Person And The Human Mind Issues In Ancient And Modern Philosophy:

The Person and the Human Mind Christopher Gill,1990 *Ancient Philosophy of the Self* Pauliina Remes,Juha Sihvola,2008-08-26 Pauliina Remes and Juha Sihvola In the course of history philosophers have given an impressive variety of answers to the question What is self Some of them have even argued that there is no such thing at all This volume explores the various ways in which selfhood was approached and conceptualised in antiquity How did the ancients understand what it is that I am fundamentally as an acting and affected subject interpreting the world around me being distinct from others like and unlike me The authors highlight the attempts in ancient philosophical sources to grasp the evasive character of the specifically human presence in the world They also describe how the ancient philosophers understood human agents as capable of causing changes and being affected in and by the world Attention will be paid to the various ways in which the ancients conceived of human beings as subjects of reasoning and action as well as responsible individuals in the moral sphere and in their relations to other people The themes of persistence identity self examination and self improvement recur in many of these essays The articles of the collection combine systematic and historical approaches to ancient sources that range from Socrates to Plotinus and Augustine

The Routledge Companion to Philosophy of Psychology Sarah Robins,John Symons,Paco Calvo,2019-10-08 The Routledge Companion to Philosophy of Psychology Second Edition is an invaluable guide and major reference source to the key topics problems concepts and debates in philosophy of psychology and is the first companion of its kind A team of renowned international contributors provide forty eight chapters organized into six clear parts Historical background to philosophy of psychology Psychological explanation Cognition and representation The biological basis of psychology Perceptual experience Personhood The Companion covers key topics such as the origins of experimental psychology folk psychology behaviorism and functionalism philosophy psychology and neuroscience the language of thought modularity nativism and representational theories of mind consciousness and the senses dreams emotion and temporality personal identity and the philosophy of psychopathology For the second edition six new chapters have been added to address the following important topics belief and representation in nonhuman animals prediction error minimization contemporary neuroscience plant neurobiology epistemic judgment and group cognition Essential reading for all students of philosophy of mind science and psychology The Routledge Companion to Philosophy of Psychology will also be of interest to anyone studying psychology and its related disciplines

The Oxford Handbook of Hellenic Studies George Boys-Stones,Barbara Graziosi,Phiroze Vasunia,2009-08-20 The Oxford Handbook of Hellenic Studies is a unique collection of some seventy articles which together explore the ways in which ancient Greece has been is and might be studied It is intended to inform its readers but also importantly to inspire them and to enable them to pursue their own research by introducing the primary resources and exploring the latest agenda for their study The emphasis is on the breadth and potential of Hellenic Studies as a flourishing and exciting intellectual arena and also upon its relevance to the way we think

about ourselves today **Persons, Humanity, and the Definition of Death** John P. Lizza, 2006-02-01 In this riveting and timely work John P Lizza presents the first comprehensive analysis of personhood and humanity in the context of defining death Rejecting the common assumption that human or personal death is simply a biological phenomenon for biologists or physicians to define Lizza argues that the definition of death is also a matter for metaphysical reflection moral choice and cultural acceptance Lizza maintains that defining death remains problematic because basic ontological ethical and cultural issues have never been adequately addressed Advances in life sustaining technology and organ transplantation have led to revision of the legal definition of death It is generally accepted that death occurs when all functions of the brain have ceased However legal and clinical cases involving postmortem pregnancy individuals in permanent vegetative state those with anencephaly and those with severe dementia challenge the neurological criteria Is brain death really death Should the neurological criteria be expanded to include individuals in permanent vegetative state with anencephaly and those with severe dementia What metaphysical ethical and cultural considerations are relevant to answering such questions Although Lizza accepts a pluralistic approach to the legal definition of death he proposes a nonreductive substantive view in which persons are understood as constituted by human organisms This view he argues provides the best account of human nature as biological moral and cultural and supports a consciousness related formulation of death Through an analysis of legal and clinical cases and a discussion of alternative concepts of personhood Lizza casts greater light on the underlying themes of a complex debate Knowing Persons Lloyd P. Gerson, 2003-01-16 Knowing Persons is an original study of Plato s account of personhood For Plato embodied persons are images of a disembodied ideal The ideal person is a knower Hence the lives of embodied persons need to be understood according to Plato s metaphysics of imagery For Gerson Plato s account of embodied personhood is not accurately conflated with Cartesian dualism Plato s dualism is more appropriately seen in the contrast between the ideal disembodied person and the embodied one than in the contrast between mind or soul and body This study argues that Plato s analysis of personhood is intended to cohere with his two world metaphysics as well as a radical separation of knowledge and belief Gerson demonstrates that Plato s account of persons plays a key role not just in his theory of mind but in his theory of knowledge his metaphysics and his ethics A proper understanding of Plato s account of persons must therefore place it in the context of his doctrines in these areas Knowing Persons fills a significant gap by showing the way to such an understanding **Celebrating Paul** Peter Spitaler, 2023-09-29 The significance of the Pauline writings Joseph A Fitzmyer Divisions are necessary 1 Corinthians 11 19 Jerome Murphy O Connor In search of the historical Paul James D G Dunn I rate all things as loss Paul s puzzling accounting system Judaism as loss or the re evaluation of all things in Christ William S Campbell Paul and the Jewish tradition the ideology of the Shema Mark D Nanos Paul a change agent model for the twenty first century John J Pilch Paul s four discourses about sin Stanley K Stowers Adam and Christ in the Pauline Epistles Pheme Perkins Living in newness of life Paul s understanding of the moral life Frank J Matera Ecocentric

