The Globalization of Gender Ioana Cîrstocea, Delphine Lacombe, Elisabeth Marteu, 2019-07-04 This book provides an insightful approach to understanding the contemporary circulations of feminist repertoires and shows how the international transnational circulations of gender are interconnected even coextensive with the globalization process itself Fed by a shared reflexivity on relations among activist groups state institutions and international actors involved in the production and dissemination of contemporary norms dealing with gender each chapter shares methodological premises and studies the circulation of gender related norms and knowledge in situ and by varying standpoints Specifically the authors decompartmentalize the academic

disciplines and go beyond classical geographic divisions in order to map social spaces and networks of actors involved in the production and circulation of gender related repertoires. Last the book grasps circulatory processes and entangled social phenomena which are usually subject to disciplinary and thematic divisions separating collective action and public action development aid and feminism law and international relations. Focused on collective and individual experiences within women's organizations activist careers unstable mobilizations public policies temporalities the chapters reveal the mechanisms through which these arrangements are made and shed light on strategies deployed by actors rooted in specific social and political contexts. This book will be of key interest to students and scholars of gender studies and more broadly to politics International Relations sociology geography history and anthropology **The World Bank** Eric

Toussaint, 2023-08-20 Superior A broad ranging guide that explains the global power structure over the last eight decades Carlos Marichal El Colegio de México Covering the history of the Bank from its early days as a prop to European colonialism through the Rwandan genocide the Washington Consensus and the Iraq war Toussaint argues that the Bank is incorrigible and should be abolished. Read and judge for yourselves James K Galbraith author Welcome to the Poisoned Chalice The Destruction of Greece and the Future of Europe Invites fresh thinking on the need to streamline human rights considerations into lending Recommended reading Andr s Solimano founder International Center for Globalization and Development In 1944 the Bretton Woods Conference ushered in a new international economic order. The World Bank emerged as one of the most powerful financial institutions in the world and a new colonial authority in all but name. But how does it operate who funds it and what agenda does it work to promote In *The World Bank A Critical History* Eric Toussaint answers all of these questions and more. Offering up a highly readable yet uniquely authoritative account the book analyses the Bank from its beginnings to the present day. Chapters on gender climate and the pandemic era provide the reader with a truly contemporary definitive text. Seven international case studies illustrate the impact of World Bank policy and Toussaint also explores the political economic and strategic motives of the US government with regard to the World Bank. The book concludes with a proposal for replacing the World Bank IMF and WTO with new multilateral and democratic institutions. Eric Toussaint is a historian and political scientist. He is spokesperson for the Committee for the Abolition of Illegitimate Debt of which he is one of the founding members. He is the author or co author of numerous books including *Bankocracy* *The Life and Crimes of an Exemplary Man* and *Debt the IMF and the World Bank* *Sixty Questions Sixty Answers*. His books have been translated into more than a dozen languages *Genre et fondamentalismes/Gender and Fundamentalisms* Fatou Sow, 2018-09-26 When why and how can religion and culture be both sources and places of expression for fundamentalisms particularly in relation to politics. Those are the central questions asked throughout this book alongside a discussion on the result when religion strengthened by culture is used as a political tool to access moral and social power. Cultural and religious messages often form the basis of decisions laws and programs made in politics and have a direct effect on society in general and on women and

gender relations in particular The various forms taken by fundamentalisms in some African countries and the contexts under which they have emerged the ways in which they re shape identities and relationships between men and women are also analysed in this book These fundamentalisms are frequently sources of concern in social debates in feminist and feminine organizations as well as in academia and politics The manipulation of cultures and religions are becoming progressively political and consequently can cause social discrimination or even physical moral and symbolic violence The Entropy of Capitalism Robert Biel, 2011-10-14 The project of applying general systems theory to social sciences is crucial in today's crisis when social and ecological systems clash This book concretely demonstrates the necessity of a Marxist approach to this challenge notably in asserting agency struggle as against determinism It similarly shows how Marxism can be reinvigorated from a systems perspective Drawing on his experience in both international systems and low input agriculture Biel explores the interaction of social and physical systems using the conceptual tools of thermodynamics and information He reveals the early twenty first century as a period when capitalism starts parasitising on the chaos it itself creates notably in the link between the two sides of imperialism militarism the war on terror and speculative finance capital **La mondialisation contre le développement durable?** Géraldine Froger, 2006 Dresse un tableau multidisciplinaire de l'étude des complémentarités ou des contradictions entre la mondialisation le développement durable et l'environnement Analyse des stratégies de développement durable et les modalités de gouvernance **La recherche féministe francophone** Sow Fatou, 2009-10-01 Pour les Africaines originaires d'un continent riche de langues la question du langage se situe plusieurs niveaux Tout d'abord comment toucher en Afrique les femmes la majorité qui n'utilisent pas ou peu une langue européenne Comment dans une perspective féministe apprendre les unes des autres discuter laborer et changer des messages sur les questions qui affectent nos vies quotidiennes Comment créer les concepts et méthodes dans les langues africaines afin d'analyser et rendre compte du vécu des femmes et de leurs stratégies Comment créer des concepts et un langage féministes communs qui transcendent les diversités linguistiques et culturelles en tant que locutrices du mandingue du yoruba du xhosa du amharique de l'arabe du chinois du français ou de l'anglais Fatou Sow La coexistence du masculin et du féminin en l'universel est l'incarnation de l'égale nature une égalité par nature une égalité en dignité qui réclame que la femme soit perçue comme un bien comme un moyen Aminata Diaw On pose trop souvent en effet la domination des hommes sur les femmes comme une donnée anthropologique universelle Il apparaît au contraire qu'il convient d'historiciser cette perspective en prenant en compte la multiplicité des types de patriarcat et les crises que ceux-ci peuvent traverser les rapports de domination sont faits de tensions de lutte de résistance et de compromis Il faut donc les sociologiser en les inscrivant dans la complexité des rapports de hiérarchie de soumission de dépendance et d'exploitation qui lient les groupes humains et enfin de ce qui se est joué et se joue encore entre le Nord et le Sud depuis les entreprises coloniales Sonia Dayan Herzbrun Comme gardiennes de la maison les femmes emploient divers niveaux différentes tactiques et stratégies pour contester les rapports de pouvoir qui existent pour créer leur

propre espace et pour développer leurs intérêts Parvin Ghorayshi Il faut que la loi enregistre qu'une femme a peut-être dit je mais précisément c'est sans doute dans la phrase un enfant si je veux quand je veux que le je d'une femme s'entend de la manière la plus audible qui soit M B Tahon *La recherche féministe francophone.
