-04-19 In an interrelated and increasingly complex dynamic and globalised security environment New Zealand faces a range of complex and multifaceted non traditional threats They range from trade insecurity to terrorism and transnational crime disputes over the control and exploitation of resources and tensions linked to ideological cultural and religious differences The volume s contributors include local and international academics alongside experts who have extensive New Zealand security sector expertise in defence diplomacy national security coordination intelligence policing trade security and bordermanagement New Zealand National Security Challenges Trends and Issues situates New Zealand within its broader political and regional security context and the various great and minor power tensions occurring within the Asia Pacific and South Pacific regions It looks at how to protect New Zealand s border and the zones where its interests meet the world it examines alternative ways of thinking and doing New Zealand s national security and it looks at looming national security questions It aims to provide New Zealanders with a critical awareness of the various salient security trends challenges and opportunities to initiate a whole of society discussion of security      The Secret History of UK Security Vetting from 1909 to the Present Daniel Lomas,2025-05-15 Using newly available government records private papers and documents obtained through Freedom of Information this book tells the secret story of UK security vetting from 1909 to the present Although Britain avoided American style red baiting and McCarthy like witch hunts successive UK governments have like their Five Eyes allies implemented security procedures to protect government defence and industry from so called subversives and fellow travellers Officially from 1948 the British government applied political tests to civil servants a process extended to character defects in the early 1950s with the introduction of positive vetting However an unofficial purge had taken place for much longer facing political backlashes as an infringement of civil liberties and suppression of free speech Although it s been argued that Britain s secret purge had little impact this study looks at the experiences of those removed from the secret state those LGBT and BAME individuals discriminated against by government and the impact of government policy generally while studying the responses of Ministers and civil servants to spy scandals and international events Drawing from newly released archival material Freedom of Information releases and interviews this book offers new insights into the scope of government security checks on civil

servants defence contractors and armed forces personnel from Edwardian spy scares and the inter war period to the Cold War and present day     *Hearings* United States. Congress. House. Committee on Post Office and Civil Service,1959

**National Security, Democracy, & Good Governance in Post-Military Rule Nigeria, Volume One** Dr. Dan Mou,2016-12-30 This book shows that the security economic political and social problems challenging national security democracy and good governance currently in Nigeria would get better or worse depending on what happens to the seventy one percent 71% of Nigerias population still living below poverty line This is in spite of the billions of petrodollars that Nigeria garnered as revenue over the past few decades It reveals that one does not need to be a political prophet to predict that if these challenges are not successfully addressed through good governance and inclusive growth this country will witness the worst civil disobedience violence revolts militancy breakdown of law and order more kidnappings and more of the citizens trying to check out of the country to other parts of the world in future It concludes however that under such intense pressures the Government of Nigeria even if it is simply for its self preservation will be forced by the objective conditions to move against the interests of the dominant groups and classes in Nigeria These are the ones who have for long captured and hijacked state power and the resources of the country for their exclusive use     Emotions and Social Movements Helena Flam,Debra King,2007-04-11 Most research on social movements has ignored the significance of emotions This edited volume seeks to redress this oversight and introduces new research themes and tools to the field of emotions and social movements Sociologists and political activists around the world will find this volume to be of great interest due to its wide ranging approach and its unique emphasis on the role of emotion in protest dissent and social movements     *The Cumulative Book Index* ,1978 A world list of books in the English language     **Hybridisation of Political Order and Contemporary Revisionism** Nik Hynek,Vít Strítecký,2022-08-01 This volume argues that contemporary political and security revisionism should not be considered a homogenous attack against the international order but rather a bag of tailor made strategies to exploit opportunities found in various highly localised contexts Scholars with backgrounds in Security Studies Area Studies International Relations and Political Theory are brought to examine revisionist tendencies in Central Eastern Europe Post Soviet Space China and the Transatlantic Space In doing so they try to remedy the existing disciplinary separatism or policing which has obfuscated any theorisation of the connections between international and domestic politics for many decades Part of the analytical focus is on novel phenomena especially the utilization of cyberspace and new social media and technological innovation One of the conclusions of this volume is that the rise in contemporary revisionism shows the oft forgotten importance of the first image of international politics political leaders in other words do indeed matter The fact that they matter is only reinforced when they represent regional or even great powers and especially revisionist regimes and states with the propensity to produce complex effects The chapters in this book were originally published as a special issue of the journal Europe Asia Studies     *Comparative Politics: Western Europe and the United States: foundations of comparative*

politics ,2005      *Democracy Betrayed* William W. Keller,2017-01-01 A vital and important look at the rise of a security state that is transforming the nature of our democracy In the aftermath of 9 11 in lockstep with booming technological advancements a new and more authoritarian form of governance is upplanting liberal democracy The creation of the Security Industrial Complex an internal security state within the state fueled by tech companies private security firms and the Intelligence Community to the tune of 120 billion a year is intruding on civil liberties to an unprecedented extent Politicians tolerate it some citizens welcome it thinking it may be the way to keep America safe in a time of uncertainty and terrorism But how real is this threat and is it worth the loss of our individual privacy As a society we have yet to comprehend the meaning of universal digital interconnection its impact on our psychology and its transformation of our government and society America is at a crossroads in contending with a security goliath allowing the beginnings of a police state and the conversion of our of our liberal democracy to a secure democracy one where government overreaches tramples on civil liberties and harnesses great advancements in technology to spy on the populace Keller walks us through what these changes can mean to our society and more importantly what we can do to halt our march toward intrusive and widespread surveillance An urgent wakeup call for a country in crisis *Democracy Betrayed* is a timely and deeply important book about the future of America      U.S. Army War College Guide to National Security Issues: National security policy and strategy J. Boone Bartholomees,Army War College (U.S.). Strategic Studies Institute,2012 Volume II continues the analyses and discussion of national security policy and strategy      **The Public Order and the Sacred Order: Contemporary Issues, Catholic Social Thought, and the Western and American Traditions** Stephen M. Krason,2009-05-20 The Public Order and the Sacred Order evaluates a range of contemporary social and political questions in light of Catholic social teaching philosophy great political thinkers and America s founding tradition It treats a wide range of topics including economics education free speech abortion church state relations American legal trends international politics Through discussions of these and other issues confronting contemporary American society author Stephen M Krason offers a scholarly social commentary suggests means for a reconstruction of sound social and political thought and calls for a renewal of American institutions politics and culture The book is structured in three parts Part I sets out foundational principles guided by Catholic social teaching philosophical reasoning Western political thought and the American founding Part II examines and evaluates the numerous issues in light of the principles set out in Part I and Part III provides approaches to the issues both general and specific policy ideas consonant with the foundational principles set out in Part I There is also a volume of important Catholic Church documents Supreme Court cases and excerpts of important writings in the history of Western and American political thought that let the reader examine directly many documents discussed in the text of the book Along with being a strong and focused defense of traditional Catholic approaches to the questions of our time the vast array of material covered makes this book an invaluable reference for anyone interested in contemporary politics      **Choice** ,1981
