### **Nathanael Greene Strategist Of The:**

Nathanael Greene Theodore Thayer, 1960 This book is a biography of Nathanael Greene who went from a militia private to the Quartermaster General and a household name by the end of the Revolution Nathanael Greene Theodore George Nathanael Greene Strategist Of The American Revolution Theodore Thayer, 2023-07-22 Often Thayer, 2012-08-01 overshadowed by better known Revolutionary War figures like George Washington and Benjamin Franklin Nathanael Greene was nonetheless one of the most crucial commanders in the war effort This comprehensive biography outlines Greene s life and career highlighting his strategic and tactical brilliance and his instrumental role in securing American victory This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant Nathanael Greene Strategist of the American Revolution - Primary Source Edition Theodore Thayer, 2014-01-05 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book

Nathaniel Greene Theodore George Thayer,1960 The Making of the Prefident 1789 Marvin Kitman,2007-12-01 A witty funny and hysterically silly political parody that dares to take on the Mount Vernon Machine The New York Times Lampooning the modern campaign insider books this book asks How is it possible that a man with no military experience becomes a general He loses more battles than he wins and becomes a war hero He has absolutely no political opinions in the most sophisticated intellectual period of our history He has no ambitions and he wins Through careful research and with plenty of laughs as well as a foreword by John Cleese journalist Marvin Kitman exposes George Washington's weaknesses for social climbing and high stakes whist not to mention his relationships with the Founding Girlfriends Hilarious Will entertain and fascinate even those who think they hate history Houston Chronicle Founding Fighters Alan C. Cate,2006-08-30 American independence was won not just with ideas and words but also through force of arms A key element of that battlefield victory was the combat leadership provided by a fierce list of hard fighting warriors at the regimental brigade and division echelons or their naval equivalents Founding Fighters recounts the stories of fifteen of the American Revolution's most important and colorful battlefield commanders Collectively these men participated in virtually all of the war s

significant battles and campaigns They experienced the conflict in all its variants conventional contest between opposing armies brutal guerilla struggle between partisans and regulars frontier and naval fighting and civil war pitting neighbors and even family members against each other These founding fighters helped win stunning victories knew ignominious defeats and suffered physical and spiritual privation through times when ultimate victory and independence appeared impossibly remote While the Founding Fathers remain eternally popular with the general American reading public a number of important Revolutionary era military figures remain much less known and in some cases forgotten Cate rectifies this Richard Montgomery Charles Lee and Horatio Gates were former British officers who turned from redcoats to rebels casting their lots with the patriot cause Henry Knox and Nathanael Greene were self taught amateurs who shared New England roots and an innate genius for war Benedict Arnold and John Paul Jones each possessed burning personal ambition and zeal for glory traits that led one to ignominy and disgrace and the other to immortality as the father of the American Navy A trio of South Carolinians Thomas Sumter Andrew Pickens and Francis Marion waged savage partisan warfare in some of the war s darkest days against British occupiers and their Loyalist supporters Three rough and ready frontiersmen Ethan Allen George Rogers Clark and Daniel Morgan inspired their followers to important victories More than a mere examination of battlefield exploits and personalities however this book illuminates fascinating aspects of American military and cultural history and offers a superb window for investigating two of the enduring themes of the American military tradition civil military relations and the respective roles and worth of professional and citizen soldiers Timothy Pickering and the American Republic Gerard H. Clarfield, 1980-07-15 Timothy Pickering was an important figure in the early American republic For more than fifty years he was deeply entrenched in the political military and diplomatic affairs of the young nation He held important administrative posts during the Revolution two cabinet posts and served as a congressman senator and as a spokesman for the extremist element of New England's Federalists Clarfield presents the first comprehensive biography of Pickering and a critical assessment of this controversial and often intractable man **International Encyclopedia of Military History** James C. Bradford, 2004-12 With its impressive breadth of coverage both geographically and chronologically the International Encyclopedia of Military History is the most up to date and inclusive A Z resource on military history From uniforms and military insignia worn by combatants to the brilliant military leaders and tacticians who commanded them the campaigns and wars to the weapons and equipment used in them this international and multi cultural two volume set is an accessible resource combining the latest scholarship in the field with a world perspective on military history **Zebulon's Oath** David R. Dowdy, 2023-09-27 ARE YOU FOR THE KING OR THE REVOLUTION It s mid 1780 in the American colonies Georgia and South Carolina have fallen as the British plan to take the South progresses Meanwhile Zebulon Mitchell drives wagons to customers in North Carolina As a coming of age New Garden Quaker man he worries about the drama enveloping his stepfather's wainwright business Will British exports smother it if they win Against his pacifist creed Zeb joins the militia