or anthropocentric a reading of Romans 8 18 25 Jan Lambrecht Set apart for the gospel Romans 1 1 Paul's self introduction in the letter to the Romans Ekkehard W Stegemann Adam Christ and the law in Romans 5 8 Brendan Byrne and in Paul's writings Helmut Koester Interpreting Romans 11 14 what is at stake Jean-Noël Aletti Reinterpreting Romans 13 within its broader context Robert Jewett To the Jew first Romans 1 16 Paul's defense of Jewish privilege in Romans Gregory Tatum Paul ritual purity and the ritual baths south of the Temple Mount Acts 21 15 28 David E Aune Where have all my siblings gone a reflection on the use of kinship language in the Pastoral Epistles Raymond F Collins Augustine's Pauline method 1 Corinthians 11 2 16 as a case study Thomas F Martin

Persons and Personal Identity Amy Kind, 2015-12-22 As persons we are importantly different from all other creatures in the universe But in what exactly does this difference consist What kinds of entities are we and what makes each of us the same person today that we were yesterday Could we survive having all of our memories erased and replaced with false ones What about if our bodies were destroyed and our brains were transplanted into android bodies or if instead our minds were simply uploaded to computers In this engaging and accessible introduction to these important philosophical questions Amy Kind brings together three different areas of research the nature of personhood theories of personal identity over time and the constitution of self identity Surveying the key contemporary theories in the philosophical literature Kind analyzes and assesses their strengths and weaknesses As she shows our intuitions on these issues often pull us in different directions making it difficult to develop an adequate general theory Throughout her discussion Kind seamlessly interweaves a vast array of up to date examples drawn from both real life and popular fiction all of which greatly help to elucidate this central topic in metaphysics A perfect text for readers coming to these issues for the first time *Persons and Personal Identity* engages with some of the deepest and most important questions about human nature and our place in the world making it a vital resource for students and researchers alike

The Structured Self in Hellenistic and Roman Thought Christopher Gill, 2006-04-06 Christopher Gill offers a wide ranging and original account of what is new and distinctive in Hellenistic and Roman ideas about selfhood and personality He focuses upon Stoic and Epicurean philosophy and its relationship to earlier Greek thought especially Plato and contemporary literature

Brain Death and Disorders of Consciousness Calixto Machado, D. Alan Shewmon, 2004-03-31 Although some decades have passed there are still worldwide controversies about a concept of human death on neurological grounds There are also disagreements on the diagnostic criteria for brain death whether clinical alone or clinical plus ancillary tests Moreover some scholars who were strong defenders of a brain based standard of death are now favoring a circulatory respiratory standard The study of coma is extremely important because lesions of the brain are responsible for quality of life in patients or cause of death The main goal of *Brain Death and Disorders of Consciousness* is to provide a suitable scientific platform to discuss all topics related to human death and coma

Roman Political Thought Dean Hammer, 2014-07-28 *Roman Political Thought* is the first comprehensive treatment of the political thought of the Romans Dean Hammer argues

that the Romans were engaged in a wide ranging and penetrating reflection on politics The Romans did not create utopias Instead their thinking was relentlessly shaped by their own experiences of violence the enormity and frailty of power and an overwhelming sense of loss of the traditions that oriented them to their responsibilities as social political and moral beings However much the Romans are known for their often complex legal and institutional arrangements the power of their political thought lies in their exploration of the extra institutional affective foundations of political life The book includes chapters on Cicero Lucretius Sallust Virgil Livy Seneca Tacitus Marcus Aurelius and Augustine and discussions of Polybius the Stoics Epicurus and Epictetus

