Rediscovery Of The Holy Land In The Nineteenth Century:

The Rediscovery of the Holy Land in the Nineteenth Century Yehoshua Ben-Arieh, 1979 Yehoshua Ben Arieh has written a significant number of books and articles dealing with the Historical Geography of Israel and of Jerusalem in modern times The Rediscovery of the Holy Land in the 19th Century deals with the main historical sources of the western travelers explorers and scholars who made their way to the Holy Land in the 19th Century woodcuts and maps *Painting the Holy Land in the Nineteenth Century* Yehoshua Ben-Arieh, 1997 The Holy Land has captured the attention of mankind since the very beginning of human civilization and even more so from the early days of Christianity Nineteenth century Palestine fired the imagination of the Western world Improved travel facilities and greater political stability in the Near East brought ever increasing numbers of visitors to the Holy Land affecting the quantity and quality of the pictorial depictions of its sites and scenes Like other countries in the exotic Muslim East Palestine also became a point of focal interest for painters of the Orientalist school The author has assembled a fascinating collection of unique works of art executed in the diverse styles of nineteenth century painting Around these reproductions many of them in colour he reconstructs the story of the artists who produced them who came from many European countries and from North America The result is an important and unique perspective on the sites persons events and customs of the Holy Land in that century **The Making of Eretz Israel in the Modern Era**

Yehoshua Ben-Arieh, 2020-03-09 Napoleon's invasion of the Middle East marks the beginning of the modern era in the region This book traces the developments that led to the making of a new and separate geographical political entity in the Middle East known as Eretz Israel and the establishment of the State of Israel within its bounds Thus its time frame runs from Napoleon's invasion of Eretz Israel Palestine in 1799 to the establishment of Israel in 1948 1949 Eretz Israel as the formal name of a separate entity in the modern era first appeared in the early translations into Hebrew of the Balfour Declaration while in the original document the country was referred to as Palestine During the period of Ottoman rule the territory that would in time be called Eretz Israel Palestine was not a separate political unit Among Jews use of Eretz Israel increased only after the beginning of Zionist aliyot Had the Zionist movement not arisen it is doubtful whether the development to which this study is devoted would have occurred The motivating force behind that process is without doubt the Zionist element That is why Jews are the major protagonists in this book *A Survey of Palestine Under the British Mandate, 1920-1948* Dov Gavish, 2005 This book is a historical study of the survey and mapping system of Palestine under the British Mandate It traces the background and the reasoning behind the establishment of the survey programme examines the foundations upon which the system was based and strives to understand the motivation of those who implemented it This study shows that the roots of the modern survey system of Palestine are to be sought in the Balfour Declaration and its implications regarding land in Palestine The land issue was at the core of the mapping of Mandatory Palestine and it remains as a core issue at the heart of the Israeli Palestinian dispute *Tourists, Travellers and Hotels in 19th-Century Jerusalem*

Rupert L. Chapman III, 2018-12-13 Jerusalem was a constant focus in the hearts and minds of all pilgrims and tourists travelling to the Holy Land in the nineteenth century but knowing exactly where they might get clean and decent accommodations on arrival was of the utmost importance This volume is a study of the rise of commercial hotel keeping in Jerusalem from the beginnings in the early 1840s drawing extensively on travel accounts and archives notably those of the Palestine Exploration Fund

Teaching Jewish Civilization Moshe Davis, 1995-06 Examines the development of the International Center for University Teaching of Jewish Civilization against the backdrop of university Jewish studies in different parts of the world and provides a world register of university studies on Jewish civilization listing institutions around the world in which Jewish civilization is taught or researched Essays offer a historical perspective on issues confronting university Jewish studies and look at specific projects and the Israel experience No index Annotation copyright by Book News Inc Portland OR

Melville's Bibles Ilana Pardes, 2008-02-05 Many writers in antebellum America sought to reinvent the Bible but no one Ilana Pardes argues was as insistent as Melville on redefining biblical exegesis while doing so In *Moby Dick* he not only ventured to fashion a grand new inverted Bible in which biblical rebels and outcasts assume center stage but also aspired to comment on every imaginable mode of biblical interpretation calling for a radical reconsideration of the politics of biblical reception In *Melville's Bibles* Pardes traces Melville's response to a whole array of nineteenth century exegetical writings literary scriptures biblical scholarship Holy Land travel narratives political sermons and women's bibles She shows how Melville raised with unparalleled verve the question of what counts as Bible and what counts as interpretation

Jerusalem Roberto Mazza, 2009-09-30 Led by General Allenby British troops entered Jerusalem in December 1917 thereby ending Ottoman rule and opening a new and important era in the history of Jerusalem This historical moment has often been described as the beginning of a period of great change and transformation depicting the British as the real modernisers of Jerusalem In this study Mazza does not offer just another history of Jerusalem He focuses on the often neglected transition from Ottoman rule to British administration examining the impact of the First World War and considering the socio political changes which occurred as a result of the transition He also considers the impact of these changes on the local population and how they in turn could act as agents of change in this formative period He discusses the role of the British in Jerusalem as well as reactions to the occupation in Britain Through the extensive use of case studies and unpublished archival material from Spain and Vatican archives Mazza takes a fresh approach to this period of Jerusalem's history focusing on a previously overlooked area and opening the field to new perspectives and research

Between Dixie and Zion Walker Robins, 2020-03-17 Explores the roots of evangelical Christian support for Israel through an examination of the Southern Baptist Convention One week after the establishment of the State of Israel in 1948 delegates to the Southern Baptist Convention SBC repeatedly and overwhelmingly voted down resolutions congratulating fellow Southern Baptist Harry

Truman on his role in Israel's creation From today's perspective this seems like a shocking result After all Christians particularly the white evangelical Protestants who populate the SBC are now the largest pro Israel constituency in the United States How could conservative evangelicals have been so hesitant in celebrating Israel's birth in 1948 How did they then come to be so supportive Between Dixie and Zion Southern Baptists and Palestine before Israel addresses these issues by exploring how Southern Baptists engaged what was called the Palestine question whether Jews or Arabs would or should control the Holy Land after World War I Walker Robins argues that in the decades leading up to the creation of Israel most Southern Baptists did not directly engage the Palestine question politically Rather they engaged it indirectly through a variety of encounters with the land the peoples and the politics of Palestine Among the instrumental figures featured by Robins are tourists foreign missionaries Arab pastors converts from Judaism biblical interpreters fundamentalist rebels editorialists and of course even a president While all revered Palestine as the Holy Land each approached and encountered the region according to their own priorities Nevertheless Robins shows that Baptists consistently looked at the region through an Orientalist framework broadly associating the Zionist movement with Western civilization modernity and progress over and against the Arabs whom they viewed as uncivilized premodern and backward He argues that such impressions were not idle they suggested that the Zionists were bringing to fruition Baptists long expressed hopes that Israel would regain the prosperity it had held in the biblical era the Holy Land would one day be revived and biblical prophecies preceding the return of Christ would be fulfilled
