**Paraphrase on John** Desiderius Erasmus, Robert Dick Sider, Jane Ellen Phillips, 1991-05 Erasmus yearned to make the Bible an effective instrument in the reform of society church and the life of individuals in the turbulent world the sixteenth century He therefore composed paraphrases in which the words of Holy Scripture provided the core of a text vastly expanded to embrace the reforming philosophy of Christ The Paraphrases were successful beyond expectation and were quickly translated from Latin into French German English and other languages This volume is the third Paraphrase to be published in the New Testament Scholarship series in the CWE In it Erasmus explores questions that have always been central to Christian self understanding Why is the cross folly to the wise of this world In the Paraphrase on John Erasmus hints broadly that the cause of human blindness lies in the arrogance of intellectual pretensions the love of vain glory the lust for possessions the fear of losing the supports that secure a comfortable way of life Perhaps nothing will please the reader more the portraits of the chief characters in John's Gospels We enjoy the simplicity of the lowly woman at the well we understand the complexity of the distinguished Nicodemus Above all we are captured by the portrait of Christ himself Upon the stage Erasmus has here designed Christ appears first in the humility of a lowly artisan from a despised country only to the discerning does his glory flash forth from his mortality a mortality vividly etched in the scene on the cross But in the last pages of the Paraphrase on John Erasmus sets before us in sharp dramatic contrast the resurrected Christ glorious with a radiant holiness Like Augustine in the City of God Erasmus attempts to define the relationship between the two worlds in which the Christian lives the heavenly and the spiritual and the earthly and physical Volume 46 of the Collected Works of Erasmus series      **The New Testament Scholarship of Erasmus** Desiderius Erasmus, 2019-03-26 Erasmus produced his five editions of the New Testament in Greek and Latin and his Paraphrases on the Gospels and Epistles almost contemporaneously with the tumultuous events that accompanied the beginnings of the Reformation in Europe At the same time his scholarship was a signal illustration of the Christian Humanism of northern Europe His remarkable scholarship is translated and annotated in the Collected Works of Erasmus volumes 42-60 published by the University of Toronto Press This volume CWE 41 seeks to set in perspective in a major introductory essay the full range of that scholarship It traces the origin of Erasmus work and its development over the course of the last two decades of his life placing the work on the New Testament in the context of his life and the political and religious events of his age revealing the endeavour as a process and thus giving the reader illuminating points of reference for the many cryptic allusions in his annotations and paraphrases The book includes an annotated translation of three of Erasmus major writings on Scripture and its interpretation the Paraclesis the Ratio verae theologiae System of True Theology and the Apologia defense of his work It includes as well some of his

further attempts to clarify his endeavour relevant letters and a vitriolic response to his crabby critics *Contra morosos* The volume offers a unique insight into the production of Erasmus scholarship in book form illustrating abundantly the special features that made his editions of the New Testament and his Paraphrases both esthetically pleasing and effectively marketable products

**Images of Miraculous Healing in the Early Modern Netherlands** Barbara A. Kaminska, 2021-11-08 Images of Miraculous Healing in the Early Modern Netherlands explores the ways in which paintings and prints of biblical miracles shaped viewers' approaches to physical and sensory impairments and bolstered their belief in supernatural healing and charitable behavior Drawing upon a vast range of sources Barbara Kaminska demonstrates that visual imagery held a central place in premodern disability discourses and that the exegesis of New Testament miracle stories determined key attitudes toward the sick and the poor Addressed to middle class collectors many of the images analyzed in this study have hitherto been neglected by art historians Link to book presentation <https://www.youtube.com/watch?v=79jHEmTOKnU>

**The Turn of the Soul**, 2012-01-06 The religious upheavals of the early modern period and the fierce debate they unleashed about true devotion gave conversion an unprecedented urgency With their rich variety of emotive aesthetic and rhetoric means of expression literature and the visual arts proved particularly well adapted means to address explore and represent the complex nature of conversion At the same time many artists and authors experimented with the notion that the expressive character of their work could cultivate a sensory experience for the viewer that enacted conversion Indeed focusing on conversion as one of early modern Europe's most pressing religious issues this volume demonstrates that conversion cannot be separated from the creative and spiritual ways in which it was given meaning Contributors include Mathilde Bernard John R Decker Xander van Eck Shulamit

Paraphrase on Mark* Desiderius Erasmus,1974 *Truth and Irony* Terence J. Martin,2015-12-15 Tapping into selected works of Erasmus of Rotterdam this book offers a series of philosophical meditations designed to retrieve and deploy a distinctively Erasmian manner of thinking one that is capacious in its perception agile in its judgments and unsettling in its irony In purpose it takes a philosophical route addressing perennial questions of self knowledge what we can know and how best to communicate what we take to be true what we ought to do or how we should live and what we might hope for or what would offer us fulfilment In method however this work taps into the various strategies of irony at play in the works of Erasmus looking for guidance in handling these age old questions What readers will find in Erasmus is a knack for playfully reversing appearances and realities a penchant for pushing disturbing questions relentlessly to the limit and a skill for juxtaposing oddly matched opposites Again and again Erasmus presses readers to rethink these fundamental questions with dexterity and nuance ever ready to appreciate the surprising and unsettling upshot of ironic insight **New Testament Texts and the Roman World** Renate Viveen Hood,Wm.
