

The book cover features a background image of three white silhouettes of figures standing in shallow water, possibly a beach at sunset. The figure on the left holds a long, thin object horizontally. The central figure holds a circular inset in their right hand; this inset shows a close-up of a bright, glowing flame or light source. The figure on the right holds a long, thin object vertically. The water reflects the figures and the sky. The title is centered over the middle figure.

Eurasia 2.0 Mark Bassin,Mikhail Suslov,2016-03-17 This book discusses the return of geopolitical ideas and doctrines to the post Soviet space with special focus on the new phenomenon of digital geopolitics which is an overarching term for different political practices including dissemination of geopolitical ideas online using the internet by political figures and diplomats for legitimation and outreach activity and viral spread of geopolitical memes Different chapters explore the new possibilities and threats associated with this digitalization of geopolitical knowledge and practice Our authors consider new spatial sensibilities and new identities of global as well as local Selves the emergence of which is facilitated by the internet They explore recent reconfigurations of the traditional imperial conundrum of center versus periphery Developing Manuel Castells argument that social activism in the digital era is organized around cultural values the essays discuss new geopolitical ideologies which aim to reinforce Russia s spiritual sovereignty as a unique civilization while at the same time seeking to rebrand Russia as a greater soft power by utilizing the Russian speaking diaspora or employing traditionalist rhetoric Great Power imagery enemy making and visual mappings of Russia s future territorial expansion are traditional means for the manipulation of imperial pleasures and geopolitical fears In the age of new media however this is being done with greater subtlety by mobilizing the grassroots contracting private information channels and de politicizing geopolitics Given the political events of recent years it is logical that the Ukrainian crisis should provide the thematic backdrop for most of the authors Geopolitics and Identity in British Foreign Policy Discourse Nick Whittaker,2023-07-27 This is the first book to examine Britain s geopolitical identity and how it is expressed in foreign policy discourse It demonstrates how British imperial thought related to its island status has remained important for British Members of Parliament in their debates of contemporary issues It presents an exciting and provocative new reading of modern British foreign policy that decentres traditional notions of rationalism and pragmatism by foregrounding the much neglected aspects of identity and geopolitical space As British foreign policy makers wrestle with how to define Britishness outside of the EU this analysis provides a fresh perspective It presents a much needed historical contextualisation of long standing concepts such as insularity from Europe and a universal aspect on world affairs This book will be highly relevant for students researchers and professionals that are seeking to understand British foreign policy It will be of interest to those researching and working within geopolitics identity sociology foreign policy analysis and international relations Liberal and Illiberal Nationalisms R. Taras,2002-07-05 How people construct their idea of home influences the types of nationalisms that emerge in various parts of the world These nationalisms can be inclusive or exclusionary tolerant or intolerant peaceful or violent In this important new book Ray Taras provides a comprehensive analysis of the history and study of nationalism He describes what happens when home is defined as empire Russia and India secessionist state KwaZulu and Quebec uninational Volkstaat Germany and Israel or transnational

community Islam and anti Americanism Finally he explores the idea that the mantra of multiculturalism has fuelled conflicts over what home is and generates divisions within and between communities

Euro-Atlantic Discourse in Georgia

Frederik Coene,2016-04-14 How have discourses of Euro Atlanticism been used in domestic and international affairs by the political elite in Georgia After the 2003 Rose Revolution as relations with Russia soured a Euro Atlantic orientation portrayed as a single and coherent strategy became the cornerstone of Georgian foreign policy as well as a model for domestic reforms This promise of a prosperous future offered new hope to the Georgian population Scepticism or critical thinking towards President Saakashvili and his government were equated to pro Russian treason and pro western orientation and impressive reforms promoted as being modelled along European standards emerged simultaneously with an outspoken rhetoric and active symbolism References to Europe and the Euro Atlantic structures became ubiquitous as European flags were brandished throughout the country Addressing a gap in the existing literature the author examines a large volume of data extracted from news items from 20 different Georgian and International media channels over a ten year period Through this he identifies patterns in the discourse to explain the intentions of the Georgian elite and examines the effectiveness of the rhetoric

After Communism Donald R. Kelley,2003-01-01 In this collection top scholars of Soviet and post Soviet studies convene to explore communism s aftermath They consider state building and consitutionalism the transition to market capitalism and democracy across Eastern Europe the political development of Muslim states the complex and differential developments of electoral systems the risks and opportunities of nationalism and new political and economic activities in Russia from corruption to contracts Editor Donald Kelley introduces the volume with a synthesis of the theoretical and empirical findings of the volume and his brief chapter introductions place each contribution in relation to the other essays and to larger debates on democratization

