LT: Over the Edge Lawrence Taylor, Steve Serby, 2004-08-31 On the football field Lawrence Taylor was an unstoppable force of nature arguably the best defensive player in the game and quite possibly ever But off the field the life of a player who enjoyed a record ten Pro Bowl appearances and led the New York Giants to two Super Bowl victories was an all out blitz fueled by drugs sex and booze and charging at breakneck speed toward total self destruction This is the shocking true story of a giant s fall and his remarkable journey back to the world *The Great Black Hope* Constance Gorman, 2012-10 Tony is

an African American high school student and a stand out high school football player on track to participate in college football and possibly the NFL Tony and his older brother learned the social dynamics of surviving on the inner city streets while fostering their love for football Then his brother who is also his best friend went away to college on a football scholarship and Tony found himself alone He fell into a deep life threatening depression when faced with the fact that he was illiterate he may never graduate from high school and realize his dream of a career in the NFL Follow Tony s plight from utter despair to a life full of hope and personal victories when he asks a Science teacher to teach him to read God challenges the teacher to choose Tony s life or her career She chooses Tony s life and many miraculous occurrences intercede in Tony s life to pave the way to his victory **Focus On: 100 Most Popular African-American Players of American Football** Wikipedia contributors,

Team Chemistry Nathan Michael Corzine,2016-01-30 In 2007 the Mitchell Report shocked traditionalists who were appalled that drugs had corrupted the pure game of baseball Nathan Corzine rescues the story of baseball s relationship with drugs from the sepia toned tyranny of such myths In Team Chemistry he reveals a game splashed with spilled whiskey and tobacco stains from the day the first pitch was thrown Indeed throughout the game s history stars and scrubs alike partook of a pharmacopeia that helped them stay on the field and cope off of it In 1889 Pud Galvin tried a testosterone derived elixir to help him pile up some of his 646 complete games Sandy Koufax needed Codeine and an anti inflammatory used on horses to pitch through his late career elbow woes Players returning from World War II mainstreamed the use of the amphetamines they had used as servicemen Vida Blue invited teammates to cocaine parties Tim Lincecum used it to stay awake on the bench and Will McEnaney snorted it between innings Corzine also ventures outside the lines to show how authorities handled or failed to handle drug and alcohol problems and how those problems both shaped and scarred the game The result is an eye opening look at what baseball s relationship with substances legal and otherwise tells us about culture society and masculinity in America
