Refugee And Immigrant Health A Handbook For Health Professionals:

Refugee and Immigrant Health Charles Kemp, Lance A. Rasbridge, 2004-09-16 We live in an age of constantly shifting populations as immigrants and refugees seek a safe haven from war famine and poverty The healthcare of these dispossessed people is now a stark challenge not only in zones of conflict but in those wealthier countries that have offered sanctuary The book is based on the authors combined forty plus years of work as clinicians and teachers in refugee and immigrant health It is written with clinicians and students in mind and is thus practical yet theory based so it can be used in the field and as a teaching text It bridges physical health highlighting infectious disease risks mental health and spiritual issues and encompasses population specific information on history of immigration culture and social relations communications religions pregnancy and childbirth end of life issues and health screening It also details health beliefs and practices of 30 cultures from more than 40 countries

Handbook of Immigrant Health Sana Loue, 2013-11-11 Here is the first comprehensive cross disciplinary work to examine the current health situation of our immigrants successfully integrating the vast literature of diverse fields epidemiology health services research anthropology law medicine social work health promotion and bioethics to explore the richness and diversity of the immigrant population from a culturally sensitive perspective This unequalled resource examines methodological issues issues in clinical care and research health and disease in specific immigrant populations patterns of specific diseases in immigrant groups in the US and conclusive insight towards the future Complete with 73 illustrations this singular book is the blueprint for where we must go in the future

[Encyclopedia of Immigrant Health](#) Sana Loue, Martha Sajatovic, 2014-06-20 There is increasing interest in the scientific literature on immigrant health and its impact on disease transmission disease prevention health promotion well being on an individual and population level health policy and the cost of managing all these issues on an individual institutional national and global level The need for accurate and up to date information is particularly acute due to the increasing numbers of immigrants and refugees worldwide as the result of natural disasters political turmoil the growing numbers of immigrants to magnet countries and the increasing costs of associated health care that are being felt by governments around the world

Format and Scope The first portion of the encyclopedia contains chapters that are approximately 25 to 40 manuscript pages in length Each overview chapter includes a list of references and suggested readings for cross referencing within the encyclopedia The opening chapters are Immigration in the Global Context Immigration Processes and Health in the U S A Brief History Alternative and Complementary Medicine Culture Specific Diagnoses Health Determinants Occupational and Environmental Health Methodological Issues in Immigrant Health Research Ethical Issues in Research with Immigrants and Refugees Ethical Issues in the Clinical Context The second portion of the book consists of alphabetical entries that relate to the health of immigrants Entries are interdisciplinary and are drawn from the following fields of study anthropology demographics history law linguistics medicine population studies psychology religion and sociology Each entry is followed by a listing of

suggested readings and suggested resources and also links to related terms within the whole book

Outstanding Features The book adopts a biopsychosocial historical approach to the topics covered in the chapters and the entries Each entry includes suggested readings and suggested resources The chapters and entries are written graduate level that is accessible to all academics researchers and professionals from diverse backgrounds We consider the audience for the entries to be well educated but a non expert in this area The primary focus of the book is on the immigrant populations in and immigration to magnet countries References are made to worldwide trends and issues arising globally In addition to the comprehensive subject coverage the text also offers diverse perspectives The editors themselves reflect the multidisciplinary nature of the topics with expertise in psychiatry law epidemiology anthropology and social work Authors similarly reflect diverse disciplines
