Curtis IV, 2009-01-05 Elijah Muhammad s Nation of Islam came to America s attention in the 1960s and 1970s as a radical separatist African American social and political group But the movement was also a religious one Edward E Curtis IV offers the first comprehensive examination of the rituals ethics theologies and religious narratives of the Nation of Islam showing how the movement combined elements of Afro Eurasian Islamic traditions with African American traditions to create a new form of Islamic faith Considering everything from bean pies to religious cartoons clothing styles to prayer rituals Curtis explains how the practice of Islam in the movement included the disciplining and purifying of the black body the reorientation of African American historical consciousness toward the Muslim world an engagement with both mainstream Islamic texts and the prophecies of Elijah Muhammad and the development of a holistic approach to political religious and social liberation Curtis s analysis pushes beyond essentialist ideas about what it means to be Muslim and offers a view of the importance of local processes in identity formation and the appropriation of Islamic traditions Heroes of Al-Islam (Islam) in America Book 2: Understanding the works and mission of Abdul Wali Farrad Muhammad Ali (Master Wallace Fard Muhammad) Hassan Shabazz, 2020-01-27 This pamphlet or booklet is a humble attempt by the author to shine the light of Al Islaam the Holy Qur an and the language of Imaam W Deen Mohammed on the teachings and lessons of one W F Muhammad In this booklet I use the name Abdul Wali Farad Muhammad Ali for Wallace Fard Muhammad in many instances The closes Arabic equivalent for Wallace would probably be Wali We also use the nickname given to Mr Fard by Imam W Deen Mohammed W D Forty **Understand My Muslim People** Abraham Sarker, 2004-11-24 For many Americans questions concerns and misunderstandings surround the world s fastest growing

**South Side Girls** Marcia Chatelain,2015-04-19 In *South Side Girls* Marcia Chatelain recasts Chicago's Great Migration through the lens of black girls Focusing on the years between 1910 and 1940 when Chicago's black population quintupled Chatelain describes how Chicago's black social scientists urban reformers journalists and activists formulated a vulnerable image of urban black girlhood that needed protecting She argues that the construction and meaning of black girlhood shifted in response to major economic social and cultural changes and crises and that it reflected parents and community leaders anxieties about urbanization and its meaning for racial progress Girls shouldered much of the burden of black aspiration as adults often scrutinized their choices and behavior and their well being symbolized the community's moral health Yet these adults were not alone in thinking about the Great Migration as girls expressed their views as well Referencing girls letters and interviews Chatelain uses their powerful stories of hope anticipation and disappointment to highlight their feelings and thoughts and in so doing she helps restore the experiences of an understudied population to the Great Migration's complex narrative

discourses that have shaped the Nation of Islam NOI in America Drawing on the speeches and writing of figures such as Elijah Muhammad Malcolm X Warith Deen Mohammad and Louis Farrakhan Finley shows that the NOI and its leaders used multiple religious symbols rituals and mythologies meant to recast the meaning of the cosmos and create new transcendent and immanent black bodies whose meaning cannot be reduced to products of racism Whether examining how the myth of Yakub helped Elijah Muhammad explain the violence directed at black bodies how Malcolm X made black bodies in the NOI publicly visible or the ways Farrakhan s discourses on his experiences with the Mother Wheel UFO organize his interpretation of black bodies Finley demonstrates that the NOI intended to retrieve reclaim and reform black bodies in a context of antiblack violence

**Those Who Know Don't Say** Garrett Felber, 2019-11-21 Challenging incarceration and policing was central to the postwar Black Freedom Movement In this bold new political and intellectual history of the Nation of Islam Garrett Felber centers the Nation in the Civil Rights Era and the making of the modern carceral state In doing so he reveals a multifaceted freedom struggle that focused as much on policing and prisons as on school desegregation and voting rights The book examines efforts to build broad based grassroots coalitions among liberals radicals and nationalists to oppose the carceral state and struggle for local Black self determination It captures the ambiguous place of the Nation of Islam specifically and Black nationalist organizing more broadly during an era which has come to be defined by nonviolent resistance desegregation campaigns and racial liberalism By provocatively documenting the interplay between law enforcement and Muslim communities Felber decisively shows how state repression and Muslim organizing laid the groundwork for the modern carceral state and the contemporary prison abolition movement which opposes it Exhaustively researched the book illuminates new sites and forms of political struggle as Muslims prayed under surveillance in prison yards and used courtroom political theater to put the state on trial This history captures familiar figures in new ways Malcolm X the courtroom lawyer and A Philip Randolph the Harlem coalition builder while highlighting the forgotten organizing of rank and file activists in prisons such as Martin Sostre This definitive account is an urgent reminder that Islamophobia state surveillance and police violence have deep roots in the state repression of Black communities during the mid 20th century

Crawford,2015-02-05 Black Muslims and the Law Civil Liberties From Elijah Muhammad to Muhammad Ali examines the Nation of Islam's quest for civil liberties as what might arguably be called the inaugural and first sustained challenge to the suppression of religious freedom in African American legal history Borrowing insights from A Leon Higginbotham Jr's classic works on American slavery jurisprudence Black Muslims and the Law reveals the Nation of Islam's strategic efforts to engage governmental officials from a position of power and suggests the federal executive congressmen judges lawyers law enforcement officials prison administrators state governments and African American civic leaders held a common understanding of what it meant to be and not to be African American and religious in the period between World War II and the Vietnam War The work raises basic questions about the rights of African descended people to define god question white moral authority and critique the moral legitimacy of American war efforts according to their own beliefs and standards

