Nathaniel Hawthorne The Contemporary Reviews:

Nathaniel Hawthorne John L. Idol, Buford Jones, 1994-07-29 From the self withdrawn Fanshawe through the posthumously issued Dr Grimshaw's Secret this compilation of reviews and notices traces Nathaniel Hawthorne's rise from obscurity to world renown as a writer placed in the ranks of Carlyle Dickens and Shakespeare Reviews by Henry Fothergill Chorley Henry Wadsworth Longfellow Edgar Allan Poe Herman Melville Margaret Fuller Elizabeth Palmer Peabody Edwin Whipple Henry James Edith Simcox William Dean Howells and many others respond to Hawthorne's tales romances notebooks and fragmentary works in efforts to capture and define the nature of Hawthorne's mind and the quality of his art **Nathaniel Hawthorne**, 1998 **A Study Guide for Nathaniel Hawthorne's "Dr. Heidegger's Experiment"** Gale, Cengage Learning, The Contemporary Review, 1892 *Hawthorne* Brenda Wineapple, 2012-01-11 Handsome reserved almost frighteningly aloof until he was approached then playful cordial Nathaniel Hawthorne was as mercurial and double edged as his writing Deep as Dante Herman Melville said Hawthorne himself declared that he was not one of those supremely hospitable people who serve up their own hearts delicately fried with brain sauce as a tidbit for the public Yet those who knew him best often took the opposite position He always puts himself in his books said his sister in law Mary Mann he cannot help it His life like his work was extraordinary a play of light and shadow In this major new biography of Hawthorne the first in more than a decade Brenda Wineapple acclaimed biographer of Janet Flanner and Gertrude and Leo Stein Luminous Richard Howard brings him brilliantly alive an exquisite writer who shoveled dung in an attempt to found a new utopia at Brook Farm and then excoriated the community or his attraction to it in caustic satire the confidant of Franklin Pierce fourteenth president of the United States and arguably one of its worst friend to Emerson and Thoreau and Melville who unlike them made fun of Abraham Lincoln and who also unlike them wrote compellingly of women deeply identifying with them he was the first major American writer to create erotic female characters Those vibrant independent women continue to haunt the imagination although Hawthorne often punishes humiliates or kills them as if exorcising that which enthralls Here is the man rooted in Salem Massachusetts of an old pre Revolutionary family reared partly in the wilds of western Maine then schooled along with Longfellow at Bowdoin College Here are his idyllic marriage to the youngest and prettiest of the Peabody sisters and his longtime friendships including with Margaret Fuller the notorious feminist writer and intellectual Here too is Hawthorne at the end of his days revered as a genius but considered as well to be an embarrassing puzzle by the Boston intelligentsia isolated by fiercely held political loyalties that placed him against the Civil War and the currents of his time Brenda Wineapple navigates the high tides and chill undercurrents of Hawthorne's fascinating life and work with clarity nuance and insight The novels and tales the incidental writings travel notes and children's books letters and diaries reverberate in this biography which both charts and protects the dark unknowable core that is quintessentially Hawthorne In him the quest of his generation for an authentically American voice bears disquieting fruit *The Nathaniel*

McGill, 2013-10-11 The antebellum period has long been identified with the belated emergence of a truly national literature And yet as Meredith L McGill argues a mass market for books in this period was built and sustained through what we would call rampant literary piracy a national literature developed not despite but

because of the systematic copying of foreign works Restoring a political dimension to accounts of the economic grounds of antebellum literature McGill unfolds the legal arguments and political struggles that produced an American culture of reprinting and held it in place for two crucial decades In this culture of reprinting the circulation of print outstripped authorial and editorial control McGill examines the workings of literary culture within this market shifting her gaze from first and authorized editions to reprints and piracies from the form of the book to the intersection of book and periodical publishing and from a national literature to an internally divided and transatlantic literary marketplace Through readings of the work of Dickens Poe and Hawthorne McGill seeks both to analyze how changes in the conditions of publication influenced literary form and to measure what was lost as literary markets became centralized and literary culture became stratified in the early 1850s American Literature and the Culture of Reprinting 1834 1853 delineates a distinctive literary culture that was regional in articulation and transnational in scope while questioning the grounds of the startlingly recent but nonetheless powerful equation of the national interest with the extension of authors rights

