**Nationalism and Unionism** Peter Collins,1994      *The Northern Ireland Question: Perspectives on Nationalism and Unionism* Patrick John Roche,Brian Barton,2020-03-26 The contributions to this book challenge much conventional understanding of a number of important issues relating the Troubles These include the genesis and establishment of a functioning government in Northern Ireland in the context of Ireland s turbulent post 1916 revolutionary period claims of systematic unionist discrimination in housing and employment and the origins of the Northern Ireland civil rights movement the ideology of Irish nationalism particularly its traditional sectarian exclusivism and its legitimization of violence and the decisive contribution of the security forces in bringing the conflict to an end The contributions relating to the post 1998 period explore post Brexit unionist and nationalist expectations and anxieties within the framework of patterns of thought embedded in nationalism and unionism and assess the operation of the institutions of government in Northern Ireland the political motivations that have directed dealing with the past and current economic arguments for Irish unity      *Nationalism and Unionism* Peter Collins,1996      *Nationalism and Unionism* Eilis Brennan,Sandra Gillespie,1996 A guide to understanding how developments at a local national and international level have helped to shape the economy culture and political structure of Ireland      Northern Ireland Question Patrick Roche,2014-12-09 Barton and Roche have drawn on the expertise of leading Irish historians to examine the history and political ideological character of Irish nationalism and unionism and the origins and implementation of Partition The book also draws on the expertise of historians political analysts and economists to explore North South relations in post Partition Ireland and the extent of socio economic and political discrimination in Northern Ireland after 1920 The Northern Ireland Question Nationalism Unionism and Partition offers a revisionist challenge to Irish nationalist claims in for example the Report of the New Ireland Forum published in 1984 about the nature and extent of discrimination in Northern Ireland and to Irish nationalist claims about the economic viability of the political unification of Ireland The book concludes with an overview of unionist and nationalist thinking in the 1990s during the crucial period of the beginning of the peace process and the negotiations that led to the Belfast Agreement in 1998

Nationalism and Unionism Peter Collins,1994      *Ulster Unionism and British National Identity Since 1885* James Loughlin,1995 Much has been written on the Irish problem and on the political manifestations of Ulster Unionism but the history of Unionist ideology has been relatively neglected James Loughlin aims to correct this and to discuss the relationship of Unionism to the idea of Britishness demonstrating that the central element of Unionism was its rejection of Irish nationalism and its firm embracing of British national identity particularly with regard to the monarchy and membership of the wider British nation The author pays close attention to primary sources especially local newspapers and thus reveals the regional variations in the character of Unionism      **The Northern Ireland Question** Brian Barton,Patrick J. Roche,2019-05-29 First published in 1999 this volume was the third in a trilogy on the problem of Northern Ireland It

examines the political content of the unionist and nationalist ideologies which have emerged in the late 19th and early 20th centuries in Ireland The focus of the book is also to examine and assess the impact of unionist and nationalist thinking and commitment on political and economic life in the twentieth century **Irish Nationalism and Unionism in the 20th Century** Paul Bew,1981

**Ulster Unionism and the Peace Process in Northern Ireland** C. Farrington,2015-12-04 The politics of Ulster Unionism is central to the success or failure of any political settlement in Northern Ireland This book examines the relationship between Ulster Unionism and the peace process in reference to these questions **Athlone**

**1900-1923** John Burke,2015-03-02 Athlone 1900 1923 is perhaps the most detailed analysis ever carried out for an Irish town during these tumultuous times It is a meticulously researched study of how the developing fortunes of Irish nationalism played out on a local stage a study that helps the modern reader to appreciate just how the momentous political changes affected the lives of the town s citizens Throughout this work the motivations and ideologies of the local personalities that lent colour to much of what occurred are analysed as are the effects of national and international events on Athlone s development

Conflict in 19th Century Ireland Russell Rees,2010 An updated and extended version of Dr Rees popular A level text Nationalism and Unionism in 19th Century Ireland this book has been substantially revised to reflect the extension of the module for the revised CCEA specification **Territorial politics in Catalonia and Scotland** Paul

Anderson,2024-05-28 Nations in flux explores the evolution of territorial politics in Catalonia and Scotland since 2010 offering an in depth comparative analysis of developments in both cases and drawing on interviews with political elites whilst providing a compelling snapshot of the growing relevance of nationalism in contemporary society and politics Empirically this book analyses the experiences and effects of referendums on independence Brexit and the COVID 19 pandemic and examines some of the most pressing tensions within the existing territorial models It highlights the need for further reform in both cases and identifies necessary changes to ensure the institutionalisation of more accommodative territorial models and thus the continuation of political partnership between Catalonia and Spain and Scotland and the UK Overall the book raises important questions about the accommodation of diversity in plurinational states in the twenty first century *Ireland*

