Cindy R. Jebb

Nasser Sadat Decision Making F:

Nasser at War L. James, 2006-10-02 From his 1956 Suez triumph to the 1967 defeat President Nasser of Egypt dominated the Arab revolution Drawing on new Arabic material this history casts a fresh light on Nasser's era and legacy of conflict and provides an essential background to developments in the contemporary Arab world

The Iran-Iraq War Williamson Murray, Kevin M. Woods, 2014-09-04 A comprehensive account of the Iran Iraq War through the lens of the Iraqi regime and its senior military commanders

Bridging the Gap Cindy R. Jebb, 2004-01-01 In *Bridging the Gap* scholar and military officer Cindy R. Jebb asks why the United States with its considerable diplomatic economic and military resources vested in the Middle East has not been able to successfully implement plans to quell unrest in the region To find an answer Jebb specifically focuses on the factors that drive United States foreign policy decisions in Egypt and Syria in a Cold War and post Cold War context The epilogue brings forward the post Cold War findings to a post 9 11 world providing insights on the changing legitimacy formulas for both states Using comparative politics literature to answer the international relations question of why states behave as they do this searching study builds an important foundation for further research in other critical areas of current scholarly interest including democratization consensus building multilateral institutions and ethnic studies *Bridging the Gap* will be indispensable to scholars in the international comparative and security fields and Jebb's insights will be of particular value to Middle East regional experts and policy makers

Arab World and Western Intelligence Dina Rezk, 2017-06-02 The untold story of Western intelligence in the Middle East Have Western experts fundamentally failed to understand the dynamics leaders and culture of the Middle East Using the most recently declassified documents interviews and Arabic sources the book examines seminal case studies culminating in Sadat's dramatic assassination and explores how the most knowledgeable and powerful intelligence agencies in the world have been so notoriously caught off guard in this region

Security In The Middle East Mark Bruzonsky, Shaun Murphy, Samuel F. Wells, 2020-01-16 This book examines the deep seated problems in the Middle East and their impact on the United States and its allies Exploring the disruptive effects of the double edged sword of nationalism and modernization the contributors discuss the full range of Western security interests in the region Case studies of key countries emphasize the prospect for peaceful political economic and cultural change The authors analyze the ramifications of the Arab Israeli conflict and the threats posed by Soviet penetration Arguing that confusion and contradiction mark U S policy in the Middle East the book concludes that U S strategists should focus not on curing the region's internal problems but on coping with them without sacrificing long term goals for quick fixes

Bondi in the Sinai Rodney Gouttman, 1996 This book reveals the political atmospherics behind Australia's involvement in the American inspired Multi national and Observers Force in the Sinai A child of the Egypt Israel peace pact of 1979 the Force's lack of United Nations approval proved a formidable barrier for a skeptical Australian audience Australia's inclusion in the NFO would not have been possible without the singular efforts of her

staunchly anti Communist Prime Minister Malcolm Fraser Background factors examined include resentment of the American Alliance changing attitudes to the Middle East peace process and the emotional fall out of the Vietnam War This book deals with previously unpublished contemporary material in a holistic political analysis *Routledge Handbook on Contemporary Egypt* Robert Springborg, Amr Adly, Anthony Gorman, Tamir Moustafa, Aisha Saad, Naomi Sakr, Sarah Smierciak, 2021-03-30 Investigating key features of contemporary Egypt this volume includes Egypt's modern history politics economics the legal system environment and its media and modes of cultural expression It examines Egypt's capacities to meet developmental challenges ranging from responding to globalization and regional competition to generating sufficient economic growth and political inclusion to accommodate the interests and demands of a rapidly growing population The macrohistory of Egypt is complemented by the microhistories of specific institutions and processes that constitute separate sections in this handbook The chapters revolve around political economy it is shaped by the people and their abilities political and legal institutions organization of the economy natural and built environments and culture and communication Politics has been overwhelmingly authoritarian and coercive since the military seized power in 1952 consequently the contributions address both the causes and consequences of unbalanced civil military relations military rule and persisting authoritarianism in the political society This multidisciplinary handbook serves a dual purpose of introducing readers to Egypt's history and contemporary political economy and as a comprehensive key resource for postgraduate students and academics interested in modern Egypt State, Faith, and Nation in Ottoman and Post-Ottoman Lands Frederick F. Anscombe, 2014-02-17 Current standard narratives of Ottoman Balkan and Middle East history overemphasise the role of nationalism in the transformation of the region Challenging these accounts this book argues that religious affiliation was in fact the most influential shaper of communal identity in the Ottoman era that religion moulded the relationship between state and society and that it continues to do so today in lands once occupied by the Ottomans The book examines the major transformations of the past 250 years to illustrate this argument traversing the nineteenth century the early decades of post Ottoman independence and the recent past In this way the book affords unusual insights not only into the historical patterns of political development but also into the forces shaping contemporary crises from the dissolution of Yugoslavia to the rise of political Islam **Despots, Democrats and the Determinants of International Conflict** Martin Sherman, 2016-07-27 An unequivocal endorsement of an assertive and resolute approach to foreign policy by democracies in their dealings with dictatorships Drawing on the political writings of Kant the rationale of Churchill's anti appeasement policy and the most up to date empirical research in international relations the author forges a rigorous decision theoretic model to account for the international interactions between despotic and democratic regimes The model's validity is illustrated across a broad range of historical examples while its policy oriented implications are shown to have far reaching consequences for conventional perceptions of democratic deterrence posture and the security dilemma **1974 Annual Supplement** Joan Schmitz Bergholt, 2013-12-21