**Black Routes to Islam** M. Marable,2009-08-03 Starting with 19th century narratives of African American travelers to the Holy Land the following chapters probe Islam's role in urban social movements music and popular culture relations between African Americans and Muslim immigrants and the racial politics of American Islam with the ongoing war in Iraq

**Killing the Messenger** Thomas Peele,2012-02-07 When a nineteen year old member of a Black Muslim cult assassinated Oakland newspaper editor Chauncey Bailey in 2007 the most shocking killing of a journalist in the United States in thirty years the question was Why I just wanted to be a good soldier a strong soldier the killer told police A strong soldier for whom Killing the Messenger is a searing work of narrative nonfiction that explores one of the most blatant attacks on the First Amendment and free speech in American history and the small Black Muslim cult that carried it out Award winning investigative reporter Thomas Peele examines the Black Muslim movement from its founding in the early twentieth century by a con man who claimed to be God to the height of power of the movement's leading figure Elijah Muhammad to how the great grandson of Texas slaves reinvented himself as a Muslim leader in Oakland and built the violent cult that the young gunman eventually joined Peele delves into how charlatans exploited poor African Americans with tales from a religion they falsely claimed was Islam and the years of bloodshed that followed from a human sacrifice in Detroit to police shootings of unarmed Muslims to the horrible backlash of racism known as the zebra murders and finally to the brazen killing of Chauncey Bailey to stop him from publishing a newspaper story Peele establishes direct lines between the violent Black Muslim organization run by Yusuf Bey in Oakland and the evangelicalism of the early prophets and messengers of the Nation of Islam Exposing the roots of the faith Peele examines its forerunner the Moorish Science Temple of America which in the 1920s and 30s preached to migrants from the South living in Chicago and Detroit ghettos that blacks were the world's master race tricked into slavery by white devils In spite of the fantastical claims and hatred at its core the Nation of Islam

was able to build a following by appealing to the lack of identity common in slave descendants In Oakland Yusuf Bey built a cult through a business called Your Black Muslim Bakery beating and raping dozens of women he claimed were his wives and fathering more than forty children Yet Bey remained a prominent fixture in the community and police looked the other way as his violent soldiers ruled the streets An enthralling narrative that combines a rich historical account with gritty urban reporting Killing the Messenger is a mesmerizing story of how swindlers and con men abused the tragedy of racism and created a radical religion of bloodshed and fear that culminated in a journalist s murder THOMAS PEELE is a digital investigative reporter for the Bay Area News Group and the Chauncey Bailey Project He is also a lecturer at the University of California Berkeley Graduate School of Journalism His many honors include the Investigative Reporters and Editors Tom Renner Award for his reporting on organized crime and the McGill Medal for Journalistic Courage He lives in Northern California

*Black Power, Jewish Politics* Marc Dollinger, 2024-04-02 Highlights Jewish participation in the civil rights movement Black Power Jewish Politics charts the transformation of American Jewish political culture from the Cold War liberal consensus of the early postwar years to the rise and influence of Black Power inspired ethnic nationalism It shows how in a period best known for the rise of antisemitism in some parts of the Black community and the breakdown of the alliance between white Jews and Black Americans Black Power activists enabled Jewish activists to devise a new Judeo centered political agenda including the emancipation of Soviet Jews the rise of Jewish Day Schools the revitalization of worship services with gender inclusive liturgy and the birth of a new form of American Zionism Undermining widely held beliefs about the civil rights movement Black Power racism Soviet Jewry American Zionism and the religious revival of the 1970s Black Power Jewish Politics describes a new political consensus based on identity politics that drew Black and Jewish Americans together and altered the course of American liberalism In the midst of national reckoning on race this revised edition extends the book s thesis to the contemporary period investigating the limits of white Jewish liberalism the ways in which scholars have and have not addressed racial privilege in their work and the dynamics around these themes in a much more diverse American Jewish community

**Whose Black Politics?** Andra Gillespie, 2010-01-29 The past decade has witnessed the emergence of a new vanguard in African American political leaders They came of age after Jim Crow segregation and the Civil Rights Movement they were raised in integrated neighborhoods and educated in majority white institutions and they are more likely to embrace deracialized campaign and governance strategies Members of this new cohort such as Cory Booker Artur Davis and Barack Obama have often publicly clashed with their elders either in campaigns or over points of policy And because this generation did not experience codified racism critics question whether these leaders will even serve the interests of African Americans once in office With these pressing concerns in mind this volume uses multiple case studies to probe the implications of the emergence of these new leaders for the future of African American politics Editor Andra Gillespie establishes a new theoretical framework based on the interaction of three factors black

leaders crossover appeal their political ambition and connections to the black establishment She sheds new light on the changing dynamics not only of Black politics but of the current American political scene     *Understanding the Times* Jeff Myers, David A. Noebel, 2015-09-01 Your view of God determines your view of the world You hold in your hands a landmark guide to understanding the ideas and forces shaping our times *Understanding the Times* offers a fascinating comprehensive look at the how the tenets of the Christian worldview compares with the five major competing worldviews of our day Islam Secular Humanism Marxism New Age and Postmodernism *Understanding the Times* is a systematic way to understand the ideas that rule our world While the material is expansive the engaging easy to understand writing style invites you to discover the truths of God and our world This classic should be on the shelf of every Christian home on the desk of every pastor and in the hands of every Christian student headed off to college