Why Plato Matters Now Angie Hobbs, 2025-08-28 Professor Angie Hobbs proves in this persuasive and intelligent book that Plato is more relevant than ever Does Plato matter An ancient philosopher whose work has inspired and informed countless thinkers and poets across the centuries his ideas are no longer taught as widely as they once were But as Angie Hobbs argues in this clear sighted book that is a mistake If we want to understand the world we live in from democracy autocracy and fake news to celebrity cancel culture and what money can and cannot do there is no better place to start than Plato Exploring the intersection between the ancient and the modern Professor Hobbs shows how Plato can help us address key questions concerning the nature of a flourishing life and community healthcare love and friendship heroism reality art and myth making She also shows us how Plato's adaptation of the Socratic method and dialogue form can enable us to deal with contested issues more constructively Plato's methodology arguments ideas and vivid images are explained with a clarity suitable both for readers familiar with his work and for those approaching Plato for the first time This book shows why Plato really matters now more than ever

The Role Ethics of Epictetus Brian E. Johnson, 2013-12-04 The Role Ethics of Epictetus Stoicism in Ordinary Life offers an original interpretation of Epictetus's ethics and how he bases his ethics on an appeal to our roles in life Epictetus believes that every individual is the bearer of many roles from sibling to citizen and that individuals are morally good if they fulfill the obligations associated with these roles To understand Epictetus's account of roles scholars have often mistakenly looked backwards to Cicero's earlier and more schematic account of roles However for Cicero roles are merely a tool in the service of the virtue of decorum where decorum is one of the four canonical virtues prudence justice greatness of spirit and decorum In contrast Epictetus sets those virtues aside and offers roles as a complete ethical theory that does the work of those canonical virtues This book elucidates the unique features of Epictetus's role based ethics First individuals have many roles and these roles are substantial enough that they may conflict Second although Epictetus is often taken to have only a sparse theory of appropriate action or duty in older translations Brian E Johnson examines the criteria by which appropriate action is measured in order to demonstrate that Epictetus does have an account of appropriate action and that it is grounded in his account of roles Finally Epictetus downplays the Stoic ideal of the sage and replaces that figure with role bound individuals who are supposed to inspire each of us to meet the challenges of our own roles Instead of looking to sages who have a perfect knowledge and action that we

must imitate Epictetus's new ethical heroes are those we do not imitate in terms of knowledge or action but simply in the way they approach the challenges of their roles. The analysis found in *The Role Ethics of Epictetus* will be of great value both to students and scholars of ancient philosophy, ethics and moral philosophy, history, classics and theology, and to the educated reader who admires Epictetus.

Ideal and Culture of Knowledge in Plato Karl-und-Gertrud-Abel Stiftung, Tagung, 2003. The volume collects the contributions to an international conference held at the University of Frankfurt on the relationship between epistemic practices, culture of knowledge and the concept of knowledge ideal of knowledge in Plato. For Plato, both aspects of knowledge were not only of equal importance; he was also well aware of their interdependence, taking into account that no philosopher has yet reached the epistemic level of knowledge. His acknowledgement of this interdependence is as the papers of this volume show further counter-evidence against the traditional reading that attributes to Plato a two-worlds view which tries to keep ordinary belief and philosophical knowledge ontologically distinct. The contributions include essays from both ancient philosophers and ancient historians. Topics of the essays are, e.g., the conception of education in the *Republic*, the epistemic ascent in the *Symposium*, the knowledge of knowledge in the *Charmides*, the role of perception in the *Theaetetus* and the sophistic environment of Plato.

Thinking Through Dementia Julian C. Hughes, 2011-02-17. With a rapidly expanding elderly population, there has been a marked increase in the incidence of dementia, and this dreadful debilitating illness now affects directly or indirectly millions of people across the world. Dementia throws up a number of particular clinical, ethical and conceptual problems which mostly reflect complicated evaluative decisions, for instance about diagnosis and the distinction between normal and abnormal ageing. Different disciplines approach dementia in different ways; thus there are disease, cognitive neuropsychology and social constructivist models of dementia. Underlying these models and approaches, each of which is clinically useful, are various and differing conceptual commitments. These models carry ethical implications concerning how we ought to treat people suffering from dementia. *Thinking through Dementia* offers a critique of the main models used to understand dementia: the biomedical, neuropsychological and social constructionist. It discusses both clinical issues and cases together with philosophical work that might help us better understand and treat this illness. Drawing on philosophical critique of models of dementia as well as empirical data and clinical experience, the book unifies the biological, psychological and social accounts of illness and disease. Highly original and thought-provoking, this book will interest psychiatrists, philosophers, psychologists and anyone involved in the care and management of those with dementia.