with two Moravians an enslaved man Abraham and young master George Zeb's sister Sara aids the troops but they all suffer horrors as the militia defends against Loyalists seeking to ambush Continental ammunition Along the way a romance develops between Zeb and a young Moravian named Yohanna Zeb's fate comes down to the Continental army Washington's last chance in the South is Maj Gen Nathanael Greene The august British army weakens from chasing Greene to Virginia yet insufficient firepower could doom Greene in battle If the Continentals cede North Carolina the North may fall Will Zeb s company of artificers come through with a large store of ammo Zebulon s Oath introduces compelling characters who draw you into their lives While historical non fiction tells this book tugs at the reader's feelings This isn't a rehash of the Patriot Loyalist struggle It's about how pacifist Quakers and Moravians got caught up in the intrigue Parallel to Zebulon's story the true historically accurate skirmishes and timeline of the Revolutionary War in the South lead up to a climatic full staging of the Battle of Guilford Courthouse The crucial battles of Camden Kings Mountain and Cowpens echo through the book in a prelude to the fall of British power in Americas Interspersed with maps chapter notes and bibliography to enrich your reading experience The Swamp Fox Scott Aiken, 2012-11-15 As one of the Patriot leaders in the Carolinas the partisan campaign conducted by Brigadier General Francis Marion and his irregular force during the American Revolution prevented South Carolina from completely succumbing to British control during the period between the capture of Charleston in May 1780 and the start of Major General Nathanael Greene's campaign to recover the Southern Colonies in December 1780 During substantial segments of this period he alone held eastern South Carolina from the British and became known as The Swamp Fox for his exploits and elusiveness in harassing the British with his guerilla tactics Upon the arrival of Greene s Continental Army of the Southern Department Marion s forces then reverted in part to an important supporting role in South Carolina for the duration of the war He later assisted in the establishment of the authority of the State of South Carolina and contributed to its post conflict termination If General Marion had not taken action during the American Revolution there is a good possibility that eastern South Carolina would have succumbed to British intent That coupled with the British occupation of Charleston may have provided the British with the requisite momentum needed to conquer the South Thankfully General Marion's call to action both militarily and politically prevented such momentum from existing The multifaceted aspect of the American Revolution serves as an excellent case study for the conflicts of the twenty first century joint and combined operations civil war insurgency counterinsurgency global superpowers civil military relations this conflict s got it all Many of Marion's partisan actions were forerunners of today s tactics showing his great innovativeness and foresight as a military leader His incessant activities diverted British and Loyalist forces inflicted British and Loyalist casualties supported operations of the Continental Army during its Southern Campaign and sustained the American Revolution in South Carolina He was extremely effective across the range of military operations from guerilla warfare to storming forts He was equally inept in what today would be considered information operations and even participating in the linear tactics of the day in

pitched battles Such similarity makes Marion s partisan campaign worth study by current military and political leaders Aiken s portraval of Brigadier General Marion s partisan actions describes the forerunners of tactics common of today s global security environment tactics used by and against United States forces Perceptions of Battle Jeff Dacus, 2024-05-15 A new perspective on the Battle of Monmouth from the first person accounts of those who took part in the battle After spending a difficult winter at Valley Forge George Washington led the Continental Army in pursuit of the British Army moving from Philadelphia to New York City On June 28 1778 the army caught up with the British and defeated them at Monmouth Court House The principal figure in the battle is George Washington His planning his orders and his actions on the battlefield dominate the story After the first rebuff of his advance guard under Charles Lee it is Washington who matched each movement of the enemy with decisive actions of his own In doing so he attained a tactical victory on the battlefield that had major strategic implications Because of his leadership and the actions of his army both he and the Continental Army gained renewed respect from Congress the American people and the enemy Washington's success solidified his position as the face of the Revolutionary effort While the Congress was often ineffectual or even nonexistent Washington and his army became the symbol of the Revolution Modern authors have contributed greatly to our knowledge of the battle of Monmouth but in doing so have tried to interpret or analyze it through our modern point of view losing sight of what happened disregarding the perceptions opinions and conclusions of the people who took part in the battle and its aftermath This book is different in that it uses only first person accounts to reach conclusions or render judgments In addition to changing the perceptions of the victory of the Continental Army modern historians have distorted the story further through the court martial of Charles Lee in the aftermath of the battle giving it undue importance Writing North Carolina History Jeffrey J. Crow, Larry E. Tise, 2017-10-10 Writing North Carolina History is the first book to assess fully the historical literature of North Carolina It combines the talents and insights of eight noted scholars of state and southern history William S Powell Alan D Watson Robert M Calhoon Harry L Watson Sarah M Lemmon and H G Jones Their essays are arranged in chronological order from the founding of the first English colony in North America in 1585 to the present Traditionally North Carolina has not received the same scholarly attention as Virginia and South Carolina despite the excellent resources available on Tar Heel history This study derived from a symposium sponsored by the North Carolina Division of Archives and History in 1977 asks questions and describes methodologies needed to redress past neglect Besides providing a comprehensive evaluation of what has been written about North Carolina the essayists offer perspectives on how historians have interpreted the state s history and what directions future historians need to take Particularly important the book provides a bibliography and suggests opportunities for future historical investigation by discussing topics themes and source materials that remain untapped or underused North Carolina's unique and colorful culture folklore geography politics and growth demand new and creative historical analysis Collectively the authors and editors of Writing North Carolina History offer a welcome necessary guide to the study of Tar

