# Nations And Politics In The Soviet Successor States

**Mr Tulsiram, Mr Ajay Patnaik**

## **Nations And Politics In The Soviet Successor States:**

**The International Politics of Russia and the Successor States** Mark Webber, 1996 This textbook examines the external relations of the fifteen new states which emerged from the ashes of the Soviet Union in 1991 Mark Webber examines the consequences of the Soviet collapse and the emergence of a new system of international relations embracing Russia and the other former Soviet republics The author explores both relations between the new states themselves and between these states and the wider world He pinpoints the daunting challenges facing the new states the invention of foreign policy orientations the management of the Red Army's material legacy including nuclear weapons the resolution of regional conflicts and the need for economic revival Two key themes emerge the reassertion of national identities and the special position of Russia which has assumed to some extent the rights and the obligations of the Soviet Union on the world stage whilst having to tackle the chaos of local wars and internal economic collapse *The Politics of Multinational States* Don MacIver, 2016-07-27 The events of recent years have demonstrated beyond doubt not only that ethnic pluralism presents major problems for the management of political systems but that it is also a major cause of their failure and disintegration This timely and topical book discusses the general issue of ethnic pluralism and considers a range of types of multi ethnic society within a common analytical framework It then examines the responses of governments to the problems of ethnic diversity and assesses the effects of ethnic conflict on the development and viability of states

**Nations and Politics in the Soviet Successor States** I. Bremmer, 1992

**Nation-Building and Minority Politics in Post-Socialist States** David Galbreath, 2005-03-05 Despite socialism's best efforts ethnic identity remained a salient feature in Central and Eastern Europe Not only did ethno nationalism help to bring about the fall of the socialist regimes in this region but it also characterized much of the post socialist politics Nation Building and Minority Politics examines the issue of minority politics in post socialist states within this dual structure In particular it offers an in depth analysis of post restoration politics in Estonia and Latvia covering four issues First it looks at the historical context of the current group relations Second the study explores the domestic nature of minority politics in Estonia and Latvia by looking at domestic politics and policies Third it examines the role of the Russian Federation as an external national homeland through illustrating developments within Russian foreign policy Finally the book analyses the role of three significant European organizations namely the OSCE EU and the Council of Europe as agents of conditionality Overall this study combines old and new theoretical approaches to nation building and minority politics to exhibit the changing nature of the relationship between majority minority external national homeland and international organizations in today's Europe

**The Politics of Religion in Russia and the New States of Eurasia** Michael Bourdeaux, 1995 First Published in 2015 Routledge is an imprint of Taylor Francis an Informa company

**Russia and the New States of Eurasia** Karen Dawisha, Bruce Parrott, 1994-01-28 This book surveys the possibilities for future alignments both among the new states of the former Soviet Union and between the new states and

their neighbours      Post-Soviet Political Order Barnett Rubin, Jack Snyder, 2002-11-01 Post Soviet Political Order asks what is shaping the institutional pattern of the post Soviet political order what the new order will be like what patterns of conflict are emerging and what can be done about stabilising the region In considering these questions the contributors converge on four common themes the institutional legacy of empire the social processes unleashed by imperial collapse patterns of bargaining within and between states to resolve conflicts arising out of the imperial collapse the impact of the wider international setting on the pattern of post imperial politics Focusing on the former Soviet Union and Eastern European countries the contributors show how strong state institutions are essential if conflict and political instability are to be avoided

**Politics of Language in the Ex-Soviet Muslim States** Jacob M. Landau, Barbara Kellner-Heinkele, 2001 A unique analysis of language policies in the central Asian states of the former Soviet Union      *State Continuity and Nationality: The Baltic States and Russia* Ineta Ziemele, 2021-10-11 The International Law Commission when drafting articles on nationality of persons in situations of State succession omitted cases of unlawful territorial changes These do not result in State succession they may be dealt with under the rubric of State continuity The Baltic Russian cases show the particularly complex nature of these situations both as concerns agreement on continuity and decisions on nationality The author examines in detail the Citizenship Laws of the Baltic States and Russia as well as relevant constitutional and international statements about the international legal status of the States and responses of the international community thereto The main question addressed in the book is about solutions which States have to adopt concerning nationality of individuals in situations of State continuity especially where States re emerge after long years of occupation Although the book is specific in its origin it is of general importance because it draws conclusions concerning developments in law and practice which are relevant for a better understanding and regulation of nationality and statehood in international law      **New States, New Politics** Ian

