Indian reservation in the isolated desert of California they knew local authorities would challenge them Cabazon persisted and ultimately won defeating the State of California in a landmark case before the Supreme Court By fighting for their right to operate a poker club Cabazon opened up the possibility for native nations across the United States to open casinos on their own reservations spurring the growth of what is now a 30 billion industry Cahuilla Nation Activism and the Tribal Casino Movement tells the bigger story of how the Cahuilla nations including the Cabazon have used self reliance and determination to maintain their culture and independence against threats past and present From California s first governor s war of extermination against native peoples through today s legal and political challenges Gordon shows that successful responses have depended on the Cahuilla s ability to challenge non natives assumptions and misconceptions *Tribal Nation* Adrienne Lynn Edgar,2006-09-05 On October 27 1991 the Turkmen Soviet Socialist Republic declared its independence from the Soviet Union Hammer and sickle gave way to a flag a national anthem and new holidays Seven decades earlier Turkmenistan had been a stateless conglomeration of tribes What brought about this remarkable transformation Tribal Nation addresses this question by examining the Soviet effort in the 1920s and 1930s to create a modern socialist nation in the Central Asian Republic of Turkmenistan Adrienne Edgar argues that the recent focus on the Soviet state as a maker of nations overlooks another vital factor in Turkmen nationhood the complex interaction between Soviet policies and indigenous notions of identity In particular the genealogical ideas that defined premodern Turkmen identity were reshaped by Soviet territorial and linguistic ideas of nationhood The Soviet desire to construct socialist modernity in Turkmenistan conflicted with Moscow s policy of promoting nationhood since many Turkmen viewed their backward customs as central to Turkmen identity Tribal Nation is the first book in any Western language on Soviet Turkmenistan the first to use both archival and indigenous language sources to analyze Soviet nation making in Central Asia and among the few works to examine the Soviet multinational state from a non Russian perspective By investigating Soviet nation making in one of the most poorly understood regions of the Soviet Union it also sheds light on broader questions about nationalism and colonialism in the twentieth century
