State of Ambiguity Steven Palmer, José Antonio Piqueras, Amparo Sánchez Cobos, 2014-04-25 Cuba's first republican era 1902-1959 is principally understood in terms of its failures and discontinuities typically depicted as an illegitimate period in the nation's history its first three decades and the overthrow of Machado at best a prologue to the real revolution of 1959 State of Ambiguity brings together scholars from North America Cuba and Spain to challenge this narrative presenting republican Cuba instead as a time of meaningful engagement socially politically and symbolically Addressing a wide range of topics civic clubs and folkloric societies science public health and agrarian policies popular culture national memory and the intersection of race and labor the contributors explore how a broad spectrum of Cubans embraced a political and civic culture of national self realization Together the essays in State of Ambiguity recast the first republic as a time of deep continuity in processes of liberal state and nation building that were periodically disrupted but also reinvigorated by foreign intervention and profound uncertainty Contributors Imilcy Balboa Navarro Alejandra Bronfman Maikel Fari as Borrego Reinaldo Funes Monzote Marial Iglesias Utset Steven Palmer Jos Antonio Piqueras Arenas Ricardo Quiza Moreno Amparo S nchez Cobos Rebecca J Scott Robert Whitney

Scott, 2009-06-30 As Louisiana and Cuba emerged from slavery in the late nineteenth century each faced the question of what rights former slaves could claim *Degrees of Freedom* compares and contrasts these two societies in which slavery was destroyed by war and citizenship was redefined through social and political upheaval Both Louisiana and Cuba were rich in sugar plantations that depended on an enslaved labor force After abolition on both sides of the Gulf of Mexico ordinary people cane cutters and cigar workers laundresses and labor organizers forged alliances to protect and expand the freedoms they had won But by the beginning of the twentieth century Louisiana and Cuba diverged sharply in the meanings attributed to race and color in public life and in the boundaries placed on citizenship Louisiana had taken the path of disenfranchisement and state mandated racial segregation Cuba had enacted universal manhood suffrage and had seen the emergence of a transracial conception of the nation What might explain these differences Moving through the cane fields small farms and cities of Louisiana and Cuba Rebecca Scott skillfully observes the people places legislation and leadership that shaped how these societies adjusted to the abolition of slavery The two distinctive worlds also come together as Cuban exiles take refuge in New Orleans in the 1880s and black soldiers from Louisiana garrison small towns in eastern Cuba during the 1899 U S military occupation Crafting her narrative from the words and deeds of the actors themselves Scott brings to life the historical drama of race and citizenship in postemancipation societies **Programa del Partido**
