**The National Railway Collection, April 1994** National Railway Museum, 1994      **Steaming On** Ian R. Smith, National Railway Museum. Friends, 2004-05-01      *The Directory of Museums and Special Collections in the UK* Peter Dale, 2023-05-31 Compiled with the assistance of the Museums Association this important directory incorporates over 2 100 museums almost double the number of inclusions in the 1st edition It covers all types including collections of artefacts The index contains over 3 000 subjects It is designed particularly to uncover those holdings that are more unusual and less well known The directory covers all subjects except living organisms An indispensable reference source for the library and an ideal companion for researcher or enthusiast alike      **The Impact of the Railway on Society in Britain** A. K. B. Evans, J.V. Gough, 2017-03-02 Jack Simmons perhaps more than any other single scholar is responsible for the advancement of the academic study of transport history As well as being a co founder of the Journal of Transport History he wrote extensively on a variety of transport related topics and was instrumental in developing the London Transport and the National Railway museums Whilst his death in September 2000 at the age of 85 was a sad loss to the world of transport history the achievements of his life celebrated in this festschrift remain a lasting legacy to succeeding generations of scholars in many fields Concentrating on the theme of the railways and how they dramatically affected the development of Britain and her society this collection touches on numerous issues first highlighted by Professor Simmons which are now central to academic study These include the men who built the railways those who financed the enterprise how the railways affected such everyday issues as tourism the arts and politics as well as the lasting legacy of the railways in a country now dominated by the private car This volume written by former friends students and colleagues of Professor Simmons reflects these interests and provides a fitting tribute to one of the truly great British historians of the twentieth century      *Steam Alive* Ian R. Smith,      *London's Great Railway Stations* Oliver Green, 2021-12-07 A lavish photographic history of all the key railway stations of London for transport buffs and anyone interested in the rich history of London      *Non-standard Collection Management* M. Pearce, 2018-11-09 First published in 1992 this volume recognises that it is not unusual when practising librarianship to come across small to medium collections within the library which because they are different from the main collection are outside the librarian's experience or are a new type of material not properly managed or exploited Therefore this volume contains chapters on a range of materials which are united by a certain rarity in the experience of most librarians It is aimed at those who need to know how to progress from scratch with a collection but not necessarily to take it into complete specialization There is information about characteristics of each type of material as well as guidance for their management Lists of further reading are provided and a note of some important collections      **Caring for our collections** Great Britain: Parliament: House of Commons: Culture, Media and Sport Committee, 2007-06-25 Incorporating HCP 1624 i and ii session 2005 06 previously unpublished      *Lost Railway Journeys from Around the World* Anthony

porters often found themselves leading racial uplift organizations galvanizing their communities and becoming the bedrock of civil rights activism Examining the spread of segregation laws and practices in Canada whose citizens often imagined themselves as devoid of racism Mathieu historicizes Canadian racial attitudes and explores how black migrants brought their own sensibilities about race to Canada participating in and changing political discourse there **The National Railway Collection** ,1988-01
