BY LETHA SCANZONI U. JOHN SCANZONI. Letha Scanzoni, John Scanzoni, 1976 **Gender, Class and Education**
(Routledge Revivals) Stephen Walker, Len Barton, 2013-11-05 First published in 1983 Gender Class and Education is a collection of papers that formed presentations at the Westhill Sociology of Education Conference in January 1982 and is the fifth such collection to emerge from the annual conference The conference theme Race Class and Gender was not only chosen because of its topicality but also to provide a framework for debate between educational researchers and teachers The papers focus on the reproduction of gender relations through education and provide important insights into how this process works how it is resisted in schools and colleges and the possibilities for radical intervention This volume includes three teaching bibliographies on gender and education which were not presented at the conference but were compiled specially for the book Feminism and Christian Tradition Mary-Paula Walsh, 1999-05-30 This annotated bibliography a volume in the Greenwood series Bibliographies and Indexes in Religious Studies provides access to the numerous writings from the 1960s through the 1990s on feminism and Christian tradition Major feminist theologians and sociologists are represented As a guide to further research this cross disciplinary approach presents themes and issues in both a historical and a topical framework An extensive overview of feminism in relation to the women s movement women s studies sociology and American religion introduces the literature and provides a historical context for the nearly one thousand entries that follow Cross referenced throughout the literature is presented in six thematic categories that include introductory and background materials feminism and the development of feminist theology topical literatures in feminist theology feminism and womanist theology religious leadership of women and responses and recent developments Separate author subject and title indexes complete the volume Social Exchange in Developing Relationships Robert L. Burgess, Ted L. Huston, 2013-09-11 Social Exchange in Developing Relationships is a collection of papers that deals with the systematic study of the development of relationships The papers discuss several theoretical perspectives such as evolutionary theory personality theory cognitive developmental theory equity theory role theory and attribution theory One paper discusses romantic relationships the evolution of first acquaintance to close or intimate commitment Another paper presents the hypothesis that the factors causing a relationship to begin will also probably steer intermediate cognitive processes eventually influencing the nature of the relationship Commitment requires specific concepts such as input levels contributed to the relationship duration of these inputs and their consistency of occurrence The equity theory suggests that equity principles determine the selection of one s mate and how they the partners will get along in the future One paper analyzes the dynamic theories of social relationships and the resulting research strategies that the conceptualization of a parameter of

a social relationship can affect the choice of data collection techniques and other matters Sociologists psychologists historians students and academicians doing sociological research can benefit greatly from this collection **Analytical Family Demography** Robert Schoen,2018-09-12 In this book new mathematical and statistical techniques that permit more sophisticated analysis are refined and applied to questions of current concern in order to understand the forces that are driving the recent dramatic changes in family patterns The areas examined include the impact of the evolving Second Demographic Transition where complex patterns of gender dynamics and social change are re orienting family life New analyses of marriage cohabitation union dynamics and union dissolution provide a fresh look at the changing family life cycle emerging patterns of partner choice and the impact of union dissolution on the life course The demography of kinship is explored and the importance of parity progression to the generation of the kinship web is highlighted The methodology of population projections by family status is examined and new results presented that demonstrate how recognizing family status advances long term policy objectives especially with regard to children and the elderly This book applies up to date methods to examine the demography of the family and will be of value to sociologists demographers and all those who are interested in the family Family Ministry Charles M. Sell,1995-02-28 A practical resource for developing congregational stability this updated book guides your church toward being capable of encouraging and sustaining healthy family life

When Love Dies Karen Kayser,1993-10-29 Kayser then incorporates data from a random sample survey comparing troubled spouses with nondisaffected spouses and exploring the relationships among marital disaffection psychological well being commitment attribution and gender When Love Dies examines the concept of matrimony from broad theories of marriage as a social institution to the most specific nuances of spousal interaction Kayser shows that by studying the dynamics that produce disaffection partners are able to focus on ways to better understand what is needed to maintain love in marriage Identifying the phases of disaffection including significant turning points can alert spouses and clinicians that it is time to confront problems of alienation Clinical recommendations for repairing marriages are offered for each phase of the disaffection process The book also provides a scale of marital disaffection that is of practical use to clinicians and researchers

Conversing on Gender G. G. Bolich,2007-08 Conversing on Gender is as its subtitle indicates a primer for entering the broad conversation on gender that can be found both inside and outside of academic circles The book considers the relation of gender to sex and sexuality reviews prominent theories of gender and covers basic gender issues Family Ministry Diana R. Garland,1999-12-20 This book by Diana Garland provides a multifaceted well informed sense of both the Christian purpose of family and the complex world our families inhabit Winner of the 2000 Academy of Parish Clergy Book of the Year award **An Instructor's Manual to Accompany Scanzoni & Scanzoni: Men, Women, and Change** ,1981

