## **Nathan Hale John Andre Reluctant Heroes Of The American Revolution:**

**Nathan Hale and John André** Harlan L. Hagman,1992      **Revolutionary Rogues** Selene Castrovilla,2020-11-03  
NCSS CBC Notable Trade Social Studies Book Kansas Reading Circle Choice Bank Street College Best Book Tappantown  
Historical Society's Achievement Award Young fans of the Broadway smash Hamilton will enjoy this riveting nonfiction  
picture book that unfolds like a play telling a story from American history Gravely injured and with little chance for more  
military honors Major General Benedict Arnold seeks reward and recognition another way He contacts Major John Andr the  
new head of British intelligence and another man determined to prove himself Arnold and Andr strike a deal and use Arnold's  
intelligence to take over West Point the strategic American fort The plan ultimately fails leading to Andr's capture and death  
and Arnold's loss of reward and glory Author Selene Castrovilla and illustrator John O'Brien brilliantly capture the tensions  
and high drama of these two revolutionary rogues by highlighting their similarities and differences and demonstrating how  
they brought about their own tragic ends This title also includes an afterword timelines of the lives of both men an extensive  
bibliography and a list of key places to visit      America's Military Adversaries John C. Fredriksen,2001-12-05 This work  
chronicles the lives and accomplishments of over 200 enemies who have fought plotted spied on and in some instances  
defeated U.S. forces over the past three centuries Books on American military heroes abound But this book is the first to  
focus on America's talented enemies the generals admirals Indian chiefs and warriors submarine captains fighter pilots and  
spies who opposed the United States with military force or other means Often these military leaders were among the best  
minds of their times For more than two centuries the new nation's most constant military opponents were the Native  
Americans led by such capable chiefs as American Horse and Little Wolf Under D. Ibberville Canada's French colonialists  
became formidable foes but they were soon surpassed by the rigorously disciplined redcoats of Great Britain under Howe and  
Cornwallis Ironically the most effective enemies in the history of the United States were not the leaders of foreign military  
forces like Mexico's Santa Anna Japan's Yamamoto or Vietnam's Vo Nguyen Giap They arose from among its own citizens  
during the Civil War the bloodiest conflict in American history      *The Miracle of Independence* Robert M. Riddle,2009 The  
Miracle of Independence is a general survey of American History from a Christian perspective It covers the events beginning  
with the Age of Exploration to the Second Great Awakening This manuscript reveals that America would have never existed  
nor survived without divine intervention The hand of God is seen in the formation of this country from the time Columbus set  
sail with three caravels across a large uncharted ocean God's presence is revealed with the founding of the original thirteen  
colonies and in the zeal of the God-fearing people who inhabited these colonies God's miraculous power manifested itself  
when the forces of darkness seemed overwhelming This was true in the early years of settlement during the War of  
Independence and in the post-war era Against great odds America survived grew and developed into the greatest of all  
nations that ever existed due to the miraculous power of an ever-present and loving God Robert M. Riddle was born in 1941 in

McClellandtown Pennsylvania He attended the public schools of German Township Fayette County and he graduated from German Township High School in 1959 He received a Bachelor of Arts in History from Waynesburg College nowWaynesburg University in 1963 He later took graduate courses in history political science and English at West Virginia University He taught history for seven years in the Albert Gallatin Area School District in Fayette County Pennsylvania prior to moving to southern California He taught history and social studies in San Diego County for twenty four years and retired from the San Diego Unified School District He is presently employed by Palomar College in San Marcos California as a tutor in history political science and economics Historical Dictionary of United States Intelligence Michael A. Turner,2014-10-08 While the United States has had some kind of intelligence capability throughout its history its intelligence apparatus is young dating only to the period immediately after World War II Yet in that short a time it has undergone enormous changes from the labor intensive espionage and covert action establishment of the 1950s to a modern enterprise that relies heavily on electronic data technology satellites airborne collection platforms and unmanned aerial vehicles to name a few This second edition covers the history of United States intelligence and includes several key features Chronology Introductory essayAppendixesBibliographyOver 600 cross referenced entries on key events issues people operations laws regulations This book is an excellent access point for members of the intelligence community students scholars and historians legal experts and general readers wanting to know more about the history of U S intelligence Forthcoming Books Rose Army,1992