Heel history Originally published in 1979 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value <u>Jefferson and Hamilton</u> John Ferling, 2014-10-07 One of America's foremost historians brilliantly brings to life the fierce struggle both public and ultimately bitterly personal between Thomas Jefferson and Alexander Hamilton two rivals whose opposing visions of what the United States should be continue to shape our country to The Road to Guilford Courthouse John Buchanan, 1999-07-01 A brilliant account of the proud and ferocious American fighters who stood up to the British forces in savage battles crucial in deciding both the fate of the Carolina colonies and the outcome of the war A tense exciting historical account of a little known chapter of the Revolution displaying history writing at its best Kirkus Reviews His compelling narrative brings readers closer than ever before to the reality of Revolutionary warfare in the Carolinas Raleigh News Observer Buchanan makes the subject come alive like few others I have seen Dennis Conrad Editor The Nathanael Greene Papers John Buchanan offers us a lively accurate account of a critical period in the War of Independence in the South Based on numerous printed primary and secondary sources it deserves a large reading audience Don Higginbotham Professor of History University of North Carolina Chapel Hill Gen. Nathanael Greene at Coventry, Rhode Island General Nathanael Greene homestead association (Coventry, R.I.), General Nathanael Greene homestead association, Coventry, R.I., 1925 The Encyclopedia of War, 5 Volume Set Gordon Martel, 2012-01-17 This ground breaking 5 volume reference is a comprehensive print and electronic resource covering the history of warfare from ancient times to the present day across the entire globe Arranged in A Z format the Encyclopedia provides an overview of the most important events people and terms associated with warfare from the Punic Wars to the Mongol conquest of China and the War on Terror from the Ottoman Sultan Suleiman the Magnificent to the Soviet Military Commander Georgi Konstantinovich Zhukov and from the crossbow to chemical warfare Individual entries range from 1 000 to 6 000 words with the longer essay style contributions giving a detailed analysis of key developments and ideas Drawing on an experienced and internationally diverse editorial board the Encyclopedia is the first to offer readers at all levels an extensive reference work based on the best and most recent scholarly research The online platform further provides interactive cross referencing links and powerful searching and browsing capabilities within the work and across Wiley Blackwell's comprehensive online reference collection Learn more at www encyclopediaofwar com Selected by Choice as a 2013 Outstanding Academic Title Recipient of a 2012 PROSE Award honorable mention **Hidden History of the** Mid-Hudson Valley Carney Rhinevault, Tatiana Rhinevault, 2011-09-09 The Albany Post Road was the vital artery between New York City and the state capital in Albany in the eighteenth and nineteenth centuries It saw a host of interesting events and colorful characters though these unusual and extraordinary stories as well as their connection to the thoroughfare are

oft forgotten Revolutionary War spies marched this path and anti rent wars rocked Columbia County Underground Railroad safe houses in nearby towns like Rhinebeck and Fishkill sheltered slaves seeking freedom in Canada and Frank Teal s Dutchess County murder remains unsolved With illustrations by Tatiana Rhinevault local historian Carney Rhinevault presents these and other hidden stories from the Albany Post Road in New York s mid Hudson Valley Stanley D. M. Carpenter, 2019-02-21 In a world rife with conflict and tension how does a great power prosecute an irregular war at a great distance within the context of a regional struggle all within a global competitive environment The question so pertinent today was confronted by the British nearly 250 years ago during the American War for Independence And the answer as this book makes plain is not the way the British under Lieutenant General Charles Earl Cornwallis went about it in the American South in the years 1778 81 Southern Gambit presents a closely observed comprehensive account of this failed strategy Approaching the campaign from the British perspective this book restores a critical but little studied chapter to the narrative of the Revolutionary War and in doing so it adds detail and depth to our picture of Cornwallis an outsize figure in the history of the British Empire Distinguished scholar of military strategy Stanley D M Carpenter outlines the British strategic and operational objectives devoting particular attention to the strategy of employing Southern Loyalists to help defeat Patriot forces reestablish royal authority and tamp down resurgent Patriot activity Focusing on Cornwallis s operations in the Carolinas and Virginia leading to the surrender at Yorktown in October 1781 Carpenter reveals the flaws in this approach most notably a fatal misunderstanding of the nature of the war in the South and of the Loyalists support Compounding this was the strategic incoherence of seeking a conventional war against a brilliant unconventional opponent and doing so amidst a breakdown in the unity of command Ultimately strategic incoherence ineffective command and control and a misreading of the situation contributed to the series of cascading failures of the British effort Carpenter's analysis of how and why this happened expands our understanding of British decision making and operations in the Southern Campaign and their fateful consequences in the War for Independence The Oxford Companion to American Military History,
