Teacher Tenure Ovid K. Wong,Chak Lau,2015-12-31 What is tenure It is a policy which gives teachers a permanent contract ensuring them a guarantee of employment like for life Tenured teachers cannot be fired unless for just cause such as gross misconduct or incompetence Proponents of teacher tenure say that it is good They argue that tenure prevents teachers from being fired for inappropriate reasons tenure protects teachers from false accusations tenure reduces teacher anxiety and allows them to become even better educators properly used tenure creates an environment where teachers are encouraged to improve and lastly tenure protects good but veteran teachers from being fired for being too expensive Opponents of teacher tenure say that it is bad They argue that tenured teachers if they are ineffective are often extremely difficult to dismiss dismissing tenured teachers takes a long time and is often extremely expensive almost every k 12 teacher receives tenure whether they have earned it or not and last but not least teacher tenure leads to complacency The purpose of the book is not to further debate the pros and cons of teacher tenure Rather it examines the critical elements to better

prepare teachers for the tenure application and the tenure decision makers to make better informed evaluation Teacher Tenure An Analysis of the Critical Elements begins with an unlikely introduction of a story that uses rhetorical comparison of the shoe experience to connote the wisdom of the teacher tenure process Weekly World News ,1992-11-17 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub [www weeklyworldnews com](http://www.weeklyworldnews.com) is a leading entertainment news site Weekly World News ,2005-09-05 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub [www weeklyworldnews com](http://www.weeklyworldnews.com) is a leading entertainment news site

Forms of Knowledge Lucy Campbell,2025-05-16 Human knowledge as we understand it in the everyday appears to make up a complex category admitting of numerous forms species modes or variations Reflection on this complexity reveals a whole ecosystem of questions and issues worthy of careful philosophical investigation Yet contemporary epistemology tends to downplay the heterogeneity of knowledge in part through its distinctively narrow focus primarily on receptive propositional knowledge and in part through a tendency to assume rather than to investigate the perfectly general applicability of the various definitions of knowledge it develops Against this background many questions and issues concerning the heterogeneity of knowledge remain under explored This volume identifies the study of the unity and heterogeneity of knowledge as a distinct subtopic of epistemology It asks what forms of knowledge there are what is distinctive about each how they relate to one another and what kind or kinds of unity we can discern unity amongst them Forms of Knowledge brings together philosophers working across a broad range of the philosophical literature not only in contemporary theory of knowledge but also in the history of philosophy the epistemology of understanding philosophy of mind action theory ethics art and aesthetics and philosophy of psychiatry to consider how best to theorize the unity and heterogeneity of knowledge By foregrounding this underexplored set of issues it offers a new perspective on some of the most central of our ordinary epistemological categories Weekly World News ,1995-08-01 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub [www weeklyworldnews com](http://www.weeklyworldnews.com) is a leading entertainment news site Weekly World News ,1999-06-29 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub [www weeklyworldnews com](http://www.weeklyworldnews.com) is a leading entertainment news site
