Reisner,1976-09 **Nationalism and Education** Edward H. Reisner,2015-07-07 Excerpt from Nationalism and Education Since 1789 a Social and Political History of Modern Education In the large view education is public policy related inseparably to economic conditions social organization and political administration The educator who would wisely plan the activities and the management of the schools must pay attention to the major conditions of life outside the schools and must be able to evaluate educational procedure in terms of far reaching and broadly inclusive social purpose No less must the statesman who would build a just efficient prosperous and patriotic nation enlist the schools in his efforts and utilize them to effect his aims Up to the outbreak of the World War the pre eminent importance of education as a phase of public policy had not been so clearly recognized in the United States as in some other great nations of the world We had believed in the schools and had been generous in supporting them but as a nation we had not concerned ourselves very actively with educational policies The war has considerably changed this attitude and we suddenly find citizens and legislatures making all kinds of demands upon the school system Since many of the proposals that are being made among us have been exemplified in the school systems of other nations it might be well for us before undertaking any radical reorganization of the spirit and method of American public education to find out what has resulted from the application of similar policies in other countries Furthermore a study of the administrative systems which those other nations have built up will aid in guiding our heightened desire for greater educational efficiency About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Nationalism and Education Since 1789 Edward Hartman Reisner,2015-09-17 NATIONALISM & EDUCATION SINCE Edward Hartman 1885 Reisner,2016-08-28 **Nationalism and Education Since 1789** Edward
