REDCOATS AND REBELS

THE WAR FOR AMERICA
1770-1781

Christopher Hibbert

Redcoats And Rebels The War For America 1770 1781

Bruce Lenman

Redcoats And Rebels The War For America 1770 1781:

Redcoats and Rebels Christopher Hibbert, 2001 This work offers a full length popular history of the American War of Independence the cruel accursed war that changed the world forever The story of this war has usually been told in terms of a conflict between blundering British generals and their rigidly disciplined red coated troops on the one side and heroic American patriots in homespun shirts and coonskin caps on the other Here the author portrays the realities of a war condemned by thousands of Americans in which George Washington came perilously close to defeat Both before and after General Burgoyne s surrender at Saratoga the British rarely lost a battle until the French helped the rebels defeat Lord Cornwallis at Yorktown in 1781

Redcoats and Rebels Christopher Hibbert, 2002 A full scale popular history of the American War of Independence

Redcoats and Rebels Christopher Hibbert, 2008 Based on a variety of sources with character sketches and eyewitness accounts this work presents a vivid picture of the cruel accursed war that changed the world forever It provides a thorough introduction to the War of American Independence Told with great authority and clarity it describes in detail the effects of each notable event from 1770 to 1781 The book examines each of the major battles and skirmishes but does not get bogged down in deep analysis of battle formations and strategies instead it concentrates on the war as a whole and its political and economic impacts on Britain and America and explains how each commander s strategy was affected **Redcoats Rebels** is filled with anecdotes to give the reader a clearer understanding of how the war affected the lives of those involved publisher

Britain's Colonial Wars, 1688-1783 Bruce Lenman, 2014-07-30 From Europe to India and America Britain s Colonial Wars relates empire to the fortunes of war In less than a century between the Glorious Revolution of 1688 and the settlement following the War of the American Revolution the modern British state was born This penetrating new analysis questions the centrality of the colonial enterprise to Westminster policy makers obsessed with European issues and explains how the impact of their strategies necessarily shaped the destiny of a multi national and incoherent empire beyond the shores of Europe

Access to History: The American Revolution and the Birth of the USA 1740-1801 Second Edition Alan Farmer, 2015-04-24 Exam Board AQA Edexcel OCR WJEC Level A level Subject History First Teaching September 2015 First Exam June 2016 Give your students the best chance of success with this tried and tested series combining in depth analysis engaging narrative and accessibility Access to History is the most popular trusted and wide ranging series for A level History students This title Supports the content and assessment requirements of the 2015 A level History specifications Contains authoritative and engaging content Includes thought provoking key debates that examine the opposing views and approaches of historians Provides exam style questions and guidance for each relevant specification to help students understand how to apply what they have learnt This title is suitable for a variety of courses including AQA The Birth of the USA 1760 1801 OCR The American Revolution 1740 1796

Britain and the American Revolution H. T. Dickinson, 2014-07-30 This is the first modern study to focus on the British dimension of the American

