The Tomb of Beowulf Fred C. Robinson, 1993-08-27 THE TOMB OF BEOWULF Fred C Robinson is known throughout the world for some of the most original and stimulating work on Old English literature and language published in recent times This book collects twenty three of his essays including three substantial new articles on the literary interpretation of Beowulf the background and value of Ezra Pound's translation of The Seafarer and an account of the use of Old English in twentieth century literary compositions The essays vary widely in terms of subject and approach They include literary interpretation and criticism of the best known Old English poems The Battle of Maldon and Exodus for example an account of the historical religious and cultural background to the writing of Beowulf articles on women in Old English literature and on the significance of names and naming The book as a whole is informed by the author's preoccupation with meaning context and language and their subtle interactions Its contents are equally characterized by readability and scholarship and by learning and wit **A Dictionary of Hymnology** John Julian, 1892 **A Dictionary of Hymnology, Setting Forth the Origin and History of Christian Hymns of All Ages and Nations ...** John Julian, 1892 **Lucifer of Cagliari and Constantius II** Mark T. Gustafson, 1994 **The Textual History of 2 Kings 17** Timo Tapani Tekoniemi, 2021-09-07 The textual history of the Books of Kings forms one of the most complex and debated issues in the modern text historical scholarship This book examines and reconstructs the textual history of 2 Kings 17 in light of the preserved textual evidence The analysis of textual

differences between the LXX the Old Latin and the MT allows the reconstruction of the oldest text attainable The Old Latin version appears to have in many cases best preserved the Old Greek edition of the chapter now lost in the Greek witnesses due to Hebraizing revisions The Old Greek version of 2 Kings 17 evidences a Hebrew Vorlage often radically differing from the MT In most cases the MT exhibits signs of later editing The LXX can thus help the scholars reconstruct multiple text historical layers previously out of our reach as well as shed new light on certain historiographical details recounted in 2 Kings 17 As supposed by the literary critics for well over a century the textual data shows beyond doubt that there happened vast editing and rewriting of the Books of Kings even at very late date Text critical considerations are therefore not only useful but invaluable to all scholarly work on 2 Kings 17 and the Books of Kings as a whole

Lord Byron's Cain Truman Guy Steffan, 1968-01-01 Cain has been ranked as one of the two best dramatic poems written in England in the nineteenth century Because of its religious heterodoxy which veiled a political iconoclasm and also because of Byron's notoriety Cain stirred up a storm among Tories and clergymen from Kentish town to Pisa From 1821 to 1830 more was printed about its eighteen hundred alarming lines than about the twenty thousand of Don Juan One solemn Frenchman even translated the work in order to supply his countrymen with a text that he could then rewrite and confute After the initial controversy readers began to regard Cain not merely as revolutionary propaganda but as a fictional portrait of common youthful experience a sequence of aspiration discontent uncertainty confusion misunderstood isolation fear frustration anger and finally a rash inevitable but futile revolt that led to a future of hopeless regret Truman Guy Steffan here presents a text arrived at by collation of the first and several later editions with the original manuscript presently in the Stark Collection of the Miriam Lutchter Stark Library at the Harry Ransom Center the University of Texas at Austin The first eight essays which comprise Part I cover a number of literary topics Byron's defense of his purposes in Cain and the relevance of his dramatic theory to the poem the characterization that is an ideological confrontation a revelation of personal conflict as well as a rendering of individuals who have an existence independent of the author the principles that controlled Byron's absorption and expansion of biblical materials the integration of the imagery with the dramatic substance the incongruities of the language the metrical heterodoxy and a description of the manuscript and of Byron's insertions Part II contains the text of Cain accompanied by notes on the variants the manuscript cancellations and additions certain linguistic details and the scansion of some unusual verses Then follow annotations on allusions sources and analogues and on a few passages of the play that have elicited unusual conflict over interpretation Part III provides a history of Cain criticism from the opinions of Byron's social and literary circle and of the major periodicals and pamphlets to the more complicated contribution of the twentieth century This important work stands not only as a valuable addition to Byron scholarship but also as an illuminating record of the changing critical and cultural attitudes from the early nineteenth century to the 1960s Steffan has done a remarkable job in bringing together and synthesizing an enormous body of material