The Oxford Handbook of the Self Shaun Gallagher, 2011-02-10. The *Oxford Handbook of the Self* explores a fascinating diversity of questions about our understanding of self from a variety of interdisciplinary perspectives, including philosophy, ethics, psychology, neuroscience, psychopathology, narrative and postmodern theories.

Greek Thought Christopher Gill, 1995-12-14. Four related themes in Greek thought are examined in this book: 1. personality and self, 2. ethics and values, 3. individuals and communities, and 4. the idea of nature as a moral norm. Although the focus is on Greek philosophy, the

Presocratics Plato Aristotle and the Hellenistic period links between philosophy and literature or the wider culture are also explored The book combines a survey of recent scholarship on these topics with the author's own interpretations It can be used by students or teachers of classical studies or philosophy as an introduction to key themes and issues in Greek ethics or psychology One aspect of the subject given special emphasis is the relationship between ancient and modern ideas on the issues treated here The book closes with a selective bibliography on modern work on Greek philosophy

The Phenomenology of Self-Awareness and the Nature of Conscious Subjects Julien Bugnon, Martine

Nida-Rümelin, Donnchadh O'Conaill, 2025-10-27 This volume explores the connections between the phenomenology of self awareness and the metaphysical nature of subjects of experience bringing together two important research areas in contemporary philosophy of mind into fruitful engagement with one another The phenomenology of self awareness concerns what it is like to be aware of oneself in various conscious experiences such as perceiving recollecting experiencing agency or emotions The metaphysical nature of subjects of experience raises questions concerning whether subjects are physical or non physical entities whether they are substances or bundles of properties and what it is for subjects to have experiences The ten original essays in this volume are grouped into thematic sections covering the following topics the nature of self awareness and its relation to conscious experience the metaphysical nature of the subject of experience and whether self awareness can reveal anything about the metaphysical nature of the subject Each chapter is accompanied by comments from another contributor to the volume and a response from the author The Phenomenology of Self Awareness and the Nature of Conscious Subjects will appeal to researchers and advanced students working in analytic philosophy of mind

Understanding Plato's Republic Gerasimos Santas, 2010-02-04 Understanding Plato's Republic is an accessible introduction to the concepts of justice that inform Plato's Republic elucidating the ancient philosopher's main argument that we would be better off leading just lives rather than unjust ones Provides a much needed up to date discussion of The Republic's fundamental ideas and Plato's main argument Discusses the unity and coherence of The Republic as a whole Written in a lively style informed by over 50 years of teaching experience Reveals rich insights into a timeless classic that holds remarkable relevance to the modern world

Paul and the Person Susan Grove Eastman, 2017 In this book Susan Grove Eastman presents a fresh and innovative exploration of Paul's participatory theology in conversation with both ancient and contemporary conceptions of the self Juxtaposing Paul ancient philosophers and modern theorists of the person Eastman opens up a conversation that illuminates Paul's thought in new ways and brings his voice into current debates about personhood

Person And The Human Mind Issues In Ancient And Modern Philosophy Introduction

In the digital age, access to information has become easier than ever before. The ability to download Person And The Human Mind Issues In Ancient And Modern Philosophy has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Person And The Human Mind Issues In Ancient And Modern Philosophy has opened up a world of possibilities. Downloading Person And The Human Mind Issues In Ancient And Modern Philosophy provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Person And The Human Mind Issues In Ancient And Modern Philosophy has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Person And The Human Mind Issues In Ancient And Modern Philosophy. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Person And The Human Mind Issues In Ancient And Modern Philosophy. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Person And The Human Mind Issues In Ancient And Modern Philosophy, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Person And The Human Mind Issues In Ancient And Modern Philosophy has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a

popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Person And The Human Mind Issues In Ancient And Modern Philosophy Books

What is a Person And The Human Mind Issues In Ancient And Modern Philosophy PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Person And The Human Mind Issues In Ancient And Modern Philosophy PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Person And The Human Mind Issues In Ancient And Modern Philosophy PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Person And The Human Mind Issues In Ancient And Modern Philosophy PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Person And The Human Mind Issues In Ancient And Modern Philosophy PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools,

which may or may not be legal depending on the circumstances and local laws.
