The Challenges of Native American Studies Barbara Saunders, 2004 The essays gathered in this volume celebrate the founding of the American Indian Workshop AIW twenty five years ago as a European forum for Native American studies We present this collection of ongoing debates on the interlaced and interlocking arena of Native American studies and its complicated relation with Native Americans themselves These debates tie in with such questions as Can Native American studies shake off its past and deal with the complexity of political and academic issues in the present Why by whom and for whom is research conducted within this domain and who decides what the next step should be This volume is a modest response to these questions to the validation and substantiation of the cat's cradle of practices of the many disciplines that comprise Native American studies and an attempt to ask the right questions to get past the imperial categories and to thoughtfully mediate and reorientate perspectives Nais 5.1 Jean M. [Introduction to Native American Studies](#) Stebbins,2011-12-01 [An Indigenous Peoples' History of the United States](#) Roxanne Dunbar-Ortiz,2014-09-16 New York Times Bestseller Now part of the HBO docuseries Exterminate All the Brutes written and directed by Raoul Peck

Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States there are more than five hundred federally recognized Indigenous nations comprising nearly three million people descendants of the fifteen million Native people who once inhabited this land The centuries long genocidal program of the US settler colonial regimen has largely been omitted from history Now for the first time acclaimed historian

and activist Roxanne Dunbar Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans for centuries actively resisted expansion of the US empire With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe *An Indigenous Peoples History of the United States* is an essential resource providing historical threads that are crucial for understanding the present In *An Indigenous Peoples History of the United States* Dunbar Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants displacing or eliminating them And as Dunbar Ortiz reveals this policy was praised in popular culture through writers like James Fenimore Cooper and Walt Whitman and in the highest offices of government and the military Shockingly as the genocidal policy reached its zenith under President Andrew Jackson its ruthlessness was best articulated by US Army general Thomas S Jesup who in 1836 wrote of the Seminoles The country can be rid of them only by exterminating them Spanning more than four hundred years this classic bottom up peoples history radically reframes US history and explodes the silences that have haunted our national narrative *An Indigenous Peoples History of the United States* is a 2015 PEN Oakland Josephine Miles Award for Excellence in Literature
