Nations And States In Southeast Asia:

Nations and States in Southeast Asia Nicholas Tarling, 1998-05-13 This reflective and provocative 1998 book outlines the emergence of the nation states of modern Southeast Asia. It considers various ways of looking at Southeast Asian history combining narrative analysis and discussion. The book focuses mainly on the period from the eighteenth century to the present. It is divided into three sections: the first gives a broad historical overview of Indonesia, Malaysia, Singapore, Brunei, the Philippines, Burma, Myanmar, Vietnam, and Siam/Thailand; the second reflects in a comparative context on significant problems in understanding Southeast Asia's past and present; the third explores the current state of writing Southeast Asian history. Underlying the discussion is an awareness of how ongoing tensions between East and West shape history and frame the present. This book reflects a lifetime's scholarship and will become a major interpretive synthesis of modern Southeast Asia.

Making Of Southeast Asian Nations, The: State, Ethnicity, Indigenism And Citizenship Leo

Suryadinata, 2014-11-21 The idea of the nation is a Western concept which has been applied to Southeast Asia. It is a project which has been in progress since the last century but is still incomplete. Various theoretical frameworks which are associated with nation and nation building in the Southeast Asian region have been briefly dealt with. The book aims to examine the making of the nations in Southeast Asia using both historical and political science approaches. Concepts related to nation such as ethnicity, state, indigenism, and citizenship have also been analysed in the Southeast Asian context. Specific examples of nation building in five major Southeast Asian countries are presented. Problems and prospects of Southeast Asia's nation building and citizenship building in the era of globalisation are also discussed. [The Association of Southeast Asian Nations](#)

Gerald W. Fry, 2008 The Association of Southeast Asian Nations (ASEAN) was established in 1967. Forty years later, ASEAN agreed upon a charter for the organization. [Alliances and Emerging Partnerships in Southeast Asia](#), 2009-07-17 The United States in the end finds itself in an excellent, indeed advantageous position in Southeast Asia. A reservoir of good will toward the United States remains extant in the region. Indeed, when a region desires more U.S. engagement, particularly a region as strategically important to U.S. interests as Southeast Asia, it would be foolhardy to ignore that circumstance or take it for granted. It requires that U.S. elites, although consumed by several other compelling immediate challenges, take a look again at a region largely neglected over the last generation or more in order to consider longer-term strategic benefits. **Historical Dictionary of United**
