in the 1860s so the story goes an ambitious up and coming female sculptor was making love to an older married man in an art studio It was complicated because the man was not only one of the most famous sculptors in the country but the young woman s teacher and mentor Things got worse when they were rudely interrupted by the woman s mother accompanied by her faithful servant The mother shocked at what she had stumbled across was dressed in black still mourning the death of her beloved husband She screamed at her daughter And on this occasion the young woman screamed back one of the very few people who would dare stand up to such a formidable figure The daughter accused her mother of hypocrisy of having an affair with the kilted servant who stood by her side and threatened to expose her mother s affair to the wider world if she continued to menace her An excerpt from the Chapter XIII People have long been fascinated by the stories behind royal portraits This volume takes readers inside royal families by way of great paintings like Holbein s Henry VIII van Dyck s Charles I Millais The Princes in the Tower Freud s Elizabeth II and more Featuring incredible little known stories of the royals and illustrates this beautiful collection is illustrated with color paintings photos family trees and Royal London walking tours with maps *Masters in Art: English school. Reynolds through Wilkie. American school* ,1905 **Old Masters Worldwide** Susanna Avery-Quash,Barbara Pezzini,2020-10-15 As a result of the Napoleonic wars vast numbers of Old Master paintings were released on to the market from public and private collections across continental Europe The knock on effect was the growth of the market for Old Masters from the 1790s up to the early 1930s when the Great Depression put an end to its expansion This book explores the global movement of Old Master paintings and investigates some of the changes in the art market that took place as a result of this new interest Arguably the most important phenomenon was the diminishing of the traditional figure of the art agent and the rise of more visible increasingly professional dealerships firms such as Colnaghi and Agnew s in Britain Goupil in France and Knoedler in the USA came into existence Old Masters Worldwide explores the ways in which the pioneering practices of such businesses contributed to shape a changing market
