**Nationalizing Blackness** Robin D. Moore, 1995 *Africanness in Action* Juan Diego Díaz, 2021 When many people think of African music the first

ideas that come to mind are often of rhythm drums and dancing. These perceptions are rooted in emblematic African and African derived genres such as West African drumming, funk, salsa or samba and more importantly essentialized notions about Africa which have been fueled over centuries of contact between the West Africa and the African diaspora. These notions of course tend to reduce and often portray Africa and the diaspora as primitive, exotic and monolithic. In *Africanness in Action*, author Juan Diego D az explores this dynamic through the perspectives of Black musicians in Bahia, Brazil, a site imagined by many as a diasporic epicenter of African survivals and purity. Black musicians from Bahia D az argues assert Afro Brazilian identities promote social change and critique racial inequality by creatively engaging essentialized tropes about African music and culture. Instead of reproducing these notions, musicians demonstrate agency by strategically emphasizing or downplaying them.

*Dancing Cultures* Hélène Neveu Kringelbach, Jonathan Skinner, 2014-05-01. Dance is more than an aesthetic of life; dance embodies life. This is evident from the social history of jive, the marketing of trans national ballet, ritual healing dances in Italy or folk dances performed for tourists in Mexico, Panama and Canada. Dance often captures those essential dimensions of social life that cannot be easily put into words. What are the flows and movements of dance carried by migrants and tourists? How is dance used to shape nationalist ideology? What are the connections between dance and ethnicity, gender, health, globalization and nationalism, capitalism and post colonialism? Through innovative and wide ranging case studies, the contributors explore the central role dance plays in culture as leisure, commodity, cultural heritage, cultural aesthetic or cathartic social movement.

*Laboring for the State* Rachel Hynson, 2020-01-23. The Cuban revolutionary government engaged in social engineering to redefine the nuclear family and organize citizens to serve the state.

*Literary Passion, Ideological Commitment* Dawn Duke, 2008. This study examines Afro Cuban and Afro Brazilian women writers as well as analysing the roles of women of African descent in Cuban and Brazilian literature. Initially, literary imagination locked women into circumscribed roles, a result of hierarchies embedded in

slavery and colonialism and sustained by hierarchical theories on race and gender The discussion illustrates how these negative aspects have influenced the mainstream literary imagination that contrasts with the self portrayals created by women writers themselves Even as there continues to be disadvantageous constructions there is no doubt that a modification has occurred over time in images representation and articulation It is a change directly associated with the instances when women themselves are the writers The historiographic image of the Afro Cuban and Afro Brazilian woman as a written object is ideologically replaced by a vision of her as a writing subject It is here that the vision of a creative multifaceted and diversified literature becomes important **Buena Vista in the Club** Geoffrey Baker,2011-04-14 Geoffrey Baker traces the trajectory of the Havana hip hop scene from the late 1980s to the present and analyzes its partial eclipse by reggaet n

*Alternative Press Index* ,2003 *Arts & Humanities Citation Index* ,2000 *Cuba's Forgotten Art Schools Revolution Of Forms* John A. Loomis, **To Defend the Revolution Is to Defend Culture** Rebecca Gordon-Nesbitt,2015-09-01 Grounded in painstaking research *To Defend the Revolution Is to Defend Culture* revisits the circumstances which led to the arts being embraced at the heart of the Cuban Revolution Introducing the main protagonists to the debate this previously untold story follows the polemical twists and turns that ensued in the volatile atmosphere of the 1960s and 70s The picture that emerges is of a struggle for dominance between Soviet derived approaches and a uniquely Cuban response to the arts under socialism The latter tendency which eventually won out was based on the principles of Marxist humanism As such this book foregrounds emancipatory understandings of culture *To Defend the Revolution Is to Defend Culture* takes its title from a slogan devised by artists and writers at a meeting in October 1960 and adopted by the First National Congress of Writers and

Artists the following August which sought to highlight the intrinsic importance of culture to the Revolution Departing from popular top down conceptions of Cuban policy formation this book establishes the close involvement of the Cuban people in cultural processes and the contribution of Cuba's artists and writers to the policy and praxis of the Revolution Ample space is dedicated to discussions that remain hugely pertinent to those working in the cultural field such as the relationship between art and ideology engagement and autonomy form and content As the capitalist world struggles to articulate the value of the arts in anything other than economic terms this book provides us with an entirely different way of thinking about culture and the policies underlying it

Antiracism in Cuba Devyn Spence Benson, 2016-04-05 Analyzing the ideology and rhetoric around race in Cuba and south Florida during the early years of the Cuban revolution Devyn Spence Benson argues that ideas stereotypes and discriminatory practices relating to racial difference persisted despite major efforts by the Cuban state to generate social equality Drawing on Cuban and U S archival materials and face to face interviews Benson examines 1960s government programs and campaigns against discrimination showing how such programs frequently negated their efforts by reproducing racist images and idioms in revolutionary propaganda cartoons and school materials Building on nineteenth century discourses that imagined Cuba as a raceless space revolutionary leaders embraced a narrow definition of blackness often seeming to suggest that Afro Cubans had to discard their blackness to join the revolution This was and remains a false dichotomy for many Cubans of color Benson demonstrates While some Afro Cubans agreed with the revolution's sentiments about racial transcendence not blacks not whites only Cubans others found ways to use state rhetoric to demand additional reforms Still others finding a revolution that disavowed blackness unsettling and paternalistic fought to insert black history and African culture into revolutionary nationalisms Despite such efforts by Afro Cubans and radical government sponsored integration programs racism has persisted throughout the revolution in subtle but lasting ways
