Soviet and East European Politics Sabrina P. Ramet,1989 Religious organizations in many countries of the communist world have served as agents for the preservation defense and reinforcement of nationalist feelings and in playing this role have frequently been a source of frustration to the Communist Party elites Although the relationship between governments and religious groups varies according to the particular country and group in question the mosaic of these relationships constitutes a revealing picture of the political reform shaping the lives of Soviet and East European citizens **From**

Peoples Into Nations John Connelly,2022-01-25 This book is a history of East Central Europe since the late eighteenth century the region of Europe between German central Europe and Russia in the East Connelly argues the region for which it is frequently hard to define exact boundaries and which is sometimes treated country by country in a way seemingly separate from the broader trends of European history was one of shared experience despite most of the peoples being divided by linguistic geographic and political barriers Beginning in the 1780s an unwitting Habsburg monarch Joseph II decreed that his subjects would use only German as he hoped to mold a common nationality using German over the disparate subjects Instead he unleashed the energies and struggle for the emergence of new nations that pitted small peoples armed with an idea against empires The author argues that the underlying national self assertion which emerged under imperial rule in the eighteen and nineteenth centuries shows deep connections to subsequent histories to the creation of nation states of the regions after World War I the failure of democratic rule in these states during the interwar years the submersion of the region under Nazi then Soviet rule after 1939 and to the reinvention of sovereign states and then the break up of two of them after 1989 The book interconnects major themes and country histories for first time chronicling this diverse region over many generations from the time of Joseph through democratic and socialist revolutions genocide and Stalinism through civil society movements struggling for liberal democracy into our own day when illiberal politicians come to power by exploiting

very old fears **Nationalism in Eastern Europe** ,1995 *Civic and ethnic nationalism in East and West* Maximilian Spinner,2003-05-26 Essay from the year 2002 in the subject Politics Region Russia grade 1 A University of Birmingham Centre for Russian and East European Studies course Graduate Russian and East European Studies language English abstract This essay compares the development of different understandings of nationalism in Western and Eastern Europe comparing the concepts of civic and ethnic nationalism *Bloody Flag* Juliana Geran Pilon,2021-10-30 In the aftermath of the collapse of communism the future of Eastern Europe is uncertain After suffering for decades under totalitarian regimes the people of the region are struggling to rediscover their cultural past and to establish political arrangements that will enable them to achieve peace and prosperity The resurgence of nationalism accompanying these developments is powerful evidence of the need to reestablish a strong sense of identity but is also potentially the greatest obstacle to peace in the region The *Bloody Flag* is a timely study of nationalism s dual nature Focusing on Romania Pilon analyzes the unifying and destructive capacities of nationalist passions in a period of historical transition Designed to appeal to a wide audience The *Bloody Flag* combines inquiry into the nature of nationalism with historical illustrations of its influence The Romanian context is exemplary of many newly liberated nations facing the possibility of ethnic violence and antidemocratic resurgence As Pilon points out numerous representatives of the old order remain entrenched in power and there is real danger that the defeated elites will attempt to harness nationalist energies for their own ends If they succeed the world may witness the rise of new authoritarian regimes to replace the old communist ones Pilon argues that the best hope for Romanians and for all the peoples of Eastern Europe is to embrace the positive aspects of nationalism while rejecting the negative The political system that can allow them to do this is the classical liberal model defended by such figures as Ludwig von Mises and Friedrich Hayek a model that makes possible the peaceful coexistence of different nationalities by protecting the rights of individuals and leaving them free to pursue their own interests Graced with a foreword by the eminent historian Robert Conquest The *Bloody Flag* is an important contribution to the understanding of current and future events in Europe *Extreme Politics* Charles King,2010 In this wide ranging set of essays Charles King examines the conceptual intersection of nationalist ideology social violence and the political transformation of Europe and Eurasia over the last two decades *Extreme Politics* charts the end of Eastern Europe as a place and chronicles the ongoing revolution in the scholarly study of Russia the Balkans and the wider postcommunist world **Nationalism and Communism in Eastern Europe and the Soviet Union** W. Kemp,1999-02-08 Nationalism and Communism in Eastern Europe and the Soviet Union looks at communism s attempts to come to terms with nationalism between Marx and Yeltsin how the inability of communist theorists and practitioners to achieve an effective synthesis between nationalism and communism contributed to communism s collapse and what lessons that holds for contemporary Europe **National Minorities in Eastern Europe, 1848-1945** Raymond Pearson,1983 *Eastern European Nationalism in the Twentieth Century* Peter F. communism and nationalism and their importance in 20th century Eastern Europe Each chapter begins with documents typical of a certain people s nationalism in four time periods 1900 1914 1918 1939 the Communist period and the recent post Communist period

A History of Eastern Europe Ian D. Armour,2021 Why is Eastern Europe still different from Western Europe more than a quarter century after the collapse of Communism A History of Eastern Europe 1918 to the Present shows how the roots of this difference are based in Eastern Europe s tortured 20th century Eastern Europe emerged in 1918 as the lands between new states whose weakness vis vis Germany and Soviet Russia soon became obvious The region was the main killing field of the Second World War which visited unimaginable horrors on its inhabitants before their liberation by the Soviets in 1945 The imposition of Communist dictatorships on the region ironically only deepened Eastern Europe s backwardness Even in the post Communist period its problems continue to make it a fertile breeding ground for nationalism and political extremism A History of Eastern Europe 1918 to the Present explores the comparative backwardness of Eastern Europe and how this has driven strategies of modernisation it looks at the ways in which the region has served as a giant test tube for political experimentation and in particular at the enduring strength of nationalism which since 1989 has re emerged more virulent than ever Complete with a useful chronology maps and a helpful glossary this book is the essential textbook for any student of 20th century Eastern Europe

The Bloody Flag Juliana Geran Pilon,Bowling Green State University. Social Philosophy & Policy Center,1992 In the aftermath of the collapse of Communism the future of Eastern Europe is uncertain After decades under totalitarian regimes the people of the region are struggling to rediscover their cultural past and to establish political arrangements that will help them to achieve peace and prosperity The resurgence of nationalist sentiments among the newly liberated peoples of Eastern Europe is powerful evidence of their need to reestablish a strong sense of identity At the same time it is potentially the greatest obstacle to peace in the region Juliana Geran Pilon s *The Bloody Flag* is a study of nationalism s dual nature In its positive aspect nationalism can draw people together it can give them a sense of self worth common purpose and cultural pride But it can also drive people apart
