Red Tram:

The Red Tram Christian Karlson Stead, 2004 From one of New Zealand's most celebrated writers comes this poetry collection that encompasses moving memories of childhood and ruminations on horses and cows Auckland and even the author's own legs These satirical poems take weapons from the writers of the past and skewer politicians of the present and reflect on a range of international writers including Allen Curnow Janet Frame and Denis Glover With sometimes biting and often humorous poems that reference both classical Latin poets and contemporary concerns this collection breathes with an incomparable sense of energy speed and force

The Rise of the Paris Red Belt Tyler Stovall, 2024-06-21 From 1920 until the present the working class suburbs of Paris known as the Red Belt have constituted the heart of French Communism providing the Party not only with its most solid electoral base but with much of its cultural identity as well Focusing on the northeastern suburb of Bobigny Tyler Stovall explores the nature of working class life and politicization as he skillfully documents how this unique region and political culture came into being The Rise of the Paris Red Belt reveals that the very process of urban development in metropolitan Paris and the suburbs provided the most important opportunities for the local establishment of Communist influence The rapid increase in Paris suburban population during the early twentieth century outstripped the development of the local urban infrastructure Consequently many of these suburbs often represented to their new residents as charming country villages soon degenerated into suburban slums Stovall argues that Communists forged a powerful political block by mobilizing the disillusionment and by improving some of the worst aspects of suburban life As a social history of twentieth century France The Rise of the Paris Red Belt calls into question traditional assumptions about the history of both French Communism and the French working class It suggests that those interested in working class politics should consider the significance of residential and consumer issues as well as those relating to the workplace It also suggests that urban history and urban development should not be considered autonomous phenomena but rather expressions of class relations The Rise of the Paris Red Belt brings to life a world whose citizens though often overlooked are nonetheless the history of modern France This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990

Red Hill Peter Branson, 2013-09-30 *The Last Tram* Nedim Gürsel, 2013-12-03 What I know about is absence the endless geography of yearning For Nedim Gürsel the state of exile isn't a static condition applying to a single person in a specific place but an entire landscape of longing through which he and countless other migrants must travel a mobile experience a moveable feast In these stories Gürsel crisscrosses modern Europe settling in some cities like Paris for many years visiting others several times decades apart But none of them quite constitutes home Nor is return to his native Turkey from which Gürsel was himself exiled for his political writings in the 70s

ever really possible though through his stories dreams and memories he makes many attempts Art history architecture contemporary politics all these feed into the swirling palette of colours with which G rsel paints the migrant experience Not to mention a host of unforgettable characters the lonely Mustafa who cares only for the fate of his beloved poplar tree back home on the Anatolian plain the tragic Madame Suslova recalling memories of a lover who squandered her money on the roulette tables of Istanbul or the Coci family making their desperate way through the Fr jus Tunnel as re imagined by an eager documentary maker Indeed such is the poetry of G rsel s writing it is little surprise that even in exile he is regarded as one of Turkey s greatest living writers

Living Dreams Partha Mazumdar, While some dreams get achieved in a lifetime others may take a little longer Some dreams may be fulfilled by oneself others may need support of their loved ones But dreams through trials and turbulences life and death live on forever Based on the common setting of migration to Australia from India Living Dreams is a breezy collection of two stories of love life beliefs values and of course dreams In Spice Connect Nandini a young modern career oriented girl from a traditional family in Kolkata migrates to Australia for work New romance blooms career sets off life is exciting until the tragic death of her mother turns her world upside down As she accidentally discovers her simple mother s secret dream Nandini s life gets a new purpose Guided by none other than her dear mother she sets out to overcome all hurdles and fulfil her mother s dream Can a dream outlive the dreamer The Golden Key is the story of Suniti a strong ambitious woman who gets married into a traditional family in Old Delhi As time passes life becomes monotonous and Suniti s dream takes a back seat Life with a workaholic honest and underpaid husband becomes a big burden of responsibility As her husband gets a new opportunity in Melbourne ironically as a result of his honesty that she had come to resent the family migrates to Australia But their happiness is short lived as Suniti gets to know she has very little time left and a big dream yet unfulfilled Can the woman who dared to dream big now dare to hope for its fruition

Journey around the world with a prayer for peace Nguyen Quy Minh Hien, 2015-06-12 I continue to travel and to write So I have visited five continents four homelands of the most famous ancient cultures three biggest countries It was my dream when I was a little girl and now I have traveled Also something urged me to write my feeling impression of those travels and I want to share with friends especially want to share with young friends who is hoping about new lands This book is not a guide book to travel It also was not a list of all my travels or all countries where I came This book was a collection of my experience impression and feeling of countries regions where I visited It included joy worry anxiety surprise and disappointment suddenness and interest In this book the feeling and experiences of travels spread from near to far step by step in five sections The first section included stories of Asian travels with the starting point was a story of Hanoi my native city The second section was my impression in Australia My feeling and experiences of travels in Europe were presented in the third section The fourth section was stories of mysterious land Egypt The last section included stories of my travel in USA the country with distance is half of the earth from Vietnam My journeys and writings they are my prayers for peace in the

earth finish bombs children have many foods nobody is poverty stricken everybody can travel The world is a big village
Please let read and see go and come try and feel VISA Nguyen Quy Minh Hien, 2015-02-05 About the book Dear Reader
So I have visited five continents four homelands of the most famous ancient cultures three biggest countries It was my dream
when I was a little girl and now I have traveled Also something urged me to write my feeling impression of those travels and I
want to share with friends especially want to share with young friends who is hoping about new lands This book is not a
guide book to travel It also was not a list of all my travels or all countries where I came This book was a collection of my
experience impression and feeling of countries regions where I visited It included joy worry anxiety surprise and
disappointment suddenness and interest Would be more useful when the book was written by bilingual Vietnamese and
English These bilingual pages could make more enthusiasm and self confident when you are thinking about trips preparing or
traveling in somewhere Honestly when I started writing stories in English I was unself confident and knew that I should
study so much One American author he is my friend who edited my first stories laughed when I told that sometimes my
English could be silly because I was not an American He said if I thought that every American could speak and write English
very well then it was not true United States of America was the country of many people from other countries It seemed as
their silly English could make freshness and riches of American English It was accepted like as a factor of language
development In this book feeling and experience of travels spread from near to far step by step in five sections The first
section included stories of Asian travels with the starting point was a story of Hanoi my native city The second section was
my impression in Australia My experience and feeling of travels in Europe were presented in the third section The fourth
section was stories of mysterious land Egypt The last section included stories of my travel in USA the country with distance is
half of the earth from Vietnam Feeling of a oversea travel started from apply for entry visa Every time I received a new visa
on my passport I got special feeling It seemed that a door opened in front of my eyes step by step with new things Visa also
was the name of a story in this book For many Vietnamese visa English word more familiar than thi thuc Vietnamese word
Therefore VISA is the name of this book When the book Visa is published it can bring to me the similiar feeling it opens door
for next books with new travels and new others The world is a big village Please let go and come try and feel Thank so much
for my friends who helped me in nice travels and helped me to complete this book Thank Google s help to transfer this book