Joseph Coohill,2014-03-06 From the first prehistoric inhabitants of the island to the St Andrews Agreement and decommissioning of IRA weapons this uniquely concise account of Ireland and its people reveals how differing interpretations of history ancient and modern have influenced modern Irish society Combining factual information with a critical approach Coohill covers all the key events including the Great Famine Home Rule and the Good Friday Agreement Updated with two new chapters expanding the discussion of pre modern Ireland as well as developments in the 21st century this highly accessible and balanced account will continue to provide a valuable resource to all those wishing to acquaint themselves further with the complex identity of the Irish people Global Liberalism, Local Populism Guy Ben-Porat,2006-04-28 In recent years the conflicts in Israel Palestine and Northern Ireland continue to oscillate between momentum for peaceful

resolution and regression into new cycles of violence or political deadlock To understand these shifts Guy Ben Porat provides an in depth analysis of the global environment and the profound effect it has on local conflicts Because globalization affects localized social structures institutions and political divisions as well as international relationships between states and societies it offers a unique perspective from which to examine the commonalities and differences between two regions laden with conflict Ben Porat reveals how the complex and often contradictory characteristics of globalization both constrain and promote the peace processes in Israel Palestine and Northern Ireland Drawing on scholarship in the field of globalization and on archival research including interviews with leading businessmen involved in the peace process Ben Porat believes that a critical interrogation of the interface between economic interests and policy makers is central to an understanding of the complex relationship between globalization and peace In clear and convincing arguments this book presents an important and innovative approach to two of the world s most intractable conflicts

**Civic Parties in Divided Societies** Cera Murtagh,2025-09-02 In Northern Ireland and Bosnia Herzegovina a new form of politics is emerging thirty years after conflict Despite ongoing polarization civic political parties those that reject ethnonationalism and organize around alternative identities and issues have formed endured and claimed political space Notably these parties have emerged within the context of consociational power sharing a political system explicitly designed to accommodate ethnonational groups The rise of civic politics challenges the dominant narrative of deeply divided societies Cera Murtagh explores how countries transition from armed conflict to issue based democracies highlighting both the institutional barriers that civic parties face and the opportunities they can seize Drawing on extensive fieldwork including more than one hundred semi structured elite interviews at critical political moments Civic Parties in Divided Societies is the culmination of over a decade s research on Northern Ireland Bosnia Herzegovina and beyond How do societies move on from conflict not just to the cessation of violence but towards a fuller civic democracy And how do they do so when institutions have been put in place to manage the conflict by recognizing ethnonational identity Civic Parties in Divided Societies looks at how global political trends might shape the future of civic politics in societies rife with cleavages

**Secessionism and Separatism in Europe and Asia** Jean-Pierre Cabestan,Aleksandar Pavković,2013-01-03 The boundaries between secessionism and separatism are often blurred and in many cases study of secessionism encompasses that of separatism and vice versa Recognising this inherent relationship this

book provides a comparative survey of recent attempts at secession and separatist movements from across Europe and Asia and assesses the responses of the respective host governments The essays address two main questions which arise from the relationship between state governments and secessionist movements first how secessionist or separatist movements gather support and mobilize their target populations and second how central political authorities respond to the challenges that secessionist or separatist movements pose to their capacity to control the country With political analysis of recent cases ranging from the Balkans the USSR the UK and the Basque Country to Sri Lanka Burma China Tibet and Taiwan the authors identify both similarities and differences in the processes and outcomes of secessionist and separatist movements across the two distinct regions This volume will be an invaluable resource for those who wish to understand the dynamics of secessionist movements and as such will appeal to students and scholars of Asian and European politics comparative politics international relations and conflict studies It will also be helpful to practitioners and policy makers who wish to understand and contribute to the resolution of such conflicts

**The Dynamics of Conflict in Northern Ireland** Joseph Ruane, Jennifer Todd, 1996-11-13 This book offers a uniquely comprehensive account of the conflict in Northern Ireland providing a rigorous analysis of its dynamics and present structure and proposing a new approach to its resolution It deals with historical process communal relations ideology politics economics and culture and with the wider British Irish and international contexts It reveals at once the enormous complexity of the conflict and shows how it is generated by a particular system of relationships which can be precisely and clearly described The book proposes an emancipatory approach to the resolution of the conflict conceived as the dismantling of this system of relationships Although radical this approach is already implicit in the converging understandings of the British and Irish governments of the causes of conflict The authors argue that only much more determined pursuit of an emancipatory approach will allow an agreed political settlement to emerge
