including trade associations professional societies labor unions and public interest groups It focuses upon the ways that
these organizations acquire resources and allocate them to various collective actions particularly for member services public
relations and political action This analysis is structured around three broad theoretical paradigms for collective action 1 the
problem of societal integration which concerns the ways that people are tied to organizations and the ways that organizations
connect their members with the larger society 2 the problem of organizational governance which considers how individuals
become unified collectivities capable of acting in a coordinated manner and 3 the problem of public policy influence which
involves interactions among public and private interest groups to formulate the binding decisions under which we all must
