Democratic Socialism in Britain, Vol. 2 David Reisman,2021-03-24 The texts in this collection of 10 volumes demonstrate both the diversity and continuity in British theories of democratic socialism The selection encompasses the Ricardian socialists the Christian socialists and the Fabian socialists Volume 2 includes contributions from Frederick Denison Maurice Charles Kingsley and John Malcolm Ludlow the Christian Socialists **The Masculinities of John Milton**

Elizabeth Hodgson,2022-09-08 The Masculinities of John Milton is the first published monograph on Milton s men Examining how Milton s fantasies of manly authority are framed in his major works this study exposes the gaps between Milton s pleas for liberty and his assumptions that White men like himself should rule his culture From schoolboys teaching each other how to traffic in young women in the Ludlow Masque to his treatises on divorce that make the wife less husband the best possible citizen and to the later epics in which Milton wrestles with male small talk and the ladders of masculine social power his verse and prose draw from and amplify his culture s claims about manliness in education warfare friendship citizenship and conversation This revolutionary poet s most famous writings reveal how ambivalently manhood is constructed to serve itself in early modern England **Pequinillo** George Payne Rainsford James,1852 **Post Office Department Appropriation Bill** United States. Congress. House. Committee on Appropriations,1940

Democratic Socialism in Britain David Reisman,2021-05-19 Socialists are united far more by their shared opposition to anomic individualism than by their commitment to any single interpretative scheme or body of beliefs However the 42 texts by the 27 socialists represented in this collection show that in spite of the striking differences there are certain crucial similarities and points of convergence These volumes show that in Britain at least in the years from 1825 1952 the democrats who called themselves socialists tended to concentrate their discussion around four common themes that served as the core of their common cause quest for community the institution of equality the rehabilitation of the state and transition by consent The classic texts contained in these ten volumes which encompass the Ricardian socialists the Christian socialists and the Fabian socialists seek to make human interaction and social responsibility the centrepiece of economic debate from a variety of ideological perspectives

These key contributions to British thought between 1825 and 1952 are still a source of stimulus to students of political economy even as they have acquired the status of great historical works **Women's Authorship and Editorship in Victorian Culture** Beth Palmer, 2011-02-17 This book brings new perspectives to the study of sensation fiction in the Victorian period It examines Mary Elizabeth Braddon Ellen Wood and Florence Marryat's magazines alongside their fiction to explore the self-conscious and complex ways they used sensation to re-work contemporary notions of female agency
