Refugees In The Age Of Total War:

Refugees in the Age of Total War Anna C. Bramwell, 2021-11-21 This book first published in 1988 charts society's responses to the huge numbers of refugees in Europe and the Middle East during and after the Second World War. At the close of the war, large areas of Europe lay in ruins and large numbers of refugees faced upheaval and famine. Political considerations influenced the decisions as to who received assistance and refugees were forcibly repatriated or resettled and in the analysis of these matters and more both the refugee crises of the 1940s and their relevance today are highlighted.

Refugees in an Age of Genocide Katharine Knox, Tony Kushner, 2012-10-12 This is a study of the history of global refugee movements over the 20th century ranging from east European Jews fleeing Tsarist oppression at the turn of the century to asylum seekers from the former Zaire and Yugoslavia. Recognizing that the problem of refugees is a universal one, the authors emphasize the human element which should be at the forefront of both the study of refugees and responses to them.

Mass Expulsion in Modern International Law and Practice Jean-Marie Henckaerts, 2021-09-27 The Age of Interconnection Jonathan Sperber, 2023 A monumental and accessible global history of the second half of the twentieth century from the end of World War Two to the terrorist attack on the Twin Towers, offering readers the most complete portrait of the age available. The Grand Alliance and Ukrainian Refugees M. Dyczok, 2000-07-11 This study explores the role of refugees in international relations by looking at the largest involuntary migration of Ukrainians in history. Using both Western and newly available Soviet sources, it sheds light on Grand Alliance policies towards World War II Ukrainian refugees. It demonstrates how the activities of this particular group of refugees had an impact on international refugee policy and provides insight into the origins of the Cold War. *The Future of the United Nations System* Chadwick F. Alger, 1998 What does the future hold for the UN? In this book, twenty-two scholars from all continents contribute twelve chapters that cover prevention of violence, creating economic and social structures that sustain human fulfilment, sharing and protecting the commons, and peace education. The search for future potential based on experience in these twelve laboratories leads to sixty-six recommendations for new institutions and programs on issues that include controlling weapons, humanitarian intervention, collaboration between UN peacekeepers and NGOs, human rights, economic policies, advancement of women, refugees, ecological security, communications, and peace education. These recommendations are brought together in a concluding chapter and summarized in the appendix. Most of the recommendations do not require amendments to the UN Charter or to the treaties establishing the UN Specialized Agencies. Instead, their implementation would require creative efforts of Member States, secretariats, NGOs, and dedicated individuals that are pointed toward attainment of multilateral capacity for coping with an array of global problems that increasingly threaten the quality of human life. This is stimulating reading for anyone who wants to be challenged to think creatively about the potential for coping with a growing array of global problems. *Unsettled* Jordanna Bailkin, 2018-06-27 Today no one really thinks of Britain as a land of camps. Camps

seem to happen elsewhere from Greece to Palestine to the global South Yet over the course of the twentieth century dozens of British refugee camps housed hundreds of thousands of Belgians Jews Basques Poles Hungarians Anglo Egyptians Ugandan Asians and Vietnamese Refugee camps in Britain were never only for refugees Refugees shared a space with Britons who had been displaced by war and poverty as well as thousands of civil servants and a fractious mix of volunteers Unsettled Refugee Camps and the Making of Multicultural Britain explores how these camps have shaped today's multicultural Britain They generated unique intimacies and frictions illuminating the closeness of individuals that have traditionally been kept separate citizens and migrants but also refugee populations from diverse countries and conflicts As the world's refugee crisis once again brings to Europe the challenges of mass encampment Unsettled offers warnings from a liberal democracy's recent past Through lively anecdotes from interviews with former camp residents and workers Unsettled conveys the vivid everyday history of refugee camps which witnessed births and deaths love affairs and violent conflicts strikes and protests comedy and tragedy Their story like that of today's refugee crisis is one of complicated intentions that played out in unpredictable ways The aim of this book is not to redeem camps nor indeed to condemn them It is to refuse to ignore them Unsettled speaks to all who are interested in the plight of the encamped and the global uses of encampment in our present world
