Natural Encounters Bruce M. Beehler, 2019-05-21 A twelve month excursion through nature's seasons as recounted by a lifetime naturalist In this personal encyclopedia of nature's seasons lifetime naturalist Bruce Beehler reflects on his three decades of encountering nature in Washington D C The author takes the reader on a year long journey through the seasons as he describes the wildlife seen and special natural places savored in his travels up and down the Potomac River and other localities in the eastern and central United States Some of these experiences are as familiar as observing ducks on the National Mall in Washington D C or as unexpected as collecting fifty million year old fossils on a Potomac beach Beyond our nation's capital Beehler describes trips to nature's most beautiful green spaces up and down the East Coast that he says should be on every nature lover's bucket list Combining diary entries riffs on natural subjects field trips photographs and beautiful half tone wash drawings this book shows how many outdoor adventures are out there waiting in one's own backyard The author inspires the reader to embrace nature to achieve a more peaceful existence Academic Listening

Encounters: The Natural World Teacher's Manual Yoneko Kanaoka, 2009-03-23 A content based reading writing listening and speaking set that introduces students to topics in Earth science and biology *Intimate Japan* Allison Alexy, Emma E. Cook, 2019-01-31 How do couples build intimacy in an era that valorizes independence and self responsibility How can a man be a good husband when full time jobs are scarce How can unmarried women find fulfillment and recognition outside of normative relationships How can a person express their sexuality when there is no terminology that feels right In contemporary Japan broad social transformations are reflected and refracted in changing intimate relationships As the Japanese population ages the low birth rate shrinks the population and decades of recession radically restructure labor markets Japanese intimate relationships norms and ideals are concurrently shifting This volume explores a broad range of intimate practices in Japan in the first decades of the 2000s to trace how social change is becoming manifest through deeply personal choices From young people making decisions about birth control to spouses struggling to connect with each other parents worrying about stigma faced by their adopted children and queer people creating new terms to express their identifications Japanese intimacies are commanding a surprising amount of attention both within and beyond Japan With ethnographic analysis focused on how intimacy is imagined enacted and discussed the volume's chapters offer rich and complex portraits of how people balance personal desires with feasible possibilities and shifting social norms *Intimate Japan* will appeal to scholars and students in anthropology and Japanese or Asian studies particularly those focusing on gender kinship sexuality and labor policy The book will also be of interest to researchers across social science subject areas including sociology political science and psychology

**Sharks and People** Thomas P. Peschak,2014-02-27 At once feared and revered sharks have captivated people since our earliest human encounters Children and adults alike stand awed before aquarium shark tanks fascinated by the giant teeth and unnerving eyes And no swim in the ocean is undertaken without a slight shiver of anxiety about the very real and very cinematic dangers of shark bites But our interactions with sharks are not entirely one sided the threats we pose to sharks through fisheries organized hunts and gill nets on coastlines are more deadly and far reaching than any bite In Sharks and People acclaimed wildlife photographer Thomas Peschak presents stunning photographs that capture the relationship between people and sharks around the globe A contributing photographer to National Geographic Peschak is best known for his unusual photographs of sharks his iconic image of a great white shark following a researcher in a small yellow kayak is one of the most recognizable shark photographs in the world The other images gathered here are no less riveting bringing us as close as possible to sharks in the wild Alongside the photographs Sharks and People tells the compelling story of the natural history of sharks Sharks have roamed the oceans for more than four hundred million years and in this time they have never stopped adapting to the ever changing world their unique cartilage skeletons and array of super senses mark them as one of the most evolved groups of animals Scientists have recently discovered that sharks play an important role in balancing the ocean including maintaining the health of coral reefs Yet tens of millions of sharks are killed every year just to fill the demand for shark fin soup alone Today more than sixty species of sharks including hammerhead mako and oceanic white tip

sharks are listed as vulnerable or in danger of extinction The need to understand the significant part sharks play in the oceanic ecosystem has never been so urgent and Peschak's photographs bear witness to the thrilling strength and unique attraction of sharks They are certain to enthrall and inspire *Birds of the National Aviary* Doug West,2006-08 *Birds of the National Aviary* is the first book exclusively dedicated to the National Aviary in Pittsburgh Over 120 different species of birds and 200 color photographs in 140 pages are in this book Put the National Aviary in your hands **Encounter** Shawn Bolz,2022 One of the greatest spiritual battles right now is over perspective the way you see possibilities limitations and what God is doing This book will help you encounter God in such a way that you are able to walk in His original design for you which is to not only commune with Him through conversation but to be aligned with His mind When you share His thoughts and perceptions you will be able to live the abundant supernatural super empowered life God desires for you Humans are unique in that we were not just made in the image of God we reflect His very nature If we understood our spiritual neurological psychological and even physical connection to God we could bring solutions to every problem humanity faces and many would be practical even scientific solutions In this book Shawn Bolz shares a series of rich divine encounters that have defined his spiritual perspective so others can be released into new ways of thinking and experience an expansion of their spiritual intelligence To walk with God you need to know not only His heart but also His mind As believers we were designed to commune with God sharing not only conversation with Him but also His thoughts and perceptions to know His mind through His Spirit When Adam and Eve walked with God in the cool of the day they didn't always need the verbal communication that so limits humanity today They had inner communication from their connectedness This is the kind of connectedness Solomon Joseph Daniel Esther and the apostle Paul experienced and this is what God wants to restore to His people today This book will help readers gain a fresh vision of their faith so they can walk out their spirituality exactly as God intended and take their place in the coming move of God **Carnivore Conservation** John L. Gittleman,2001-06-28 Carnivores are the focus of intense attention and resources in conservation biology It is often argued that because carnivores are at the top of the food chain if they are protected then other taxa will also be afforded adequate protection Carnivores are also charismatic and compete with humans for dwindling space and environmental resources In the past 10 years theoretical and empirical studies on carnivores have developed very quickly This volume reviews and summarises the current state of the field describes limitations and opportunities for carnivore conservation and offers a conceptual framework for future research and applied management As such it will be of interest to students and researchers of conservation biology mammalogy animal behaviour ecology and evolution *Intensive One-Session Treatment of Specific Phobias* Thompson E. Davis III,Thomas H. Ollendick,Lars-Göran Öst,2012-05-16 Whether it's dogs spiders blood heights or some other fear specific phobias are one of the most prevalent mental health problems affecting as many as one in eight people In recent years cognitive behavioral therapy CBT has emerged as particularly effective in treating young people and adults with specific

phobias And of these methods one session treatment stands out as a long lasting cost effective intervention of choice Intensive One Session Treatment of Specific Phobias not only provides a summary of the evidence base it also serves as a practical reference and training guide This concise volume examines the phenomenology epidemiology and etiology of phobias laying the groundwork for subsequent discussion of assessment strategies empirically sound one session treatment methods and special topics In addition expert contributors address challenges common to exposure therapy offer age appropriate guidelines for treating young clients and describe innovative computer assisted techniques Organized to be read individually or in sequence chapters delve into key areas including Evidence based assessment and treatment of specific phobias in children adolescents and adults One session treatment theory and practice with children adolescents and adults Handling difficult cases of specific phobias in youth Interventions for specific phobias in special populations Training and assessing therapists in one session treatment Ethical issues in considering exposure Intensive One Session Treatment of Specific Phobias is an essential resource for researchers clinicians and graduate students in child school clinical and counseling psychology social work and general and special education