Revolution through its whole span from its origins to the declaration of independence in 1776 and its aftermath It is written by nine leading British and American scholars who explore many key issues including the problems governing the American colonies Britain's diplomatic isolation in Europe over the war the impact of the American crisis on Ireland and the consequences for Britain of the loss of America A Short History of the American Revolutionary War Stephen Conway, 2013-04-12 The American war against British imperial rule 1775-1783 was the world's first great popular revolution Ideologically defined by the colonists' formal Declaration of Independence in 1776 the struggle has taken on something of a mythic character From the Boston Tea Party to Paul Revere's ride to raise the countryside of New England against the march of the Redcoats and from the American travails of Bunker Hill 1775 to the final humiliation of the British at Yorktown 1781 the entire contest is now emblematic of American national identity Stephen Conway shows that beyond mythology this was more than just a local conflict rather a titanic struggle between France and Britain The Thirteen Colonies were merely one frontline of an extended theatre of operations with each superpower aiming to deliver the knockout blow This bold new history recognizes the war as the Revolution but situates it on the wider global canvas of European warfare The 1711 Expedition to Quebec Adam Lyons, 2013-02-14 In 1711 the newly formed Great Britain launched its first attempt to conquer French North America The largest military force ever assembled to fight on the continent was dispatched and combined with colonial American units in Boston before proceeding up the St Lawrence River for Quebec An additional colonial force set out from Albany to march on Montreal but neither Briton nor colonist reached their respective targets Adam Lyons looks at the expedition as a product of the turbulent political environment at the end of Queen Anne's reign and as a symbol of a shift in politics and strategy Its failure proved to be detrimental to the reputation of the expedition's naval commander Rear Admiral Sir Hovenden Walker but Lyons shows how true blame should lie with his political master Secretary of State Henry St John who ensured the expedition's failure by maintaining absolute control and secrecy The 1711 Expedition to Quebec demonstrates how the expedition helped to alter British policy by renewing an interest in blue water or maritime operations that would gain dominance for Britain in commerce and at sea This strategy would later see huge success ultimately resulting in the fall of Quebec to Wolfe and the eventual conquest of French North America in the Seven Years War **The Art of War** Jean-Christophe Malevil, 2017-02-24 The American colonists had a very special relationship with England since many of them originated from this country As the days were passing by the colonists enjoyed a salutary neglect They were far from the English monarch who enjoyed in turn the bounties of his colonies The trade on which the colonists and the king relied was of benefit to all of them Not only did they feel free but also they were loyal to their English king By the mid 1760s the understanding between the American colonies and the mother country was crumbling The harmony which had existed turned into discord when the English Parliament decided to tax the American colonies because of the high cost of the French and Indian War 1754-1763 and thus all the colonies were thrown into turmoil The more the colonists rose up against Britain

the more troops the British sent to enforce the laws From skirmishes to attempts to settle matters the relations between the two countries were so strained that they could break up at any time The war the Continental Congress intended to wage would require money men and the experience of soldiers skilled in the art form of warfare such as it was waged in the 18th century The American resistance to power got organized with great difficulty but how could the American colonists hope to defeat the English in the art of war Get a deeper understanding of the American war of Independence thanks to this essay

EXCERPT A major problem for the American colonists was that one third of the people remained loyal to the crown and another third did not know what to think about the war The various colonies which rejected the authority of a king did not completely want to rely on the sole authority of a Continental Congress The only force in the colonies was that of the militias but they were not trained for pitched battles even if they excelled in guerrilla warfare The Continental Congress realized that relying only on guerrilla warfare would not allow the American colonists to take well populated cities and ports occupied by the British army In order to win the American War of Independence they had to demonstrate their ability to fight European types of battles Then they would be able to rely on foreign support

ABOUT THE AUTHOR The author at the master s level Jean Christophe Malevil chose to write his thesis about the American War of Independence in seeing Roland Emmerich s The Patriot in 2000 He knew he would work on the art of war and to illustrate his work he of course decided to rely on this movie This book is the result of the findings of his investigations about war in the 18th century [Access to History: The American Revolution and the Birth of the USA 1740-1801, Third Edition](#) Vivienne Sanders, 2020-05-04 Exam board AQA OCR Level AS A level Subject History First teaching September 2015 First exams Summer 2016 AS Summer 2017 A level Put your trust in the textbook series that has given thousands of A level History students deeper knowledge and better grades for over 30 years Updated to meet the demands of today s A level specifications this new generation of Access to History titles includes accurate exam guidance based on examiners reports free online activity worksheets and contextual information that underpins students understanding of the period Develop strong historical knowledge In depth analysis of each topic is both authoritative and accessible Build historical skills and understanding Downloadable activity worksheets can be used independently by students or edited by teachers for classwork and homework Learn remember and connect important events and people An introduction to the period summary diagrams timelines and links to additional online resources support lessons revision and coursework Achieve exam success Practical advice matched to the requirements of your A level specification incorporates the lessons learnt from previous exams Engage with sources interpretations and the latest historical research Students will evaluate a rich collection of visual and written materials plus key debates that examine the views of different historians

The Enigmatic Realm of **Redcoats And Rebels The War For America 1770 1781**: Unleashing the Language is Inner Magic