Portraits in Early Modern English Drama Emanuel Stelzer, 2019-05-14 Portraits in Early Modern English Drama studies the complex web of interconnections that grows out of the presentation of portraits as props in early modern English drama Emanuel Stelzer considers this theory from the Elizabethan age up to the closing of the theatres This book examines how the dramatic text and the subjectivities of the dramatis personae are shaped and changed through the process of observation and interpretation of pictures in the dramatic actions and dialogues Unlike any previous study it confronts when a portrait is clearly meant not to be a miniature This also has bearings on the effect of the picture on the audience and in terms of genre expectation Two important questions are interrogated in the book What were the price and value of these portraits and What were the strategies deployed by the playing companies to show women s portraits in a theatre without actresses This book will be of interest to different areas of research dealing with the history of drama and literature material and visual culture studies art history gender studies and performance studies

The Politics of Anxiety in Nineteenth-Century American Literature Justine S. Murison, 2011-04-21 For much of the nineteenth century the nervous system was a medical mystery inspiring scientific studies and exciting great public interest Because of this widespread fascination the nerves came to explain the means by which mind and body related to each other By the 1830s the nervous system helped Americans express the consequences on the body and for society of major historical changes Literary writers including Nathaniel Hawthorne and Harriet Beecher Stowe used the nerves as a metaphor to re imagine the role of the self amidst political social and religious tumults including debates about slavery and the revivals of the Second Great Awakening Representing the romance of the nervous system and its cultural impact thoughtfully and at times critically the fictional experiments of this century helped construct and explore a neurological vision of the body and mind Murison explains the impact of neurological medicine on nineteenth century literature and culture

Steele, 1873 **Hawthorne in His Own Time** Ronald A Bosco, Jillmarie Murphy, 2007-06 At his death Nathaniel Hawthorne 1804 1864 was universally acknowledged in America and England as the Great Romancer Novels such as The Scarlet Letter and The House of the Seven Gables and stories published in such collections as Twice Told Tales continue to capture the minds and imaginations of readers and critics to this day Harder to capture however were the character and personality of the man himself So few of the essays that appeared in the two years after his death offered new insights into his life art and reputation that Hawthorne seemed fated to premature obscurity or at least permanent misrepresentation This first collection of personal reminiscences by those who knew Hawthorne intimately or knew about him through reliable secondary sources rescues him from these confusions and provides the real human history behind the successful writer Remembrances from Elizabeth Peabody Sophia Hawthorne Oliver Wendell Holmes Ralph Waldo Emerson Bronson Alcott Rebecca Harding Davis and twenty others printed in Hawthorne in His Own Time follow him from his childhood in Salem through his years of initial literary obscurity his days in the Boston and Salem Custom Houses his service as U S Consul to Liverpool and Manchester and his life in the Anglo American communities at Rome and Florence to his late years as the Great Romancer In their enlightening introduction editors Ronald Bosco and Jillmarie Murphy assess the postmortem building of Hawthorne s reputation as well as his relationship to the prominent Transcendentalists spiritualists Swedenborgians and other personalities of his time By clarifying the sentimental associations between Hawthorne s writings and his actual personality and moving away from the critical review to the personal narrative these artful and perceptive reminiscences tell the private and public story of a remarkable life Childhood and the Classics Sheila

Murnaghan, Deborah H. Roberts, 2018-03-09 The dissemination of classical material to children has long been a major form of popularization with far reaching effects although until very recently it has received almost no attention within the growing field of classical reception studies This volume explores the ways in which children encountered the world of ancient Greece and Rome in Britain and the United States over a century long period beginning in the 1850s as well as adults literary responses to their own childhood encounters with antiquity Rather than discussing the role of classics in education it focuses on books read for enjoyment and on two genres of children s literature in particular the myth collection and the historical novel The tradition of myths retold as children s stories is traced in the work of writers and illustrators from Nathaniel Hawthorne and Charles Kingsley to Roger Lancelyn Green and Ingri and Edgar Parin D Aulaire while the discussion of historical fiction focuses particularly on the roles of nationality and gender in the construction of an ancient world for modern children The book concludes with an investigation of the connections between childhood and antiquity made by writers for adults including James Joyce Virginia Woolf and H D Recognition of the fundamental role in children s literature of adults ideas about what children want or need is balanced throughout by attention to the ways in which child readers have made such works their own The formative experiences of antiquity discussed throughout help to explain why despite growing uncertainty about the appeal of antiquity to modern children the classical past remains perennially interesting and inspiring