Bremmer, Ray Taras, 1996-12-28 Since its publication in 1993 *Nations and Politics in the Soviet Successor States* edited by Ian Bremmer and Ray Taras has established itself internationally as the genuinely comprehensive systematic and rigorous analysis of the nation and state building processes of the fifteen states that grew out of the 1991 collapse of the Soviet Union *New States New Politics Building the Post Soviet Nations* was first published in 1997 and succeeds and replaces the editors earlier book with a fresh collection of specially commissioned studies from the world s foremost specialists Far from eradicating tensions among the former Soviet peoples the disintegration of empire saw national minorities rediscovering long suppressed identities The contributors to *New States New Politics* bring together historical and ethnic backgrounds with penetrating political analysis to offer an intriguing record of the different roads to self assertion and independence being pursued by these young nations      **Eurasian Politics: Ideas, Institutions and External Relations** Mr Tulsiram, Mr Ajay Patnaik, 2013-06-15 The transitional politics of Eurasian space is marked by a constant struggle among three sets of ideas and institutions the 1 is the remarkable resilience of Soviet ideas and institutions 2 an attempt by the regimes of these states

to reinvent the historical and cultural traditions of preSoviet periods and third is an attempt by a section of the powerful elite to superimpose Western liberal ideas and institutions There is a strange intertwining of these ideas and institutions This book examines the extent to which the postSoviet politics has departed from the Soviet one What are the new ideational structures emerging in these states and how far have they crystallised into institutions What are the external influences which are shaping the institutions in the Eurasian space And finally what are the various dynamics of geopolitics in this region Experts from various countries will delve into the shifting dynamics of Eurasian politics

*The International Politics of Eurasia: v. 3: The Politics of Religion in Russia and the New States of Eurasia* S. Frederick Starr, Karen Dawisha, 2016-06-16 First Published in 2015 This ambitious ten volume series develops a comprehensive analysis of the evolving world role of the post Soviet successor states Each volume considers a different factor influencing the relationship between internal politics and international relations in Russia and in the western and southern tiers of newly independent states The contributors were chosen not only for their recognized expertise but also to ensure a stimulating diversity of perspectives and a dynamic mix of approaches This is Volume 3 The Politics of Religion in Russia and the New States of Eurasia

Intermarium Marek Jan Chodakiewicz, 2017-09-08 History and collective memories influence a nation its culture and institutions hence its domestic politics and foreign policy That is the case in the Intermarium the land between the Baltic and Black Seas in Eastern Europe The area is the last unabashed rampart of Western Civilization in the East and a point of convergence of disparate cultures Marek Jan Chodakiewicz focuses on the Intermarium for several reasons Most importantly because as the inheritor of the freedom and rights stemming from the legacy of the Polish Lithuanian Ruthenian Commonwealth it is culturally and ideologically compatible with American national interests It is also a gateway to both East and West Since the Intermarium is the most stable part of the post Soviet area Chodakiewicz argues that the United States should focus on solidifying its influence there The ongoing political and economic success of the Intermarium states under American sponsorship undermines the totalitarian enemies of freedom all over the world As such the area can act as a springboard to addressing the rest of the successor states including those in the Caucasus Central Asia and the Russian Federation Intermarium has operated successfully for several centuries It is the most inclusive political concept within the framework of the Commonwealth By reintroducing the concept of the Intermarium into intellectual discourse the author highlights the autonomous and independent nature of the area This is a brilliant and innovative addition to European Studies and World Culture

**Russian Minority Politics in Post-Soviet Latvia and Kyrgyzstan** Michele E. Commercio, 2011-06-06 The collapse of the Soviet Union suddenly rendered ethnic Russians living in non Russian successor states like Latvia and Kyrgyzstan new minorities subject to dramatic political economic and social upheaval As elites in these new states implemented formal policies and condoned informal practices that privileged non Russians ethnic Russians had to react In Russian Minority Politics in Post Soviet Latvia and Kyrgyzstan Michele E Commercio draws on extensive field research