Critical Theories in International Relations Tayyar Ari,2023-04-04 This edited book focuses primarily on contemporary debates and the critical and postmodern theories to be considered a significant contribution to the field This book shows that critical international relations theories which are incomprehensible and challenging are easy and understandable The book analyzes the Frankfurt School constructivism post colonialism feminism critical geopolitics political economy Copenhagen School Aberystwyth School Paris School and Ontological security Critical Theories in International Relations argues that neither identity nor security can be considered a fixed and objective issue can change according to time and space and depend on historical and sociological factors Nothing is given for critical approaches and they are produced and reproduced in ever changing conditions that lead to new truths and meanings These are the results of reflexive and non linear interactions In this context it is made pedagogically understandable to the readers within this framework

Modern Roots Alain Dieckhoff,Natividad Gutiérrez,2017-07-05 Interest in the study of national identity as a collective phenomenon is a growing concern among the social and political sciences This book addresses the scholarly interest in examining the origins of ideologies and social practices that give historical meaning cohesion and

uniqueness to modern national communities It focuses on the various routes taken towards the construction of cultural authenticity as an inspirational purpose of nation building and reveals the diversity of the themes practices and symbols used to encourage self identification and communality Among the techniques explored are the dramatization of suffering and tragedy the exaltation of heroes and deeds the evocation of landscape nature and the arts and the delimitation of collective values to be pursued during reconstruction in post war periods **GEOGRAPHY - Volume II** Maria Sala,2009-07-17

Geography is a component of Encyclopedia of Earth and Atmospheric Sciences in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias Geographical perceptions can be traced from very ancient cultures although geography as a science started its development during the eighteen century it was firmly established after the Darwinian revolution and many of its fundamentals appeared during the nineteenth century The history of geography is closely connected with the history of human society Geography embraces both the physical and human worlds and aims to bridge natural and human sciences For a geographer although the environment and its conservation is a crucial item it is also fundamentally concerned with the living standards of humankind Although its wide embrace may be seen as a weakness diversification is also strength and an attraction Approaches are multidisciplinary exploring the complex linkages between the cultural and the natural These favor cross cultural communication and mutual understanding at a global scale There is a geographical basis to most of the outstanding political problems and geographical reasons to explain them The subject matter of the geography theme is presented basically on how the subject matter is taught presently at the universities and following the many paths its practitioners are following in doing research It introduces modern subject matters and goes much further than a simple description of places and travels The theme has been divided into four main topics Foundations Physical Geography Human Geography and Technical matters The scope of the foundation topic is to present an overview of the basis of the geographical field its scope history methods and its importance in education The chapters included are Main Stages of the Development Theory and Methods and Geographical Education The Physical Geography topic includes the historical background of the geographical study of the Earth natural environment and the main fields cultivated by geographers It consists of eight chapters on basic research fields which are Geomorphology Climatology Hydrology Biogeography Soil Geography Coastal Systems Ocean Geography Mountain Geocology and two chapters on environmental issues Natural Hazards and Land Degradation and Desertification In the Human Geography topic six chapters discuss the more current fields that is Population Cultural and Social Agricultural and Rural Industries and Transport Economic Activities and Urban Geography Three chapters present subjects developed more recently Medical Political and Tourism geographies Finally the Regional approach is presented as the most traditional and integrative field These volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs **Memories of Empire and Entry into**

International Society Filip Ejdus, 2017-06-14 What is the role of memories for the expansion of international society By drawing on the English School approach to International Relations this edited volume argues that the memories of empire and suzerainty are key to understanding sociological aspects of the expansion of anarchical society The expert contributors adopt a socio historic conceptualization of entry into international society aiming to move beyond the legalist analysis and also explore the impact of identity constructions and collective memories on the expansion of international society Empirically the volume investigates the entry into international society of Belarus Bulgaria Greece Poland Serbia Slovakia and Romania and studies memories that they activated along the way While these memoirs of bygone polities were used by state builders to make sense of international society and legitimise claims of the new entrants they inadvertently also generated tensions and anxieties which in many ways persist until this day Both the theoretical angle and the empirical material presented in this volume are novel additions to the growing body of knowledge in historical International Relations Exploring how memories and experiences of the past still complicate the entrants positions in international society and to what degree ensuing tensions remain today this volume will be of interest to students and scholars of European International Relations particularly those with a focus on Eastern Europe