Jordan's Inter-Arab Relations Laurie Brand,1995-01-05 Lisa Anderson Columbia University **Egyptian Foreign Policy From Mubarak to Morsi** Nael Shama,2013-10-30 Egyptian Foreign Policy from Mubarak to Morsi explores an area rarely touched upon by researchers the relationship between regime security and the national interest Concentrating on Egyptian foreign policy under President Hosni Mubarak this book analyses how it was used to bolster his internal hold on power In considering Egyptian foreign policy two central case studies are examined Firstly Egypt s reluctance to re establish diplomatic ties with Iran and secondly Egypt s response to the efforts of the Bush administration in promoting political reform in the Middle East When examining these case studies the impact of different societal factors on decision making is taken into consideration highlighting the role of business groups and the security apparatus in foreign policy decision making Concluding with a discussion of Egypt s foreign policy in the first year of Mohamed Morsi s rule and arguing that it has departed little from Mubarak s policy this book is a vital resource for anyone interested in contemporary Egyptian politics Middle East Studies and International Relations more broadly **Political Psychology And Foreign Policy** Eric Singer,Valerie M Hudson,2020-02-24 First published in 1992 One of the issues of particular interest to political psychologists centers around how foreign policy decisions are made The psychological phenomena that political psychologists examine have to do with how individuals perceive interpret feel about an d react to their environment The political factors have to do with the activities involved in governing or the making of public policy that is with how the material and human resources of a collectivity are allocated The research presented in this volume addresses 6 key questions that link psychological and political processes and the chapters are organized around three conceptual clusters perception studies personality studies and studies of group dynamics **Journal of International Affairs** ,1995 **The Middle East Between War and Peace, November-December 1973** United States. Congress. Senate. Committee on Foreign Relations,1974 Choice ,1995 **Deindustrialization** Gene F. Summers,1984 **Reconstructing a Shattered Egyptian Army** Youssef Aboul-Enein,2014-06-15 Central to CDR Youssef Aboul Enein s career has been the mission to introduce America s military leaders to Arabic works of military significance Just like American military leaders who had an obsession for all things Russian during the Cold War in order to understand the Soviets the war on al Qaida and the complex nuances of the Arab Spring demand a deeper comprehension of the Middle East from direct sources The memoirs of General Mohamed Fawzi Egyptian War Minister from 1967 to 1971 were first published in 1984 but his work has not ben translated and remains undiscovered by English speaking readers Many in the United States Armed Services have yet to be introduced to his ideas perspectives and the seeds by which the 1973 Yom Kippur War were laid In this new contribution to his series of essays written for Infantry Journal Aboul Enein has determined to bring to life the military thoughts of this Arab War Minister This book is a joint Infantry Naval Institute Press project that has condensed the entire collection of essays on Fawzi to a single volume to provide future generations of America s military leaders with access his ideas Fawzi is unique among Arab

generals for his scathing critique of his own armed forces and from his critical examination of what went wrong in 1967 he was able to slowly resurrect the Egyptian Armed Forces to a level that enabled Sadat to consider an offensive in 1973 This Egyptian general will provide insights into the level of Soviet cooperation and military aid provided Egypt after the 1967 Six Day War known simply in Arabic by one word al Naksah the setback not to be confused with the 1948 Arab Israeli War known by one word al Nakbah the catastrophe While Fawzi lapses into conspiracy indulges in wishful thinking and employs the language of pan Arabism on occasion much like Soviet military theorists couched their ideas in Marxist Leninist rhetoric this will not stop serious American students of war from recognizing his brilliance about the lessons learned from the crushing defeat of Egyptian arms in the 1967 Six Day War **The British National Bibliography** Arthur James Wells,1995

Personality, Political Leadership, and Decision Making Jean Krasno,Sean LaPides,2015-07-07 This psychological study dissects the characteristics of 20 world leaders both men and women profiling the factors that formed their personalities and revealing how certain traits have shaped their political decisions Many wonder what it takes to be a leader Is it a natural or learned set of skills This book examines the personalities of a selected group of political leaders analyzes the forces that formed their nature most notably their leadership tendencies and then demonstrates how character has shaped important political decisions made during their regime The authors profile 20 different leaders from across five continents deriving shared personality traits and defining specific leadership styles based on characteristics and circumstances The work begins by introducing the field of political psychology and explaining the theoretical framework used in studying the leadership personalities covered in the book An analysis of leadership across the world considers several types of regimes authoritarian leaders in non democratic and democratic societies authoritarian mixed types flexible and pragmatic types and those who combine flexibility with delegation The text concludes by comparing leaders across time and location discussing interaction between specific heads of state Leaders profiled include Nelson Mandela Kofi Annan Saddam Hussein V clav Havel Angela Merkel and Emperor Hirohito among others