including hundreds of personal interviews to analyze the responses of minority Russians to such policies and practices In particular she focuses on the role played by formal and informal institutions in the crystallization of Russian attitudes preferences and behaviors in these states Commercio asks why there is more out migration and less political mobilization among Russians in Kyrgyzstan a state that adopts policies that placate both Kyrgyz and Russians and less out migration and more political mobilization among Russians in Latvia a state that adopts policies that favor Latvians at the expense of Russians Challenging current thinking she suggests that the answer to this question lies in the power of informal networks After the fall of the Soviet Union the Communist party Komsomol youth organization and KGB networks were transformed into informal networks Russians in Kyrgyzstan were for various reasons isolated from such networks and this isolation restricted their access to the country s private sector making it difficult for them to create effective associations capable of representing their interests This resulted in a high level of Russian exit and the silencing of Russian voices In contrast Russians in Latvia were well connected to such networks which provided them with access to the country s private sector and facilitated the establishment of political parties and nongovernmental organizations that represented their interests This led to a low level of Russian exit and high level of Russian voice Commercio concludes that informal networks have a stronger influence on minority politics than formal institutions

The Gorbachev Factor Archie Brown, 1997-08-07 To understand this singular man the reader can do no better than to turn to Archie Brown s astute and lucid book There have been several excellent works on Mr Gorbachev but none examines the subject as thoroughly as this volume a rich study as impressive in its sweep as in its details Abraham Brumberg New York Times Archie Brown s book is not only a richly researched easily readable biography of Gorbachev himself It should be studied at once in every diplomatic service worthy of the name starting with our own Foreign Office Michael Foot Evening Standard Archie Brown has mastered the material and met the people he writes with a historical perspective unavailable to authors of the instant biographies which appeared while Gorbachev was in power Rodric Braithwaite Financial Times Archie Brown s closely reasoned book makes a better case for Gorbachev s record as a reformer than Gorbachev s own memoirs the most thorough exposition of Gorbachev s domestic political record yet to appear Jack F Matlock Jr New York Review of Books This Oxford don for years one of the world s most talented Kremlinologists has already found the memoirs documents and interviews that allow him to provide a remarkably detailed and authoritative account of the key moments in Gorbachev s career Robert G Kaiser Washington Post It is hard to come away from this admirable book without an affection for Gorbachev s insistence on peaceful change his willingness to let Eastern Europe go and his determination to nurture a pluralist culture Nick Cohen Observer Brown s latest book is the product of many years of intensive research it proves to be the most detailed and revealing study of the man who revolutionised the USSR Excellent Good Book Guide

*Russia and the Commonwealth of Independent States* 2012 M. Wesley Shoemaker, 2012-08 *Russia and the Commonwealth of Independent States* 2011 is a volume in *The World Today*

Series Published and updated annually this series provides both a short historical treatment and an up to date look at the various countries of the entire globe Russia and the Commonwealth of Independent States deals with the twelve independent republics that became members of the Commonwealth of Independent States following the collapse of the Soviet Union in December 1992 The book focuses strongly on recent economic and political developments with shorter sections dealing with foreign policy the military religion education and specific cultural elements that help to define each republic and differentiate one from the other Approximately one third of the book is devoted to Russia with shorter sections dealing with Ukraine Belarus Moldova Armenia Azerbaijan Georgia Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan There is also a section dealing with how the Commonwealth of Independent States came into being and how it has evolved since 1992

Building States and Markets After Communism Timothy Frye, 2010-06-07 This book examines how democracy influences state building and market building in 25 post communist countries from 1990 to 2004      **National Identity and Ethnicity in Russia and the New States of Eurasia** Roman Szporluk, 1994 First Published in 1995 Routledge is an imprint of Taylor Francis an Informa company      Governing the Locals Tomila Lankina, 2006-11-24 This book examines the impact of Russia's local self governing institutions on nationalist movement mobilization in Russia It is the first study identifying municipalities as central to explaining aspects of ethnic or broader social activism in post Soviet Russia Because the      **The International Politics of Eurasia: v. 2: The Influence of National Identity** S. Frederick Starr, Karen Dawisha, 2016-09-16 First Published in 1995 This ambitious ten volume series develops a comprehensive analysis of the evolving world role of the post Soviet successor states Each volume considers a different factor influencing the relationship between internal politics and international relations in Russia and in the western and southern tiers of newly independent states The contributors were chosen not only for their recognized expertise but also to ensure a stimulating diversity of perspectives and a dynamic mix of approaches This is Volume 2 on National Identity and Ethnicity In Russia and the New States of Eurasia edited by Roman Szporluk
