Defining the Fringe of Contemporary Australian Archaeology Rocco Bosco,Darran Jordan,2018-04-18 Popular culture has often presented a mythologised version of archaeology that at times misinforms the general public about broader academic intentions The fantastic and bizarre continue to capture the public imagination so that while archaeological teams excavate survey and record they occupy the same geographic locations as ghost tour operators and seekers of the supernatural Not only does archaeology operate within the same geography as modern mythology but widespread access to technology from satellite imagery to GPS data means that enthusiastic amateurs can partake in their own investigations With limited landscape identification training an enthusiasm for discovery and strange cultural biases fringe operators have utilised new technologies to justify old fallacies through variant forms of amateur archaeology This collection draws on the wealth of work currently being undertaken by contemporary archaeologists in Australia from rock art observations to art archaeology experiments and even space archaeology It explores archaeology on the edge contextualising the fringe dwellers that operate on the periphery of accepted academia It also looks at contemporary archaeological theory and practice in relation to these fringe operators developing approaches toward interaction in contrast to the more common reaction of repudiation The relationship between the accepted centre and the outer edge in contemporary archaeological practice and theory unveils much about popular misconceptions and how archaeological spaces can be overlaid with variant mythological and cultural interpretations Ten Conversations You Must Have with Your Son Tim Hawkes,2016-10-11 Internationally recognized expert on raising and educating boys Dr Tim Hawkes shows parents of tween and teen boys how to approach difficult but important conversations Every parent of a teenage boy knows there are certain conversations they must have with their son but often they put them off or worse don t have them at all because they simply don t know where to start In Ten Conversations You Must Have With Your Son Dr Hawkes provides parents with the essential information you need to negotiate your way through what can often be very difficult territory about the why what and how of ten key topics love

identity values leadership achievement sex money health living together and resilience Each chapter offers suggestions for how you can connect with your sons on these issues while sharing your own experiences and knowledge with your boys A headmaster of 25 years Dr Hawkes is in a unique position to know what goes on inside the minds of teenage boys He understands what they need to know to best prepare them for the opportunities responsibilities challenges and demands that life will make on them **Ten Conversations You Must Have With Your Son** is the one book anyone with a teenage son should read to help them prepare him for adulthood

I am Your Father Mark Stibbe, 2012-09-12 We live in an increasingly fatherless society Fatherless children are far more likely to be criminals or victims In January 2009 Mark quit as the senior leader of a successful and progressive Anglican congregation to found a ministry called The Father s House dedicated to taking the Father s love to the fatherless The task of the family of God is to take the Father s love to the fatherless To do this those who are already members of God s family need to have their father wounds healed This book will help those with hearts broken by their earthly fathers to find in their Heavenly Father the love of all loves In Part 1 Mark describes the different ways in which fathers can hurt their children In Part 2 he goes deeper defining the wound as the orphan heart and describing the main symptoms of this condition in peoples lives In Part 3 he shows how Christians can find true healing through experiencing the Spirit of adoption