Sourcebook of Family Theories and Methods Pauline Boss,William J. Doherty,Ralph LaRossa,Walter R. Schumm,Suzanne K. Steinmetz,2008-11-19 Origins We call this book on theoretical orientations and methodological

strategies in family studies a sourcebook because it details the social and personal roots i.e. sources from which these orientations and strategies flow. Thus an appropriate way to preface this book is to talk first of its roots its beginnings. In the mid 1980s there emerged in some quarters the sense that it was time for family studies to take stock of itself. A goal was thus set to write a book that like Janus would face both backward and forward a book that would give readers both a perspective on the past and a map for the future. There were precedents for such a project. The Handbook of Marriage and the Family edited by Harold Christensen and published in 1964 the two Contemporary Theories about the Family volumes edited by Wesley Burr Reuben Hill F. Ivan Nye and Ira Reiss published in 1979 and the Handbook of Marriage and the Family edited by Marvin Sussman and Suzanne Steinmetz then in production.

Handbook of Marriage and the Family Suzanne K. Steinmetz, Marvin B. Sussman, 2013-11-11. The lucid straightforward Preface of this Handbook by the two editors and the comprehensive perspectives offered in the Introduction by one of them leave little for a Foreword to add. It is therefore limited to two relevant but not intrinsically related points vis à vis research on marriage and the family in the interval since the first Handbook Christensen 1964 appeared namely the impact on this research of the politicization of the New Right and of the Feminist Enlightenment beginning in the mid sixties about the time of the first Handbook. In the late 1930s Willard Waller noted Fifty years or more ago about 1890 most people had the greatest respect for the institution called the family and wished to learn nothing whatever about it. Everything that concerned the life of men and women and their children was shrouded from the light. Today much of that has been changed. Gone is the concealment of the way in which life begins gone the irrational sanctity of the home. The aura of sentiment which once protected the family from discussion clings to it no more. We want to learn as much about it as we can and to understand it as thoroughly as possible for there is a rising recognition in America that vast numbers of its families are sick from internal frustrations and from external buffeting. We are engaged in the process of reconstructing our family institutions through criticism and discussion. 1938 pp 3-4.

Marriage and Family Development Evelyn Millis Duvall, 1977. **Families and Retirement** Maximiliane Szinovacz, David J. Ekerdt, Barbara H. Vinick, 1992-03-10. What are the long term effects of retirement on family relationships? Do personality characteristics or attitudes of one spouse impinge on the other spouse's retirement plans and adjustment? What differences exist in the ways males and females adapt to retirement? Leading researchers in the fields of family studies and gerontology present enlightening information on the impact of retirement on family relations. Original essays focus on gender and ethnic differences the role of children siblings and significant others and the multiple changes retirement creates.

in marriage In addition a variety of theoretical models existing research and methodological problems in studying retired families are explored Families and Retirement is essential reading for graduate students researchers and professionals in gerontology sociology social work family psychology and policy studies This is a well written book The editors have done a great job in selecting chapter authors whose research is important and directly related to the focus of the book The book will be an excellent text for sociology classes focusing mainly on retirement It will also serve well as a supplemental text in gerontology family studies economics and other college and university courses wherein retirement is studied Journal of Marriage and the Family Just when it seems too complex a task to produce a text that addresses retirement from the perspective of the family a new work appears that does just that The editors have successfully expanded the traditional concern with the individual by choosing studies showing relationships and issues on aspects of retirement and family Family Relations *Handbook of Marriage and the Family* Marvin B. Sussman, Suzanne K. Steinmetz, Gary W. Peterson, 2013-06-29 To know where we are going as scholars educators and practitioners in the field of marriage and family life we first need to know where we have been A perusal of early texts on marriage and family life provides some thought provoking insights into the accuracy of the saying what goes around comes around It is interesting to note who has been considered to be in a position to provide information on marriage and family life Included in the eclectic collection of texts we reviewed were ministers whose focus was on spirituality doctors who emphasized medical aspects of child and adult health and public health professionals and home economists concerned with fighting disease who emphasized cleanliness order fighting germs and eliminating rodents and insects There are also philosophers who drew from ancient texts when discussing family life and a count who assembled a group of German intellectual elites to address various topics An insightful essay of this type is by Marta Karlweis 1926 in which she notes There is no other fetish that society holds to so firmly as the conception woman with all its usual associations of infantilism and dependence The child requires protection is a minor and consequently a serf but above all it possesses no spiritual existence Neither doctorates or other distinctions nor the right to vote have as yet been able to dispel this sweet idea of the childishness of woman which man cherishes p **Managing Diversity in Today's Workplace** Michele A.
